Narrator Gladys Cailiff is eleven years old in 1938 when a worldly schoolteacher turns the small town of Threestep, Georgia, upside down. Miss Grace Spivey defies the traditional curriculum and racial boundaries alike, regaling her charges with readings from the *Thousand Nights and a Night* and casting a gifted African American student as "chief engineer" of the town's annual festival, newly reinvented as the Baghdad Bazaar. But her progressive actions are not without consequence and ultimately culminate in a night of death-defying stories that take readers on a magic carpet ride from a schoolroom in the South to the banks of the Tigris (and back again).

What's the big idea? That's a question students are asked all the time in papers, assessments, and standardized writing tests of every sort. Whether summarizing research sources or synopsising the plot of a two-hundred page novel, the ability to cut through extraneous details and describe the major

themes and highlights of a text is key to success in school and in life. Until now, however, summarization has been difficult to teach and learn, but with Summarizing, Paraphrasing, and Retelling, you'll discover a powerful and practical way to teach these vital skills. Summarizing, Paraphrasing, and Retelling is a slim, do-it-all guide that presents everything you need for teaching kids to separate out trivial items in their reading and then identify and communicate the main ideas and crucial details. Emily Kissner breaks summarization down into smaller, more manageable skills—such as paraphrasing, writing synopses, retelling, and restating the main-idea—illustrating what good summarization looks like and how to adjust your teaching to fit your students' needs. She offers not only methods for individual and group instruction, but also handy, reproducible resources, such as assessment checklists, forms for group work, peer-response sheets, and sample passages for students to practice with. Best of all, Kissner's approach is a student-centered alternative to more traditional skill-and-drill preparations. Supported by research and tested in classrooms, Summarizing, Paraphrasing, and Retelling gives you both big ideas for powerful teaching and important particulars to help you plan instruction and analyze your students' progress. What's the big idea behind teaching summarizing? Read Summarizing, Paraphrasing, and Retelling and find out.

Seventh grader Tristan Strong feels anything but strong ever since he failed to save his best friend when they were in a bus accident together. All he has left of Eddie is the journal his friend wrote stories in. Tristan is dreading the month he's going to spend on his grandparents' farm in Alabama, where he's being sent to heal from the tragedy. But on his first night there, a sticky creature shows up in his bedroom and steals Eddie's notebook. Tristan chases after it—is that a doll?—and a tug-of-war ensues between them underneath a Bottle Tree. In a last attempt to wrestle the journal out of the creature's hands, Tristan punches the tree, accidentally ripping open a chasm into the MidPass, a volatile place with a burning sea, haunted bone ships, and iron monsters that are hunting the inhabitants of this world. Tristan finds himself in the middle of a battle that has left black American folk heroes John Henry and Brer Rabbit exhausted. In order to get back home, Tristan and these new allies will need to entice the god Anansi, the Weaver, to come out of hiding and seal the hole in the sky. But bartering with the trickster Anansi always comes at a price. Can Tristan save this world before he loses more of the things he loves?
