Using a Proctor Silex iron is easy, and following a few simple steps can help you remove those unwanted wrinkles.

Use plain tap water to fill the water tank opening to the fill-line. Make sure you don't overfill, because the water will spill and wet the ironing board or the garments

on the ironing board.

Proctor Silex Iron
17291K Review
How do I store the
iron? Store the
iron in the upright
position, never
wrap the cord
around the iron
and empty all
water from the
iron. It is best not
to store the iron in
dust prone areas
such as a laundry
room where dust
can settle in the
opening of the
water reservoir;
dust will
eventually cause
blockage and
prevent the iron
from steaming.
