The soft crash of waves that blissfully block out all other noise, the smell of two-stroke and lawn clippings, the first sip of cold beer, the laboured whir of the ceiling fan, the sound of a bag of ice hitting the pavement, that feeling of salt on skin and even the smell of prawns on bin night. Comedian Tim Ross uses the Australian Summer as a back drop for a new collection of nostalgic short stories.
[I Loved a Rogue](#) Penguin
Traces the life of the Southern novelist and looks at her relationship to a circle of modern writers that included Euroda Welty and Scott Fitzgerald

In the third in Katharine Ashe's Prince Catchers series, the eldest of three very different sisters must fulfill a prophecy to discover their birthright. But if Eleanor is destined to marry

a prince, why can't she resist the scoundrel who seduced her? She can pour tea, manage a household, and sew a modest gown. In short, Eleanor Caulfield is the perfect vicar's daughter. Yet there was a time when she'd risked everything for a black-eyed gypsy who left her brokenhearted. Now he stands before her—dark, virile, and ready to escort her on a journey to find the truth about her heritage. Leaving eleven years ago should have given Taliesin freedom. Instead he's returned to Eleanor, determined to have her all to himself, tempting her with kisses and promising her a passion she's so long denied herself. But if he was infatuated before, he's utterly unprepared for what will happen when Eleanor decides to abandon convention—and truly live . . .

So what is evil? What makes a person a “villain?” Is it intent to harm...or is it something deeper than that? Each one of the thirteen authors in this amazing collection has taken a completely different approach to answering this question. They have gone above and beyond expressing the idea of evil and supervillainy. They get to the bottom of why villains are the way they are, and what they hope to gain from it. These are dangerous women wielding Absolute Power... and they'll be glad to let you know exactly why you should fear them.

If any country was born to holiday, it's Australia.Sun, space, beaches - the desire to hit the road and "get out of town" remains a strong and enduring part of our cultural identity. Many of us remember the summer ritual of packing up the car with half the stuff we owned and heading for our chosen "spot" in often incident-packed road trips.Central to those memorable journeys was the motel. "We'll stay a night in Gundagai," Dad would say, to break up the trip. Discovering the configuration of a new motel was all part of the holiday adventure - did it have a colour TV? The little packs of cereal? A couple of complimentary Arrowroots to go with the free tea and coffee? Bricks on the inside as well as the out?In his new book Motel, Tim Ross captures the heyday of Australia's motels via a

deep trawl through the National Archives, presenting a fascinating slideshow of Australians on holidays between 1950 and 1989.A pictorial love letter to a somewhat bygone era, it captures the accessible glamour and car-friendly convenience of the road-side motel, from Gold Coast 'palaces' to out-of-the-way comfort stops (some with attached restaurant! Dinner: 6.30-8pm).Motel is an affectionate tribute to one of this country's greatest democratic institutions. From Prime Ministers to punters, at some stage we've all had to lay our head down at a welcoming motel as the sun sets on the highway.
[The Nine Master Keys of Management](#) Macmillan Publishers Aus.
No man nor no woman could eat it like Nolan. The way he twirled his tongue, and slurped, sucked and hummed... there was no people or devices that could do what he'd done. He was the highest paid male escort in the game, with the most talent, highest skill level, and the most seductive mentality. His only problem was... He's in love. The lady he wants is in the same profession, and she doesn't want to settle down anytime soon. A sizzling must-read page-turner from National Award Winning Bestselling and extremely decorated author David Weaver. Guaranteed to drop your jaws page by page! Read the sample and see for yourself.
[The Art of Biography](#) Pebble
Ben Brooksby is a fifth-generation farmer from St Helens Plains in western Victoria. When he was younger, he struggled with anxiety and other mental health issues, as do so many others in rural communities. A simple social media post helped him to turn things around. After he shared a photo on Instagram showing himself naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response. Proudly supporting the Royal Flying Doctors Mental Health Service

"The Art of Biography" is a subject on which Mr. W. R. Thayer may justly claim to be heard, since he has proven his mastery of the art by his biographies of Cavour, John Hay, and Theodore Roosevelt. In this delightful little volume, which comprises three lectures which he gave at the University of Virginia, Mr. Thayer does not attempt to formulate rules to guide aspiring biographers to success. But he does trace, in deft lines, the development of the art of biographical writing from that perfect ancient example-The Story of Joseph and His Brothers-down to Morley's three-volume "Gladstone." Mr. Thayer thinks that "the constant direction in the evolution of biography has been from the outward to the inward. At first the chief effort was to describe the external man, the rank or position he filled, and his visible acts. Kings, generals, and other conspicuous persons furnished the usual theme. Gradually, however, writers came to see that a king, in spite of his supreme station, might be very dull and uninteresting; consequently, they fixed their attention on persons who, being intrinsically interesting, did not require the fortuitous spotlight of a proud race or a high station. They came to perceive, also, that the motive behind the deed was the really essential thing to study and to interpret." Three indispensable qualifications, he thinks, the biographer must have. He must have real sympathy with his subject. This sympathy must not degenerate into the unrestrained eulogy of hero-worship, as is too often the case where a great man's life is told by his son or his widow. The biographer must interpret the defects and blunders of his subject in their true relations, neither exaggerating them as Froude did in his "Carlyle," nor explaining them all away, as did a life of

Robert E. Lee. When Mr. Thayer read that life of Lee, he began to doubt the existence of such a paragon; "only when the author stated that General Lee used to take his ease in a rocking-chair, sitting in his stocking feet, did I perceive that he was a real person." In the second place, the biographer must tell the story as nearly as possible as the actors underwent it. "You can never describe a battle, or any other historical event, unless you put in the suspense, the passion, the half-knowledge or complete ignorance, which determined its outcome." Finally, the biographer must work as the portrait painter works with his brush, always aiming to discover and to reveal the salient characteristics which made a real flesh-and-blood personality.-"The Weekly Review," Vol. 3

Using Lady Morgan's The Wild Irish Girl as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's Castle Rackrent through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

The premier reference in obstetrics for more than a century – now even more relevant to today's practice Williams Obstetrics is the most detailed, comprehensive, and rigorously referenced text on the subject. Written by an author team from the world-renowned Parkland Hospital, the hallmarks of this classic are its thoroughness, scientific basis, and practical applicability for the obstetrician at the bedside. This edition of Williams Obstetrics continues to emphasize the scientific-based underpinnings and evidence-based practices of the specialty. This is accomplished by using incorporating more than 3,000 new literature citations and guidelines from the most trusted professional and academic organizations. One of the important features of the twenty-fourth edition is a greater focus on the fetus as a patient and an expanded discussion of fetal diagnosis and therapy. This is complemented by more than 100 new sonographic and MR images of common fetal abnormalities. A new reorganization of the text enables the book to highlight more effectively the myriad disorders that may complicate pregnancy. Williams Obstetrics provides a convenient, clinically relevant text of value to the busy practitioner. The book summarizes important new data that has influenced evidence-based management to improve pregnancy outcomes. Much of this data is conveniently distilled into newly created tables and diagnostic and treatment algorithms. During discussion, numerous sources are cited to provide evidence-based options for patient management. Additionally, nearly 900 images complement the text, many of which are new or enhanced. These include sonograms, MR images, photographs, diagrams, and graphs. This edition of Williams Obstetrics continues to provide clinicians with everything they need to know about the practice of obstetrics with a level of authority and quality of presentation not found in any other resource.
