In 1967, John Eastwood was a junior engineer at Boving and Company, Ltd., a well-established London-based supplier of water turbines for hydroelectric dams. Boving had no interest in pursuing work in the "litigious" U.S. until Eastwood parlayed a simple idea into a massive opportunity. It took curiosity, chutzpah, and overoptimism as to Boving's abilities for Eastwood to partner with a U.S. manufacturer, find a legal advisor, and make other business arrangements, often before checking in with Boving. Along the way, he developed unexpected skills and created an exciting new life.

Inhaltsangabe: Introduction: I have chosen the topic of using pop songs in the EFL classroom because I strongly believe that working with pop songs is a highly motivational device. When I was a student at a lower and upper secondary school, listening to songs in English classes was my favourite activity. I have always wanted to be able to understand the lyrics of songs I listened to. Later, I realized that I have learned a lot from listening to pop songs and analyzing their lyrics. Therefore, in my diploma project, I would like to prove that using pop songs is a highly

motivational device in teaching English with instructional value, and that students enjoy working with pop songs. The theoretical part of this diploma project is based on relevant sources of background literature. In the first two chapters, the use of songs is described with regard to motivation and the Multiple Intelligences Theory. The third and fourth chapter deal with the reasons for using songs and their classification. In the last two chapters of the theoretical part, pedagogical principles of using pop songs in class, as well as the pros and cons of teaching through pop songs are presented. The practical part is based on the findings of three surveys I have conducted in the field of using songs in the EFL classroom. In the first part of the research, I present an analysis of questionnaires which I distributed among English teachers at lower and upper secondary schools and grammar schools. In the second part of the research, I describe students' attitudes to pop song based lessons which I taught during my teaching practice at grammar schools. In the third part of the research, I analyze the types of songs presented in commonly used textbooks at lower and upper secondary schools. In addition, I present a self-developed teaching material containing a list of pop songs suitable for the EFL classroom. In the last part of the practical part, I answer the research questions and provide some implications for my own teaching. Inhaltsverzeichnis: Table of Contents:

For too long we have watched projects fail, despite the millions spent on project management tools, training and certification, and the billions wasted on failed and failing projects. "The underlying causes of so many failures is related to the way that people and groups communicate and collaborate. This is where we stand to make the greatest improvement, because stakeholder management is a topic that is only now getting the attention that it so desperately deserves."

Imagine a class of disenchanting, turned-off teens, mostly males. Then imagine those same students feeling poorly about themselves - feeling they are dumb because they have not been told it takes time to learn a second language. Imagine adults passing through their lives and finally one sticks around to show them they are loved. They are safe. They are good. Just imagine.

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!
