A Project charter, on the other hand, is a formal document based on the SoW which is submitted for authorization. It gives the project manager the authority to spend the project budget in the delivery of the project. Project charter objectives are to address the " why, who, what, when, where, and how" of the project.

A project charter is not just a document; it contains the essential facets of your project. An excellent concise project charter is the one on tips of your team members. The initial stage is the most important as it laid the foundation for a successful project. A charter definition is taken to get everyone on the same board.
