Project Charter - Project Management

A charter is drawn up before the project plan; it details the objectives and goals of the project. It also includes the project background, explaining its purpose and what it needs to accomplish. The charter outlines the scope of the project and states what the deliverables are, tasks the team is responsible for and jobs the team is not expected to perform as well.

A Project charter, on the other hand, is a formal document based on the SoW which is submitted for authorization. It gives the project manager the authority to spend the project budget in the delivery of the project. Project charter objectives are to address the “ why, who, what, when, where, and how ” of the project.
