1. The six phases of project management This chapter provides a sketch of the traditional method of project management. The model that is discussed here forms the basis for all methods of project management. Later chapters go into more depth regarding a model that is particularly appropriate for IT-related projects.

DAILYALEXA.INFO Ebook and Manual Reference

management because training management is considered a type of project management. Before

discussing the meaning of project management, however, it makes sense to define a project first. Here is a popular definition of a project in “ A Guide to the Project Management Body of Knowledge, Third Edition ” (PMBOK, 2004, p.5).
