An invitation to find beauty and meaning in the ordinary and imperfect aspects of your life; not as a call to settle for less, but rather as a way to mysteriously participate in God's power and purpose. Glenn Packiam wants to empower readers to find great joy, purpose, and passion in their daily living. While bread may be one of the most common items on our dinner tables, Jesus chose to take it at the Last Supper and invest deep, wonderful, and transcendent meaning in it. Like the bread that was blessed, broken, and given; readers will see how God uses ordinary experiences to cultivate their mission and their brokenness to bring healing to the world. The ordinary is not the enemy; it is the means by which God accomplishes the miraculous. Through clear biblical teaching and practical steps, Packiam leads the reader into a more purposeful, directed, hopeful future.

Modern worship leaders are restless. They have inherited a model of leadership that equates leading worship with being a rock star. But leading worship is more than a performance, it's about shaping souls and making disciples. Every worship leader is really a pastor. The Worship Pastor is a practical and biblical introduction to this essential pastoral role. Filled with engaging, illustrative stories it is organized to address questions of theory and practice, striving to balance

conversational accessibility with informed instruction. Part One presents a series of evocative "vignettes"--intriguing and descriptive titles and metaphors of who a Worship Pastor is and what he or she does. It shows the Worship Pastor as Church-Lover, Disciple Maker, Corporate Mystic, and Doxological Philosopher. Part Two covers specific roles related to ministry within the worship service itself--the Worship Pastor as Theological Dietician, Caregiver, Mortician, Emotional Shepherd, War General, Prophetic Guardian, Missional Historian, and Liturgical Architect. Part Three looks at ministry beyond the worship service--the Worship Pastor as Visionary Teacher, Evangelist, Artist Chaplain, and Team Leader. While some worship leaders are eager to embrace their pastoral role, many are lost and confused or lack the resources of time or money to figure out what this role looks like. Pastor Zac Hicks gives us a clear guide to leading worship, one that takes the pastoral call seriously.

"I read Phil's book, Rethink Communication, and it's excellent. I picked up several nuggets of wisdom for myself, and highly recommend it to anyone looking for practical ways to improve their communication. It's time to rethink communication and leverage the greatest opportunities we've ever had to communicate in the church. In Rethink Communication, Phil Bowdle walks through the new reality for what attendance, engagement, and attention look like for the church. Then he offers a practical communication playbook you can use to communicate anything in your church-and actually connect. Everybody talks about the worship, but nobody does anything about it. The well-known quote associated with Mark Twain actually goes like this--Everybody talks about the weather ... But changing it to "worship" seems appropriate. With Worship Essentials, Dove Award-winning worship leader Mike Harland helps leaders do something about it. Perhaps no subject about church generates more opinion and passion than worship. Walk with the typical church-going family on their way to the car after the service and just listen. Everybody really does talk about worship. Now, veteran worship leader and experienced ministry coach Mike Harland offers the tools worship leaders need to build biblically-faithful and effective worship ministries without bringing the disruption that often accompanies change. Psalm 67:5 reads, "Let the peoples praise you, God, let all the peoples praise you." Worship Essentials is here to help.

Will God allow me to divorce my abusive husband? Would it be a sin if I remarried? Divorce and remarriage are major pastoral issues facing every church. Yet when we turn to Scripture for guidance, we often hear conflicting messages about its teachings. David Instone-Brewer shows how, when properly understood, the New Testament provides faithful, realistic and wise guidance of crucial importance and practical help for the church today.

Bringing together empirical cultural and media studies of religion and critical social theory, Technologies of Religion: Spheres of the sacred in a post-secular modernity investigates powerful entanglement of religion and new media technologies taking place today, taking stock of the repercussions of digital technology and culture on various aspects of religious life and contemporary culture more broadly. Making the argument that religion and new media technologies come together to create "spheres"--environments produced by an architecture of digital technologies of all sorts, from projection screens to social networking sites, the book suggests that prior social scientific conceptions of religious worship, participation, community and membership are being recast. Using the case of the strain of American Christianity called "multi-site," an emergent and growing church-model that has begun to win favor largely among Protestants in the last decade, the book details and examines the way in which this new mode of religiosity bridges the realms of the technological and the physical. Lastly, the book situates and

contextualizes these developments within the larger theoretical concerns regarding the place of religion in contemporary capitalism. Technologies of Religion: Spheres of the sacred in a post-secular modernity offers an important contribution to the study of religion, media, technology and culture in a post-secular world.

At the end of the day, live streaming is a storytelling tool helping organizations reach those who may need guidance, education, or simply a nudge in the right direction. Social media has become a medium for empowering individuals to like and share the things they believe in. We live in a world that is more connected than ever before. Understanding that everyone on earth is connected in some way, within six degrees

of separation, will be an important stepping stone in our thinking about social media. Your church now has the power to reach people in large connected networks which include groups of family members and friends. These are the people that are most important and most influential in lives of your church’s current members and their extended online network. One of the main reasons why western religion has succeeded so greatly to this day is because it has always taken advantage of emerging technologies... The medium isn’t the message; it’s the medium that you use to communicate the message. In the 1500s, we saw the printing press emerge, and bibles were being printed for the first time in history. We saw an explosion of what was being made available in written form, with new translations that were suddenly available all over the world... Over the past one hundred years, we have churches moving on to the radio with the early evangelical churches that have now moved into TV and televangelism... and now today we are moving into a new form of communication, where you can distribute your message on digital platforms using social media. The churches that are the most successful and most resonate with people are the ones delivering their message in the places that people are listening. Those who are producing content in a form that is consumable and makes sense in the day and age that we live in, we be to prosper from the fruits of new communication pathways.

Feeling overwhelmed and unproductive? The answer isn’t to do more. What image forms in your mind when you think of productivity? An assembly line? Spreadsheets? Business suits or workplace uniforms? In the ancient world, productivity didn’t conjure images like these. Instead, it referred to crop yield and fruit bearing. This agrarian imagery helps us understand productivity through a biblical lens. Jesus taught, By this my Father is glorified, that you bear much fruit (John 15:8). Who doesn’t want to have a truly productive life—to bear much fruit? But how does this happen in the places we hold dear—the home, workplace, and in our communities? We often feel overworked and overrun, defeated and discouraged. The world says be productive so that you can get all you can out of this life. The Bible says be productive so you can gain more of the next life. In Redeeming Productivity, author Reagan Rose explores how God’s glory is the purpose for which He planted us. And he shows how productivity must be firmly rooted in the gospel. Only through our connection to Christ—the True Vine—are we empowered to produce good fruit. This book shows how we can maintain the vitality of that connection through simple, life-giving disciplines. Readers will discover manageable applications like giving God the first fruits of our days. Additionally, Reagan discusses how our perspective on suffering is transformed as we see trials as God’s pruning for greater productivity.
