What if everything you knew to be the truth was a lie? Every memory you have now shrouded in doubt of its validity. Willow Morganti didn't think twice before jumping behind the wheel of her guardian's classic convertible, allowing the

thrill of the open road to take her away from her humdrum life. She never dreamed her sense of adventure would guide her into the middle of a battlefield on the streets of New Orleans, leaving her stranded in the one place she was warned never to venture. What happens when superstition becomes a reality, allowing all the things that go bump in the night, to come after her?

‘ Eric Liddell deserves a definitive biography. This is it. ’ Sunday Times, Books of the Year Faster. Higher. Stronger. No one has embodied the ideals of the Olympic movement quite like Eric Liddell, star of the Oscar-winning film Chariots of Fire. After refusing to compete on religious principle in the event in which he was

favourite, the 100 metres, at the 1924 Games in Paris, Liddell won an astonishing gold medal in the 400 metres. But instead of pursuing a path of global fame and fortune, he chose to follow his calling as a missionary in the country of his birth, China, a land which then fell under the iron grip of a brutal Japanese army. Liddell became the inspirational leader of the work camp in which he, like many thousands, was interned, and For the Glory is the full story of his life, of his family, of his fellow prisoners and the terrible hardships and atrocities they experienced in the Far East. This is the tale of a sporting icon, a man of honour and principle who paid the ultimate sacrifice while becoming the moral

centre of an otherwise unbearable world.

"Lucky" Luccetti wasn't just a sexy, brooding construction worker. He was my own personal hero who seemed to be in all the right places at the right times. Like when my car broke down and I needed a ride home, and when I face planted on the sidewalk right in front of him and had to be taken to the emergency room. Those weren't exactly my best moments, but they were his. We became friends, and it didn't matter that he was sixteen years older than me. We had a lot in common-like our love of old rock music and vintage fast cars, and our aversion to relationships. When he approached me with a crazy idea to help me out, I couldn't say no. The arrangement was supposed to be temporary. A marriage on paper

and nothing else. It should've been easy, but it wasn't. Because here I am, eighteen years-old, still in high school, and married to a man I was never supposed to fall in love with. We had just one rule—no kissing the bride. But we broke that rule, and it sealed our fate forever.

Fifty years have passed since the Normandy landing that began the liberation of France from Nazi occupation. This touching eyewitness account, told from the perspective of a twelve-year-old girl, has all the force and beauty of Anne Frank's *Diary of a Young Girl*. As the first wave of Allied paratroopers landed behind the lines in Normandy on the night of June 5, 1944, many fell into the flooded marshlands on either

side of the railway line that ran between Paris and Cherbourg—virtually in the Duboscq family's backyard. Throughout that historic night, Geneviève and her father, a hard-drinking peasant named Papa Maurice, saved numerous Americans from drowning and gave them refuge while they regrouped for what was to become one of the most heroic battles of World War II. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes

biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise

find a home.

What do Mae West, John F. Kennedy, Victor Hugo, and H. L. Mencken have in common? They all indulged in chiasmus—a literary device in which word order is reversed to hilarious or poignant effect. When Mae West said, "It's

not the men in my life, it's the life in my men," she was using chiasmus; when John F. Kennedy said, "Ask not what your country can do for you, ask what you can do for your country," he was doing the same. Dr. Mardy Grothe has compiled hundreds of examples of chiasmus in this whimsically illustrated collection, bringing this witty and thought-provoking device out of obscurity and into the public imagination.
