Psp Engine Test Stand - giantword winder.com PSPMFG Engine Test Stands will accept a very wide range of engines, from the small .10 size, to the Super-Tigre 4500, AND with the optional Back Mount Adaptor the GIGANTIC twin 150cc gas burner. Included is a deluxe cushion grip handled balldriver that fits all bolts, smooth operating throttle lever control with cable

& throttle arm connector, and fastening hardware. The only engine stand designed with one wrench adjustments. How to break in your RC Engine. - PSPMFG Take it for a test run on one of our Summit® engine run stands! These heavy-duty engine stands allow for a place to bolt a motor, then fire it up and run it for break-in, tuning, and to find and fix any problems, like leaks, before doing the final motor installation. The engine run stands are made from sturdy steel construction with a powdercoat finish for lasting

service.
