NOTE: This loose-leaf, three-hole punched version of the textbook gives students the flexibility to take only what they need to class and add their own notes -- all at an affordable price. For courses in Introductory Psychology The most learner-centered and assessment-driven text available Throughout Psychology , Sandra Ciccarelli and J. Noland White employ a learner-centered, assessment-driven approach that maximizes student engagement, and helps educators keep students on track. The authors draw readers into the discipline by showing how psychology relates to students' own lives. Clear learning objectives, based on the recommended APA undergraduate learning outcomes, guide learners through the material. And assessment tied to these learning objectives lets students check their understanding, while allowing instructors to monitor class progress and intervene when necessary to bolster student performance. Psychology, 6th Edition is also available via Revel(tm), an interactive digital learning environment that replaces the print textbook, enabling students to read, practice, and study in one continuous experience.
