Replacing Vapor Purge valve (full description) - YouTube
There are two different locations that the purge valve was located at, depending on the vehicle type. The first location would be on the engine intake next to the throttle body on the left side when viewing the engine from the front of the vehicle. The other location is behind the fuel tank under the vehicle next to the charcoal canister.
COLORADO CANISTER PURGE VALVE SOLENOID - YouTube
2006 GMC Envoy vapor canister purge solenoid, where is it located? It is a 2-WD, SLE, with the in line 6. The vapor canister purge solenoid is on the left side of the motor about in the middle just bellow the intake manifold.It might be hard to see from above the engine.You might be able to get a better look from behind the drivers side front wheel.Hope this helps.Good luck.

2006 Mercedes E350 Purge Valve Location
Hummer Master. 11,573 Answers. Re: Where is purge valve located on 2006 h 3 hummer. Tony, On the 3.5/.3.7 I believe to access the purge valve on your H3, you will have to remove front drivers side tire, look at engine through wheel well opening, you will see it there, bolted to engine, it will have a small hose and one electrical plug.
