The New York Times – bestselling author ’ s historical saga of a family of healers—from Dark Ages London to Civil War America to modern-day Boston. In The Physician, an orphan in eleventh-century London, Robert Cole, becomes a fast-talking swindler. As he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools, but by claiming he is a Jew, he studies under the world ’ s most renowned physician, Avicenna. Cole ’ s journey and love for a woman who must struggle against her only rival—medicine—make The Physician a riveting modern classic. In Shaman, Dr. Robert Judson Cole, nineteenth-century descendent of the first Robert Cole, travels from his ravaged Scottish homeland, through the operating rooms of antebellum Boston, to the cabins of frontier Illinois. In the wilderness he befriends the starving remnants of the Sauk tribe, who have fled their reservation. In the process, he absorbs their culture and learns native remedies that enrich his classical medical education. He marries a remarkable settler woman he had saved from illness. The Cole family is drawn into the bloody vortex of the Civil War, and their determination to survive in the midst of wilderness and violence will stay with the reader long after the final page. In Matters of Choice, Roberta Jeanne d ’ Arc Cole is the latest first-born descendant of Dr. Robert Cole. Favored to be named associate chief of medicine at a Boston hospital, she is married to a surgeon and owns a trophy residence in Cambridge as well as a summer house. But everything melts away. Her gender and her work at an abortion clinic cost her the hospital appointment. Her marriage fails. Crushed, she goes to her farmhouse in western Massachusetts, thinking to sell it, and finds an unexpected life. How she continues to fight for every woman ’ s right to choose, while acknowledging her own ticking clock and maternal yearning, makes this prize-winning third story of the Cole trilogy relevant and unforgettable.

The Case of Comrade Tulayev Verso Books
A collection of 10 “striking” short stories on the dangers of climate change—featuring works by Margaret Atwood, David Mitchell, Kim Stanley Robinson, and an introduction by Bill McKibben (The Boston Globe). The size and severity of the global climate crisis is such that even the most committed environmentalists are liable to live in a state of denial. The award-winning writers collected here have made it their task to shake off this nagging disbelief, bringing the incomprehensible within our grasp and shaping an emotional response to the deterioration of our global habitat. From T. C. Boyle’s account of early eco-activists, to Nathaniel Rich’s vision of a near future where oil sells for \$800 a barrel—these ten provocative, occasionally chilling, sometimes satirical stories bring a human reality to disasters of inhuman proportions. Royalties from I’m With the Bears will go to 350.org, an international grassroots movement working to reduce the amount of carbon dioxide in the atmosphere.

What We are Made of Aspect
The Moontide is coming. Urte stands on the brink of war. Now three seemingly ordinary people will decide the fate of the world. Urte is divided, its two continents separated by impassable seas. But once every twelve years, the Moontide sees the waters sink to their lowest point and the Leviathan Bridge is revealed, linking east to west for twenty-four short months. The Rondian emperor, overlord of the west, is hell-bent on ruling both continents, and for the last two Moontides he has led armies of battle-magi across the bridge on crusades of conquest, pillaging his way across Antiopa. But the people of the east have been preparing--and, this time, they are ready for a fight. An epic fantasy, rich in intricate plots, intrigue and treachery. Vast forces collide and ordinary people make heart-rending choices that will shake the world.

No, Anti-Book is not a book about books. Not exactly. And yet it is a must for anyone interested in the future of the book. Presenting what he terms “ a communism of textual matter,” Nicholas Thoburn explores the encounter between political thought and experimental writing and publishing, shifting the politics of text from an exclusive concern with content and meaning to the media forms and social relations by which text is produced and consumed. Taking a “ post-

digital ” approach in considering a wide array of textual media forms, Thoburn invites us to challenge the commodity form of books—to stop imagining books as transcendent intellectual, moral, and aesthetic goods unsullied by commerce. His critique is, instead, one immersed in the many materialities of text. Anti-Book engages with an array of writing and publishing projects, including Antonin Artaud ’ s paper gris-gris, Valerie Solanas ’ s SCUM Manifesto, Guy Debord ’ s sandpaper-bound M é moires, the collective novelist Wu Ming, and the digital/print hybrid of Mute magazine. Empirically grounded, it is also a major achievement in expressing a political philosophy of writing and publishing, where the materiality of text is interlaced with conceptual production. Each chapter investigates a different form of textual media in concert with a particular concept: the small-press pamphlet as “ communist object,” the magazine as “ diagrammatic publishing,” political books in the modes of “ root ” and “ rhizome,” the “ multiple single ” of anonymous authorship, myth as “ unidentified narrative object.” An absorbingly written contribution to contemporary media theory in all its manifestations, Anti-Book will enrich current debates about radical publishing, artists ’ books and other new genre and media forms in alternative media, art publishing, media studies, cultural studies, critical theory, and social and political theory.

The fight for equality begins in the streets. The history of inequality is a long and terrible one. And it ’ s not over yet. Short, sharp and devastating, The War of the Poor tells the story of a brutal episode from history, not as well known as tales of other popular uprisings, but one that deserves to be told. Sixteenth-century Europe: the Protestant Reformation takes on the powerful and the privileged. Peasants, the poor living in towns, who are still being promised that equality will be granted to them in heaven, begin to ask themselves: and why not equality now, here on earth? There follows a violent struggle. Out of this chaos steps Thomas M ü ntzer: a complex and controversial figure, who sided with neither Martin Luther, nor the Roman Catholic Church. M ü ntzer addressed the poor directly, encouraging them to ask why a God who apparently loved the poor seemed to be on the side of the rich. É ric Vuillard tells the story of one man whose terrible and novelesque life casts light on the times in which he lived – a moment when Europe was in flux. As in his blistering look at the build-up to World War II, The Order of the Day, Vuillard here once again takes us behind the scenes at a moment when history was being written.

Improper Names offers a genealogy and theory of the “ improper name,” which author Marco Deseriis defines as the adoption of the same pseudonym by organized collectives, affinity groups, and individual authors. Although such names are often invented to pursue a specific social or political agenda, they are soon appropriated for different and sometimes diverging purposes. This book examines the tension arising from struggles for control of a pseudonym ’ s symbolic power. Deseriis provides five fascinating and widely varying case studies. Ned Ludd was the legendary and eponymous leader of the English Luddites, textile workers who threatened the destruction of industrial machinery and then advanced a variety of economic and political demands. Alan Smithee—an alias coined by Hollywood film directors in 1969 in order to disown films that were recut by producers—became a contested signature and was therefore no longer effective to signal prevarication to Hollywood insiders. Monty Cantsin was an “ open pop star ” created by U.S. and Canadian artists in the late 1970s to critique bourgeois notions of authorship, but its communal character was compromised by excessive identification with individual users of the name. The Italian media activists calling themselves Luther Blissett, aware of the Cantsin experience,

implemented measures to prevent individuals from assuming the alias, which was used to author media pranks, sell apocryphal manuscripts to publishers, fabricate artists and artworks, and author best-selling novels. The longest chapter here is devoted to the contemporary “ hacktivist ” group known as Anonymous, which protests censorship and restricted access to information and information technologies. After delving into a rich philosophical debate on community among those who have nothing in common, the book concludes with a reflection on how the politics of improper names affects present-day anticapitalist social movements such as Occupy and 15-M.

“ No revolution however drastic has ever involved a total repudiation of what came before it.” The religious reformations of the sixteenth century were the crucible of modern Western civilization, profoundly reshaping the identity of Europe ’ s emerging nation-states. In The Reformation, one of the preeminent historians of the period, Patrick Collinson, offers a concise yet thorough overview of the drastic ecumenical revolution of the late medieval and Renaissance eras. In looking at the sum effect of such disparate elements as the humanist philosophy of Desiderius Erasmus and the impact on civilization of movable-type printing and “ vulgate ” scriptures, or in defining the differences between the evangelical (Lutheran) and reformed (Calvinist) churches, Collinson makes clear how the battles for mens ’ lives were often hatched in the battles for mens ’ souls. Collinson also examines the interplay of spiritual and temporal matters in the spread of religious reform to all corners of Europe, and at how the Catholic Counter-Reformation used both coercion and institutional reform to retain its ecclesiastical control of Christendom. Powerful and remarkably well written, The Reformation is possibly the finest available introduction to this hugely important chapter in religious and political history.

“ One part The Da Vinci Code, one part The Name of the Rose and one part A Separate Peace . . . a smart, swift, multitextured tale that both entertains and informs.” —San Francisco Chronicle **NEW YORK TIMES BESTSELLER** Princeton. Good Friday, 1999. On the eve of graduation, two friends are a hairsbreadth from solving the mysteries of the Hypnerotomachia Poliphili, a Renaissance text that has baffled scholars for centuries. Famous for its hypnotic power over those who study it, the five-hundred-year-old Hypnerotomachia may finally reveal its secrets—to Tom Sullivan, whose father was obsessed with the book, and Paul Harris, whose future depends on it. As the deadline looms, research has stalled—until a vital clue is unearthed: a long-lost diary that may prove to be the key to deciphering the ancient text. But when a longtime student of the book is murdered just hours later, a chilling cycle of deaths and revelations begins—one that will force Tom and Paul into a fiery drama, spun from a book whose power and meaning have long been misunderstood. **BONUS:** This edition includes an excerpt from Dustin Thomason's 12.21. “ Profoundly erudite . . . the ultimate puzzle-book.” —The New York Times **Book Review**

With this wildly inventive and funny novel, Percival Everett has created his unlikeliest hero to date. Mute by choice but able to read complex philosophical treatises and ponder the worth (not much) of Derrida and Barthes, baby Ralph is considered mentally 'challenged' by his father. On discovery of his unusual talents, however, there is soon a whole host of people eager for a stake in this child prodigy. Among the most fiendish are Dr Steimell, the psychiatrist; Dr Davis and her illegal chimps; and Nana, the secret agent. All have plans for baby Ralph who misses his mother terribly and doesn't warm to his role as 'Defence Stealth Operative 1369'. As the pursuit of Ralph across

America gathers pace we are treated to intellectual conundrums and words of wisdom that perhaps only a baby could dream up.

A trio of unforgettable stories from the superstitious Italian province of Campania In Campania fizzy drinks are delivered by cart, old women sell gold to a furtive clientele, and the tobacconist ’ s daughter is a prize beyond imagining. In the first tale, “ I am Super Legend,” a local team of beer-swilling, smoking, perennial losers is dragged toward the dubiously prestigious championship by the coach ’ s son, who becomes cursed by his nickname, Super Legend. In “ Look at Me,” a motherless boy tries to help his father ’ s best friend, the mute Cesare, who has fallen in love with their housekeeper Silvia. And in “ The Child Comes Home,” a young boy disappears, and his mother – after losing everything and being forced to take up her grandmother ’ s questionably legal profession – is consoled by her bickering sisters-in-law and her undying wish to hear her son ’ s knock on the front door... A sublime mixture of humour and pathos, and brimming with colourful characters, I Stole the Rain is a delightful collection from one of Italy ’ s pre-eminent storytellers. Elisa Ruotolo is a Classics teacher who has published several short stories. I Stole the Rain is her first collection. ‘ Armed with a frightening mastery over the complicated landscape of human emotions and an ability to stunning portray them with crisp, concise prose, Ruotolo has managed to pull off a near impossible balancing act. She ’ s created a set of fictional pieces so believable that they breathe on their own, and so inspired by life that word by word they force the reader to experience every glorious moment of their existence. ’

Typographical Era ‘ By the end of the book one feels as if a lifetime in stories has passed by in the blink of an eye. The prose is sharp, witty, and transcendent, and the characters remain long after the stories have been read and reread. ’

In Scarlet Tides David Hair continues his stunning fantasy epic set in the masterfully crafted world of Urte. With the Leviathan Bridge now uncovered from the sea, it re-opens the East to the Rondian legions and the Third Crusade ensues in the name of Emperor Constant. The Rondians are determined to succeed in their latest Crusade and have recruited the strongest and most lethal magi of the Church's Inquisition to lead the way--and to leave nothing but blood and ruins in their wake. While most of the Rondians have their sights set on gold, one fraction of the Inquisition is set on finding a more important treasure--the Scytale of Corneus. As the source of all magical power, the Scytale is a sure game-changer, and it is imperative that the power-hungry and ruthless Rondians to keep it out of the hands of their enemies if they wish to maintain their growing empire. Yet, as the Inquisition marches forward, conspiracy to overthrow the new emperor lurks in the shadows in both the East and West. With the unlikely heroes of Alaron, a failed mage; Ramita, a lowly market maid; and Cymbellea, the daughter of a gypsy set on ending a world of war, Scarlet Tides is an impressive world-building feat that proves that sometimes even weapons and magic cannot overcome the power of love and loyalty.

Originally published in 1987, two years before the Tiananmen Square protests, Zhang Wei's award-winning novel is the story of three generations of the Sui, Zhao, and Li families living in the fictional northern town of Wali during China's troubled postliberation years. Spanning four decades following the creation of the People's Republic in 1949, The Ancient Ship is a bold examination of a society in turmoil, the struggle of oppressed people to control their own fate, and the clash between tradition and modernization. In the course of the narrative, the townspeople of Wali face the moments that have defined China's history during the latter

part of the twentieth century: the land reform programs, the famine of 1959-1961, the Great Leap Forward, the Anti-Rightist Campaign, and the Cultural Revolution. Translated into English for the very first time, The Ancient Ship is a revolutionary work of Chinese fiction that speaks to people across the globe.

Set in the Pacific Northwest in the jittery, jacked-up early 90s, from one of America's most thrillingly defiant contemporary storytellers, Shelter in Place is a stylish literary novel about the hereditary nature of mental illness, the fleeting intensity of youth, the obligations of family, and the consequences of all-consuming love. Joseph March, a twenty-one-year-old working class kid from Seattle, is on top of the world. He has just graduated college, his future beckons, unencumbered. Joe's life implodes when he starts to suffer the symptoms of severe bipolar disorder, and, shortly after, his mother kills a man she's never met with a hammer. Joe moves to White Pine, Oregon, where his mother is in jail and his father has set up house to be near her. He is joined by Tess Wolff, a fiercely independent woman with whom he has fallen passionately in love. The lives of Joe, Tess, and Joe's father fall into the slow rhythm of daily prison visits and beer and pizza at a local bar. Meanwhile, Anne-Marie March, Joe's mother, is gradually becoming a local heroine as many begin to see her crime as a furious, exasperated act of righteous rebellion. Tess, too, has fallen under her spell. Spurred on by Anne-Marie's example, Tess enlists Joe in a secret, violent plan that will forever change their lives.
