Qf32 Richard De Crespigny

Book Review: "QF32" by Capt. Richard de Crespigny On last Thursday, the Australian Transport Safety Bureau (ATSB) released the final report from its investigation into the causes and consequences of the uncontained catastrophic failure of a Rolls-Royce Trent 900 engine that occurred 4 November 2010.

QF32 by Richard de Crespigny, Mark Abernethy ...

In the very early stages of the Singapore/Sydney leg of flight QF32, one of the aircraft's four engines exploded. The damage to the aircraft was extensive. On top of ensuring that its 440 passengers remained calm during the ordeal, Richard de Crespigny had a mammoth task on the flight deck to keep the aircraft in the air and then get it back on the ground.
