"A battle manual for every Christian." --Sinclair B. Ferguson The Christian life is a battle. We are in a daily struggle against the world, sin, and Satan. But God didn't leave us to fend for ourselves. He gave us his own armor--armor that Jesus has already worn on our behalf all the way to the cross. The same power that raised Christ from the dead is now at work inside of us. This book unpacks each of the pieces of spiritual armor Paul describes in Ephesians 6, inviting us to take up the armor each day, all while resting in the finished victory of Christ and the assurance that our strength for the battle comes from him.

?Growing up, I knew two things to be true: My dad was a drunk. Being an Indian was complicated. When I joined the Navy, these two ideas were cemented when my fellow sailors, after finding out that I was an American Indian, would ask me if I drank a lot or if I still lived in a TeePee. They were asking questions because that's what they knew and I couldn't blame them. I could only answer "no" to both. These questions, posed by my curious new friends, made me wish that I knew more about my background, about me. Dad tried to teach us the language, the culture, what it meant to be Ojibwe. But no one wants to learn from a drunken Indian, least of all, me. Then, in the winter of 1980, my dad nearly died. When he awoke, everything changed. This is his story.

Warrior Spirit Rising is the inspiring true account of Gene Goodsky, as told through the eyes of his oldest daughter, Dianna. Gene was raised in the North Woods of Minnesota, on the tribal lands of the Bois Forte Band of Chippewa. Surviving years of cultural genocide, racism, and the Vietnam War left him broken--battling severe PTSD and alcohol abuse. In this stunning tale of Native American perseverance, Good Sky unravels the history of her father, her family, and her people, and the near-death experience that would change their lives forever. With both wit and honesty, she explores the devastating loss of heritage that has impacted generations of Native Americans, and how the powerful choice to forgive can leave a legacy.

The inspirational teachings in this collection show that the real way of the warrior is based on compassion, wisdom, fearlessness, and love of nature. The teachings are drawn from the talks and writings of Morihei Ueshiba, founder of the popular Japanese martial art of Aikido, a mind-body discipline he called the "Art of Peace," which offers a nonviolent way to victory in the face of conflict. Ueshiba believed that Aikido principles could be applied to all the challenges we face in life--in personal and business relationships, and in our interactions with society. This is an expanded version of the original miniature edition that appeared in the Shambhala Pocket Classics series. It features a new introduction by John Stevens, recently translated doka, didactic "poems of the Way," and Ueshiba's own calligraphy.

The book *Discovering Your Passion: The Path of the Spiritual Warrior* is a result of a research grant Officer received as a professor at the U.S. Naval Academy in 1997. The research grant looked into the meaning of the modern day warrior ethos. The book has been a work in progress over the past thirteen years. Officer has found that we have both a warrior and a spiritual side to our minds rather than logical and creative. The warrior side is interested in the bottom line, is quick to judge, and has a certain toughness. The spiritual side is focused on the process, forgiveness, and exudes calmness. The fusion of these two sides is called *The Path of the Spiritual Warrior*. One without the other leaves a gap in the character of the person. In the past men have gravitated towards the warrior perspective while women focused on the spiritual side. It is important in todays day in age for both men and women to synchronize these two concepts together in order to be whole. There are fifteen concepts which make up both sides of the spiritual warrior perspective including passion, goals, fear, calm, honest, effort, determination, It will be done attitude, belief, competitive, courage, responsible, serve, awareness, and ethics. Each of these are crucial to true peace of mind. This book offers readers with a plan including an enclosed workbook of how to achieve this path. The process shows the person how to reach their full potential in a simple yet insightful way. Seminars: John Officer is available for seminars. Contact: 443-370-9639

WARS CHANGE, WARRIORS DON'T We are all warriors. Each of us struggles every day to define and defend our sense of purpose and integrity, to justify our existence on the planet and to understand, if only within our own hearts, who we are and what we believe in. Do we fight by a code? If so, what is it? What is the Warrior Ethos? Where did it come from? What form does it take today? How do we (and how can we) use it and be true to it in our internal and external lives? The Warrior Ethos is intended not only for men and women in uniform, but artists, entrepreneurs and other warriors in other walks of life. The book examines the evolution of the warrior code of honor and "mental toughness." It goes back to the ancient Spartans and Athenians, to Caesar's Romans, Alexander's Macedonians and the Persians of Cyrus the Great (not excluding the Garden of Eden and the primitive hunting band). Sources include Herodotus, Thucydides, Plutarch, Xenophon, Vegetius, Arrian and Curtius--and on down to Gen. George Patton, Field Marshal Erwin Rommel, and Israeli Minister of Defense, Moshe Dayan.

Many of us, without even realizing it, are dominated by fear. We might be aware of some of our fears--perhaps we are afraid of public speaking, of financial hardship, or of losing a loved one. Ch 6 gyam Trungpa shows us that most of us suffer from a far more pervasive fearfulness: fear of ourselves. We feel ashamed and embarrassed to look at our feelings or acknowledge our styles of thinking and acting; we don ' t want to face the reality of our moment-to-moment experience. It is this fear that keeps us trapped in cycles of suffering, despair, and distress. Ch 6 gyam Trungpa offers us a vision of moving beyond fear to discover the innate bravery, trust, and delight in life that lies at the core of our being. Drawing on the Shambhala Buddhist teachings, he explains how we can each become a spiritual warrior: a person who faces each moment of life with openness and fearlessness. "The ultimate definition of bravery is not being afraid of who you are," writes Ch 6 gyam Trungpa. In this book he offers the insights and strategies to claim victory over fear.

The Four-Fold Way Chosen Books

On the twenty-fifth anniversary of the publication of her classic Leadership and the New Science, bestselling author Margaret Wheatley once again turns to the new science of living systems to help leaders persevere in a time of great turmoil. I know it is possible for leaders to use their power and influence, their insight and compassion, to lead people back to an understanding of who we are as human beings, to create the conditions for our basic human qualities of generosity, contribution, community and love to be evoked no matter what. I know it is possible to experience grace and joy in the midst of tragedy and loss. I know it is possible to create islands of sanity in the midst of wildly disruptive seas. I know it is possible because I have worked with leaders over many years in places that knew chaos and breakdown long before this moment. And I have studied enough history to know that such leaders always arise when they are most needed. Now it's our turn.
