In January 2000, shortly after the New York Jets ended their '99 season, their coach, Bill Parcells, retired. By then he had won 149 games, lost 106, tied one, led three major pro football teams out of serious slumps, and taken two of them to the Super Bowl. He had made football history; he'd become the NFL's miracle man. Both intimidating and disarming, with a tongue like a whip and the temperament of a tyrant, Bill Parcells joined the failing New York Giants in 1983. By 1990 he'd twice taken the team to the Super Bowl. Three years later he took in tow the downtrodden New England Patriots, whom he propelled to the Super Bowl in his fourth season. He returned to New York in 1997, this time to rally the Jets. In two seasons the team with a

lamentable 1 – 15 record had won a division title and missed the Super Bowl by only a game. In 1999, beleaguered by injuries to key players, the Jets nose-dived, losing six of its first seven games, but Parcells still managed to salvage the season with an 8 – 8 finish. While this biography candidly assesses the career of a consummate coach, it also examines the driving force that took hold of Parcells early and never let him go. Call it ambition, a dream, bulldog spirit, or perfectionism, it made him one of the winningest coaches in NFL history.

Echoes of Texas Football Da Capo Press

It was fitting that Alabama and Clemson put on one of college’s football’s greatest ever

championship games on a magical January night in Glendale, Arizona, with a dazzling display of athleticism, power and heart. When it was done, the Crimson Tide emerged with a jaw-dropping 45-40 victory and secured an almost unprecedented fourth national college football title in seven years. Only Notre Dame, which topped the Associated Press college football polls four times in seven seasons during the 1940s, has come close to the same feat. But that was in an era when the Irish didn't play in bowl games, college teams had shorter schedules, and there were no scholarship limits. Even the powerhouses of Miami in the 1980s, Nebraska in the 1990s, and Southern Cal in the early-to-mid 2000s, never won as many championships in as short a period of time. More astonishing, Nick Saban, who will enter his 10th season at Alabama this fall, is now being seriously compared to the most legendary

coach in college football history, Paul “ Bear ” Bryant, who won six national championships with the Crimson Tide. Those titles, however, were spread over Bryant's 25-year tenure at Alabama. As great as Bryant was, Saban has now emerged out of his shadow and into a vaunted spot in college football history. Saban's latest team, the 2015 edition, will be remembered for a dominating front seven on defense, a remarkable resurgence after a turnover-filled early season loss, and a running back—Derrick Henry—who shattered the Southeastern Conference's 35-year-old single-season rushing record held by Herschel Walker. In the process, Henry became Alabama's second-ever Heisman Trophy winner, and finished with 2,219 rushing yards and 28 touchdowns—SEC records not likely to be broken anytime soon. Back on Top! takes an in-depth look back at the Crimson Tide's

challenging 2015 season, beginning with the first game against Wisconsin on a neutral field in Dallas, and ending with the College Football Playoff 's national championship game in the Arizona desert. It will also pitch forward to examine what Alabama fans can expect during Nick Saban 's 10th season in Tuscaloosa as the Crimson Tide reloads for another championship run. Under Pressure Sasquatch Books

In Under Pressure, Ray Lucas provides fans with a timely, uncensored look at pro football's play-at-all-costs culture. Overcoming questions about his

size and skills as a quarterback, Lucas persevered and went on to play seven seasons in the NFL. His professional football career, however, came to a sudden end at age 30, when a neck injury caused him to collapse on the sideline during training camp. Instructed by NFL doctors that surgery wasn't an option, Lucas turned to painkillers for relief, but as his tolerance for medication escalated and his NFL insurance coverage expired, he began to plan his suicide. Just days before he planned to take his life, Lucas was put in touch with a group of doctors who agreed to perform neck surgery free of charge. In this tell-all, Lucas shares how—in a league without guaranteed contracts and careers that average just a few seasons long—players in the training room are perceived to lack the toughness necessary to succeed on the field. He discusses how this prevailing attitude leads to widespread abuse of painkillers and leaves many former players unable to lead a normal life once their playing career ends while also sharing details on how he overcame his drug addiction and turned his own life around.
