In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England's medieval queens to life. The lives of England's medieval queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission. Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from the Norman conquest in 1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common mother of all England”; and Empress Maud, England's first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable contemporary sources, Weir

skillfully strips away centuries of romantic lore to share a balanced and authentic take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* “Best-selling author [Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England's medieval queens. . . . Weir's research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work.”—*Library Journal* (starred review) “Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research.”—*Kirkus Reviews*

Wife and mother. Teacher and musician. Marathoner and rock climber. At 66, Dierdre Wolownick-Honnold became the oldest woman to climb El Capitan in Yosemite--and in *The Sharp End of Life: A Mother's Story*, she shares her intimate journey, revealing how her climbing achievement reflects a broader story of courage and persistence. Dierdre grew up under the watchful eyes of a domineering mother and realized early on that her parents' plans for her future weren't what she wanted for herself. Later, what seemed like a storybook romance brought

escape, with new experiences and eye-opening travel, but she quickly discovered that her husband was not the happy-go-lucky man he had first appeared. Adapting as best she could, Dierdre juggled work and raising two young children, encouraging them to be fearlessly confident. She noted with delight how her "little lady" Stasia took it upon herself to look out for her baby brother, and watched in amazement as Alex (Honnold of "Free Solo" fame) started climbing practically before he could crawl. After years of struggle in her marriage and her ultimate divorce, Dierdre found inspiration in her now-adult children's passions, as well as new depths within herself. At Stasia's urging, she took up running at age 54 and soon completed several marathons. Then at age 58, Alex led her on her first rock climbs. A world of friendship and support suddenly opened up to her within the climbing "tribe," culminating in her record-setting ascent of El Cap with her son. From confused young wife and busy but lonely mother to confident middle-aged athlete, Dierdre brings the reader along as she finds new strength, happiness, and community in the outdoors--and a life of learning, acceptance, and spirit.

Do unto others as you would others should do to you. You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be impolite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us ;a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; there can be no true, politeness without kindness, purity, singleness of heart, and sensibility. Many believe that politeness is but a mask worn in the world to conceal bad passions and impulses, and to make a show of possessing virtues not really existing in the heart; thus, that politeness is merely hypocrisy and dissimulation. Do not believe this; be certain that those who profess such a doctrine are practising themselves the deceit they condemn so much.

Some people are like monarch butterflies—solitary by nature, on a

passionate search for somewhere. Critically acclaimed songwriter Courtney Marie Andrews presents her first poetry collection. This poetry collection reads like a transformation, me, the narrator, being the figurative Old Monarch. Documenting this journey, the book is separated into three sections, "Sonoran Milkweed," "Longing In Flight," and "Eucalyptus Tree (My Arrival to Rest)." In the first stage of my journey, I explore my childhood in Arizona, and the naive assumptions of youth. At this stage in my journey, I am impressionable, seeing the world with all its nuances for the first time. Through the landscape of the Sonoran Desert, I explore some dark family dynamics and what a child sees. Several characters turn up in the early poems including my cowboy grandpa, and the single mother who raised me, despite many forthcoming. The early poems also explore my desire to see a brighter world of possibility beyond the dusty desert island, and see humans more clearly within the confounds of discovery. In the second stage, I have left home. I am falling in love for the first time, as I become a young woman. Finally, the last stage is the old monarch's arrival to the garden. There are a lot of metaphysical and philosophical poems in this section. I arrive at the figurative garden, and I finally understand the journey at the edge of my life. There are a lot of poems in the context of a garden here, accepting mortality and the ever-changing world. These are meant to be wise old woman poems.

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
