March 1945 World War II may be ending, but for nineteen-year-old pilot Henry Forester the conflict still rages. Shot down behind enemy lines in France, Henry endured a dangerous trek to freedom, relying on the heroism of civilians and Resistance fighters to stay alive. But back home in Virginia, Henry is still reliving air battles with Hitler's Luftwaffe and his torture by the Gestapo. Mostly, Henry can't stop worrying about the safety of those who helped him escape—especially one French boy, Pierre, who, because of Henry, may have lost everything. When Henry returns to France to find Pierre, he is stunned by the brutal after-math of combat: starvation, cities shattered by Allied bombing, and the shocking return of concentration camp survivors. Amid the rubble of war, Henry must begin a daring search for a lost boy—plus a fight to regain his own internal peace and the trust of the girl he loves. L. M. Elliott's

sequel to Under a War-Torn Sky is an astonishing account of surviving the fallout from war.
A Great and Terrible Beauty Simon and Schuster
Spanish cuisine is a melting-pot of cultures, flavors, and ingredients: Greek and Roman; Jewish, Moorish, and Middle Eastern. It has been enriched by Spanish climate, geology, and spectacular topography, which have encouraged a variety of regional food traditions and “Cocinas,” such as Basque, Galician, Castilian, Andalusian, and Catalan. It has been shaped by the country’s complex history, as foreign occupations brought religious and cultural influences that determined what people ate and still eat. And it has continually evolved with the arrival of new ideas and foodstuffs from Italy, France, and the Americas, including cocoa, potatoes, tomatoes, beans, and chili peppers. Having become a powerhouse of creativity and innovation in recent decades, Spanish cuisine has placed itself among the best in the world. This is the first book in English to trace the history of the food of Spain from antiquity to the present day. From the use of pork fat and olive oil to the Spanish passion for eggplants and pomegranates, María José Sevilla skillfully weaves together the history of Spanish cuisine, the circumstances affecting its development and characteristics, and the country’s changing relationship to food and cookery.

BONUS: This edition contains an excerpt from Alison Weir's Mary Boleyn. Handsome, accomplished, and charming, Henry Stuart, Lord Darnley, staked his claim to the English throne by marrying Mary Stuart, who herself claimed to be the Queen of England. It was not long before Mary discovered that her new husband was

interested only in securing sovereign power for himself. Then, on February 10, 1567, an explosion at his lodgings left Darnley dead; the intrigue thickened after it was discovered that he had apparently been suffocated before the blast. After an exhaustive reevaluation of the source material, Alison Weir has come up with a solution to this enduring mystery. Employing her gift for vivid characterization and gripping storytelling, Weir has written one of her most engaging excursions yet into Britain’s bloodstained, power-obsessed past.

The first novel in the acclaimed Elizabethan Quartet: “ Wonderfully juicy...Maxwell brings all of bloody Tudor England vividly to life. ” —Publishers Weekly (starred review) One was queen for a thousand days; one for over forty years. Both were passionate, headstrong women, loved and hated by Henry VIII. Yet until the discovery of the secret diary, Anne Boleyn and her daughter, Elizabeth I, had never really met . . . Anne was the second of Henry ’ s six wives, doomed to be beloved, betrayed, and beheaded. When Henry fell madly in love with her upon her return from an education at the lascivious French court, he was already a married man. While his passion

for Anne was great enough to rock the foundation of England and of all Christendom, in the end he forsook her for another love, schemed against her, and ultimately had her sentenced to death. But unbeknownst to the king, Anne had kept a diary. At the beginning of Elizabeth 's reign, it is pressed into her hands. In reading it, the young queen discovers a great deal about her much-maligned mother: Anne 's fierce determination, her hard-won knowledge about being a woman in a world ruled by despotic men, and her deep-seated love for the infant daughter taken from her shortly after her birth. In the journal 's pages, Elizabeth finds an echo of her own dramatic life as a passionate young woman at the center of England 's powerful male establishment, and with the knowledge gained from them, makes a resolution that will change the course of history . . . “ Maxwell is one of the most popular—and one of the best—historical novelists currently mining the rich vein of Tudor history. ” —Booklist

Using a theoretical approach and a critical summary, combining the perspectives in the postcolonial theory, psychoanalysis and narratology with the tools of hermeneutics and deconstruction, this book argues that Jean Rhys 's work can be subsumed under a poetics of cultural identity and hybridity. It also demonstrates the validity of the concept of hybridization as the expression of identity formation; the cultural boundaries variability; the opposition self-otherness, authenticity-fiction, trans-textuality; and the relevance of an integrated approach to multiple cultural identities as an encountering and negotiation space between writer, reader and work. The complexity of ontological and epistemological representation involves an interdisciplinary approach that blends a literary interpretive approach to social, anthropological, cultural and historical perspectives. The book concludes that in the author 's fictional universe, cultural identity is represented as a general human experience that transcends the specific conditionalities of geographical contexts, history and culture. The construction of identity by Jean Rhys is represented by the dichotomy of marginal identity and the identification with a human ideal designed either by the hegemonic discourse or metropolitan culture or by the dominant ideology. The identification with a pattern of cultural authenticity, of racial, ethnic, or national purism is presented as a purely destructive cultural projection, leading to the creation of a static universe in opposition to the diversity of human feelings and aspirations. Jean Rhys 's fictional discourse lies between “ the anxiety of authorship ” and “ the anxiety of influence ” and shows the postcolonial era of uprooting and

migration in which the national ownership diluted the image of a “ home ” ambiguous located at the boundary between a myth of origins and a myth of becoming. The relationship between the individual and socio-cultural space is thus shaped in a dual hybrid position.
