A funny,  
heartbreaking,  
stunning book  
by the  
legendary  
Diana Wynne  
Jones—with an  
introduction  
by Neil  
Gaiman. The  
Dog Star,  
Sirius, is  
tried - and  
found guilty -  
by his  
heavenly peers  
for a murder  
he did not  
commit. His  
sentence: to  
live on the  
planet Earth  
until he can  
carry out a  
seemingly  
impossible  
mission - the  
recovery of a  
deadly weapon  
known as the  
Zoi. The first  
lesson Sirius  
learns in his  
lowly earthly  
form is that  
humans have all  
the power. The  
second is that  
even though his  
young mistress  
loves him, she  
can't protect  
either of them.  
The third - and  
worst - is that  
someone out  
there will do  
anything to  
keep Sirius  
from finding  
the Zoi. Even  
if it means  
destroying  
Earth itself.

Game of Thrones meets Gladiator in this blockbuster debut epic fantasy about a world caught in an eternal war, and the young man who will become his people's only hope for survival. ONE OF TIME MAGAZINE'S TOP 100

FANTASY BOOKS OF ALL TIME Winner of the Reddit/Fantasy Award for Best Debut Fantasy Novel

The Omehi people have been fighting an unwinnable war for almost two hundred years. The lucky ones are born gifted. One in every two thousand women has the power to call down dragons. One in every hundred men is able to magically transform himself into a bigger,

stronger, faster killing machine. Everyone else is fodder, destined to fight and die in the endless war. Young, giftless Tau knows all this, but he has a plan of escape. He's going to get himself injured, get out early, and settle down to marriage, children, and land. Only, he doesn't get the chance. Those closest to him are

Later, what seemed like a storybook romance brought escape, with new experiences and eye- opening travel, but she quickly discovered that her husband was not the happ y-go-lucky man he had first appeared. Adapting as best she could, Dierdre juggled work and raising	two young children, encouraging them to be fearlessly confident. She noted with delight how her "little lady" Stasia took it upon herself to look out for her baby brother, and watched in amazement as Alex (Honhold of "Free Solo" fame) started climbing practically before he could crawl. After years	of struggle in her marriage and her ultimate divorce, Dierdre found inspiration in her now- adult children's passions, as well as new depths within herself. At Stasia's urging, she took up running at age 54 and soon completed several marathons. Then at age 58, Alex led her on her

guitarist, Carol Ann Harris leads fans into the very heart of the band's storms between 1976 and 1984. From interactions between the band and other stars--Mick Jagger, Eric Clapton, and Dennis Wilson--to the chaotic animosity between band members, this memoir combines the sensational account of	some of the world's most famous musicians with a thrilling love story. The parties, fights, drug use, shenanigans, and sex lives of Fleetwood Mac are presented in intimate detail and illustrated with never- before-seen photographs. With the exception of one brief interview, Carol Ann Harris has	never before spoken about her time with Fleetwood Mac. <i>The Royal Art of Poison</i> Troubador Publishing Ltd Shortlisted for the 2019 Banff Mountain Book Award for Mountain Literature Shortlisted for the 2019 Boardman Tasker Award An intriguing biography of the renowned Austrian alpinist Paul Preuss, who achieved international recognition both for his remarkable solo ascents

and for his advocacy of an ethically "pure" alpinism (meaning without any artificial aids). In the months before his death in 1913, from falling more than 300 metres during an attempt to make the first free solo ascent of the North Ridge of the Mandlkogel, Paul Preuss's public presentations on his climbing adventures filled concert halls in Austria, Italy, and Germany. George Mallory, the famed English mountaineer who took part in the first three British expeditions to Mount Everest in the early 1920s, is quoted as saying "no one will ever equal Preuss." Reinhold Messner, the first climber to ascend all fourteen 8000 metre peaks, was so impressed by the young Austrian's achievements that he built a museum around Preuss's piton hammer, wrote two books (in German) about him and instituted a foundation in Preuss's name. Although he died at only 27 years old, modern climbing may never have developed the ethical, existential core that it has today if not for Preuss's bold style. Even the most trenchant traditionalists remain unsure about whether to add him to their pantheon or dismiss him as at worst a lunatic or at best an indelicate subject better left ignored.

joins forces with a notorious Scottish "Robin Hood" to seek revenge on the greedy laird who destroyed the boy's village Authors Jane Yolen and Robert J. Harris have garnered resounding critical acclaim for their thrilling historical novels that bring Scotland's colorful past to breathtaking life. Now they return to the Highlands with an enthralling tale of a young boy's lawless coming of age during the dark days of the Clearances. The early years of ancestor by Bonnie Prince Charlie—Roddy is discovered and savagely beaten by order of the laird's sadistic enforcer, William Rood, who then steals the treasure for his master. Were it not for the timely arrival of the notorious outlaw Alan Dunbar, the boy would surely be dead. Taken under the wing of the infamous "Rogue," young Roddy begins a new life as a renegade. Now, against all odds and with the aid and guidance of his bold criminal
