Troubles and difficulties are inevitable. No one is exempt from pain. Answers are not only sought to relieve pain but to provide a reason for the existence of the problem. The answer to any given trouble is often not quickly found no matter how hard one looks. This book is written from the

perspective of God's loving desire to answer our many questions. Personal experiences, scriptural directives, and the testimonies of those who have lived and received God's answers are presented for the seeker. The Book of Easy Answers will promote hope and will bring welcome

encouragement because the answers come from a loving God. Endorsement: In an age of the internet "clickbait" and fake news, what we need is not more self-help or sensationalized supernaturalism, but practical truth presented clearly and engagingly. "The Book of Easy Answers" clearly lays out for every Christian the basis of the hope that we have in Christ, and how He is indeed all that we need in every situation. Through authentic anecdotes, sound exegesis, and an examination of historical and cultural contexts, John and Kerry show us how and why we should turn our head knowledge into true, simple, heart-converted faith. It is my honor to endorse "The Book of Easy Answers," and my pleasure to wholeheartedly recommend it as a resource for every believer who needs easy answers to life's difficult questions. -Elvin Foong, Founder / Director, The Treasure Box Singapore. For the past two

decades, I have met with and interviewed hundreds of followers of Jesus around the world who have suffered greatly because they were determined to serve God and spread the Gospel. What has impressed me is how many of them respond to persecution and how they are comforted by what God has to say to them through the Bible. They not only find answers to their questions concerning God's Word, but they apply the answers. I appreciate John's and Kerry's approach and insight in this book "The Book of Easy Answers." It is solid and practical. You will discover that we often find it hard to accept and put into practice the answers God has for us in our journey with him. My prayer is that this book will help you understand that God has given us all we need to navigate our lives and be content with his answers. -Greg Musselman, Minister at Large for The Voice of the Martyrs Canada. Co-host, 100 Huntley Street TV program.  
About the Author: John Telman is a pastor and educator with 26 years of experience. These years include ministry in Canada, the USA, and Singapore. He and his wife, Carole are authors and adjunct professors at a number of Christian Colleges. Kerry Pocha has served God by helping

In a business world and society focused upon questions, there has been an underappreciation of answers in capturing our attention, imagination and critical examination. In a complex and fast-moving world, Answer Intelligence (AQ) is our ability to provide elevated answers to emotionally connect, explain and predict, and achieve results.

Christian Focus  
What if you could unlock a better answer to your most vexing problem—in your workplace, community, or home life—just by changing the question? Talk to creative problem-solvers and they will often tell you, the key to their success is asking a different question. Take Debbie Sterling, the social entrepreneur who created GoldieBlox. The idea came when a friend complained about too few women in engineering and Sterling wondered aloud: "why are all the great building toys made for boys?" Or consider Nobel laureate Richard Thaler, who asked: "would it change economic theory if we stopped pretending people were rational?" Or

listen to Jeff Bezos whose relentless approach to problem solving has fueled Amazon's exponential growth: "Getting the right question is key to getting the right answer." Great questions like these have a catalytic quality—that is, they dissolve barriers to creative thinking and channel the pursuit of solutions into new, accelerated pathways. Often, the moment they are voiced, they have the paradoxical effect of being utterly surprising yet instantly obvious. For innovation and leadership guru Hal Gregersen, the power of questions has always been clear—but it took some years for the follow-on question to hit him: If so much depends on fresh questions, shouldn't we know more about how to

arrive at them? That sent him on a research quest ultimately including over two hundred interviews with creative thinkers. Questions Are the Answer delivers the insights Gregersen gained about the conditions that give rise to catalytic questions—and breakthrough insights—and how anyone can create them.
