What Are Your Solutions to
Life ' s Questions? This is not

your typical book. Here, you will find 365 questions designed to open up your mind to think about yourself and your place in the world in new ways. With these questions, you may come to powerful realizations that will help you to improve yourself, the people around you, and maybe even the world. Most self-development books present you with solutions to common problems. This can be helpful, but what if those solutions work for most people, but not you? Perhaps what you need is a book of questions to help stimulate you to find useful solutions for your

unique situation. Maybe you always had the solutions deep down somewhere inside of you, and you just needed the right questions to help guide you to them. When you do the work of pursuing your answers to these Questions, you will be rewarded with a breakthrough in understanding your life, your place in the world, and the path that you were destined for. Understand that there is no single right answer, no one perspective that is right, there is only your personal truth that you must reveal to yourself. In Question Yourself, the authors give you the credit that with

your knowledge, background and experiences, and with the right questions, you will be able to discover solutions to your life ' s troubles. Look inside, deeper and deeper into yourself, and you may be surprised at the power and abilities you always possessed. You may even discover new parts of yourself you never knew existed. Authors Dave Edelstein (A.B., Philosophy from Harvard University) and I. C. Robledo (M.S., Industrial-Organizational Psychology from University of Oklahoma) combine their expertise in philosophy, psychology, and

self-development to provide you with questions which were designed to help you help yourself. The authors believe there is enormous potential in seeking the answers within, rather than always seeking them from sources outside of yourself. Here is a small sample of the Questions you will find inside: - Question #9: Are you afraid of being alone with yourself? Or do you enjoy it? - Question #57: What is love? How do you show it? - Question #112: What is the one thing you know for sure? - Question #182: Are the small moments in life worth more

than we give them credit for? - Question #263: What amount of money would it take for you to consider forsaking your deeply held values? - Question #295: Are you in the process of fulfilling your dreams, or is there an obstacle in your path? - Question #359: Have you ever felt personally touched by a spirit or higher power? The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and

much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. Every day, buyers turn to search engines to ask billions of questions. Having the

answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the

United States. Abraham Joshua Heschel said that, "We are closer to God when we are asking questions than when we have the answers." He believed that to be a Christian is not to be a person who knows all the answers but one who "lives in the part of the self where the question is constantly being born." Most of us don't think very much about our questions. In our culture, we are

accustomed to being able to find out answers to nearly any question just by typing it into Google search or asking Siri. But behind any answer, there is always a question. Sometimes, the question isn't clear to us; sometimes, it is not very well articulated, even to ourselves. But it is always there. In over thirty years as a psychotherapist and spiritual director, Peter C. Wilcox has seen how

the questions people ask to us. We will see that themselves have shaped they enable us to make their lives in some very important ways. This book is an invitation to see how important it is to learn how to ask the right questions about our lives. This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically. Our questions orient our lives and give direction
