LIKE CLASS NOTES—ONLY BETTER. The Princeton Review's ASAP World History is designed to help you zero in on just the information you need to know to successfully grapple with the AP test. Advanced Placement exams require students to have a firm grasp of content—you can't bluff or even logic your way to a 5. Like a set of class notes borrowed from the smartest student in your grade, this book gives you exactly that. No tricks or crazy stratagems, no sample essays or practice sets: Just the facts, presented with lots of helpful visuals. Inside ASAP World History, you'll find:

- Essential concepts, people, events, dates, and ideas for AP World History—all explained clearly & concisely
- Lists, charts, tables, and maps for quick visual reference
- A three-pass icon system designed to help you prioritize learning what you MUST, SHOULD, and COULD know in the time you have available
- "Ask Yourself" questions to help identify areas where you might need extra attention
- A resource that's perfect for last-minute exam prep or as a handy resource for daily class work

Topics covered in ASAP World History include:

- All six time periods featured on the exam
- Major ancient & classical civilizations, states, and empires
- Globalization & exploration
- Imperialism & capitalism
- Revolutions & the formation of nations
- 20th-century developments such as World War I and II and Communism
- Independence movements in Asia & Africa ... and more!

Looking for sample exams, practice questions, and test-taking strategies? Check out our extended, in-depth prep guide, *Cracking the AP World History Exam!*

Aeronautical Information Manual Study Guide For The Private Pilot John Wiley & Sons

The Essential Guide to Classroom Practice has been written with two questions in mind. These are the questions that are most important to all practitioners who seek to improve the quality of learning in their classrooms – what strategies work? and, how do we implement them? Covering all the areas that are key to effective teaching and learning, this text consists of over 200 practical strategies that secondary teachers can adopt and apply within their classroom. These strategies range from simple tools to improve the quality of questioning, to principles that can shape the whole approach to learning. Key topics covered include: The five-part lesson plan Developing thinking skills How to engage learners Encouraging collaborative learning Challenging and supporting Feedback and assessment A key feature of this book is the handy collection of 'Top 10s' that appear in each chapter, such as 10 ways to use data in the classroom and 10 ways to streamline your marking. The book clearly explains the benefit of each approach described and offers additional guidance on using websites and digital tools effectively in the classroom. Packed full of ideas, the book offers a one stop shop for busy teachers.

**Federal Aviation Regulations Study Guide for the Private Pilot** John Wiley & Sons

This is a self-study guide to the Japanese language Harvard University's Tazuko Monane teaches you the secret of speaking Japanese fluently in simple 20-minute lessons. Each lesson zeroes in on one everyday activity: introducing yourself, asking directions, ordering sushi, giving directions to a taxi driver, eating with friends, and other everyday conversations. Japanese Made Easy is designed for people living in or going to Japan who would like to learn Japanese but have never studied it before. Obviously, living or traveling in Japan is itself not the secret to learning Japanese—many Westerners live in Japan for a long time and except for a few words learn very little about its language. The important thing will be your motivation to learn. An ability to speak Japanese and read Japanese is vital to understanding your surroundings. Whether you travel to Japan as a tourist, student or businessperson, whether you use this book before or after your arrival in Japan, what could provide better motivation than knowing that a familiarity with the Japanese language (and with the culture it reflects) will help make your stay in Japan much richer and more interesting. If you have the good fortune to know a Japanese person, he or she will surely make your learning even easier—especially when you study pronunciation. But don't be discouraged if you have no "live model" to learn from. By following the simple suggestions given here, you will be able to come out with good understandable Japanese on your own. Key features of this book include: More than 40 social situations commonly encountered by foreigners in Japan—including greetings, asking directions, dining out, visiting places, and shopping. Practice exercises based on over 30 of the most important Japanese sentence patterns, with example sentences and answer keys. Notes on the key points of Japanese vocabulary and Japanese grammar. A comprehensive glossary of important Japanese words and an index of vocabulary and grammar items.
