63 New and Updated Patterns for Driving and Sustaining Change  
“The hard part of change is enlisting the support of other people. Whether a top manager interested in improving your organization’s results or a lone developer promoting a better way

of working, this book will give you tools and ideas to help accomplish your goal.” –George Dinwiddie, independent coach and consultant, iDIA Computing, LLC “Keep the patterns in this book and Fearless Change handy. ... These patterns transformed me from an ineffective ‘voice in the wilderness’ to a valued collaborator.” –Lisa Crispin, co-author (with Janet Gregory) of Agile Testing and More Agile Testing In their classic work, Fearless Change, Mary Lynn Manns and Linda Rising interviewed successful leaders of change, identified 48 patterns for implementing change in teams of all sizes, and demonstrated how to use these techniques effectively. Now, in More Fearless Change the authors reflect on all they’ve learned about their original patterns in the past decade, and introduce 15 powerful, new techniques—all extensively validated by change leaders worldwide. Manns and Rising teach strategies that appeal to each individual’s logic (head), feelings (heart), and desire to contribute (hands)—the best way to motivate real change and sustain it for the long haul. Learn how to Focus on the best things you can achieve with limited resources Strategize to build flexible plans and go after low-hanging fruit Get help from the right people in the right ways Establish emotional connections that inspire motivation and imagination Create an “elevator pitch” that keeps everyone focused on what truly matters Build bridges, work with skeptics, soften resistance, and open minds Uncover easier paths towards change, and build on what already

works Sustain momentum, provide time for reflection, and celebrate small successes More Fearless Change reflects a profound understanding of how real change happens: not instantaneously in response to top-down plans and demands, but iteratively, through small steps that teach from experience. Best of all, as thousands of change agents have already discovered, its patterns are easy to use—and they work.

This is a self-study guide to the Japanese language Harvard University's Tazuko Monane teaches you the secret of speaking Japanese fluently in simple 20-minute lessons.

Each lesson zeroes in on one everyday activity: introducing yourself, asking directions, ordering sushi, giving directions to a taxi driver, eating with friends, and other everyday conversations.

Japanese Made Easy is designed for people living in or going to Japan who would like to learn Japanese but have never studied it before.

Obviously, living or traveling in Japan is itself not the secret to learning Japanese--many Westerners live in Japan for a long time and except for a few words learn very little about its

language. The important thing will be your motivation to learn. An ability to speak Japanese and read Japanese is vital to understanding your surroundings. Whether you travel to Japan as a tourist, student or businessperson, whether you use this book before or after your arrival in Japan, what could provide better motivation than knowing that a familiarity with the Japanese language (and with the culture it reflects) will help make your stay in Japan much richer and more interesting. If you have the good fortune to know a Japanese person, he or she will surely make your learning even easier--especially when you study pronunciation. But don't be discouraged if you have no "live model" to learn from. By following the simple suggestions given here, you will be able to come out with good understandable Japanese on your own. Key features of this book include: More than 40 social situations commonly encountered by foreigners in Japan--including greetings, asking directions, dining out, visiting places, and shopping. Practice exercises based on over 30 of the most important Japanese sentence patterns, with example sentences and answer keys. Notes on the key points of Japanese vocabulary and Japanese grammar. A comprehensive glossary of important Japanese words and an index of vocabulary and

grammar items.

Effective and practical coaching strategies for new educators plus valuable online coaching tools Many teachers are only observed one or two times per year on average—and, even among those who are observed, scarcely any are given feedback as to how they could improve. The bottom line is clear: teachers do not need to be evaluated so much as they need to be developed and coached. In *Get Better Faster: A 90-Day Plan for Coaching New Teachers*, Paul Bambrick-Santoyo shares instructive tools of how school leaders can effectively guide new teachers to success. Over the course of the book, he breaks down the most critical actions leaders and teachers must take to achieve exemplary results. Designed for coaches as well as beginning teachers, *Get Better Faster* is an integral coaching tool for any school leader eager to help their teachers succeed. *Get Better Faster* focuses on what's practical and actionable which makes the book's approach to coaching so effective. By practicing the concrete actions and micro-

skills listed in *Get Better Faster*, teachers will markedly improve their ability to lead a class, producing a steady chain reaction of future teaching success. Though focused heavily on the first 90 days of teacher development, it's possible to implement this work at any time. Junior and experienced teachers alike can benefit from the guidance of *Get Better Faster* while at the same time closing existing instructional gaps. Featuring valuable and practical online training tools available at <http://www.wiley.com/go/getbetterfaster>, *Get Better Faster* provides agendas, presentation slides, a coach's guide, handouts, planning templates, and 35 video clips of real teachers at work to help other educators apply the lessons learned in their own classrooms. *Get Better Faster* will teach you: The core principles of coaching: Go Granular; Plan, Practice, Follow Up, Repeat; Make Feedback More Frequent Top action steps to launch a teacher's development in an easy-to-read scope and sequence guide It also walks you through the four phases of skill building: Phase 1 (Pre-Teaching): Dress Rehearsal Phase 2: Instant Immersion Phase 3: Getting into Gear Phase 4: The Power of Discourse Perfect for new educators and those who supervise them, *Get Better Faster* will also earn a place in
