The 2014 Guide to Self-Publishing is the essential resource for indie publishers. In other words, this is the guide for writers who are taking their publishing futures into their own hands and self-publishing. In addition to hundreds of listings for freelance editors, designers, self-publishing companies, and more, the Guide to Self-Publishing offers articles on how to produce engaging covers, handle sales tax, dissect the self-publishing

contract, protect your work, promote your work, and more. "The Guide to Self-Publishing is brilliant, timely, and the ultimate go-to index for the industry's huge surge of indie authors! Love, love, love having all the pieces of the Puzzle in one resource. Finally, the indie author can wave a Writer's Market of his own and find his way to publication. I predict GTSP to be the hottest how-to writing book of the year. Very highly recommended!" --C. Hope Clark, author of The Shy Writer and the Carolina Slade Mystery Series, and force behind FundsForWriters.com

Don't Shoot Yourself in the Foot Before You Even Open Your Mouth! The Writing Guide for Professional Speakers. Do you want to become a professional public speaker, someone who gets paid to speak in public about topics you are passionate about? If so, I've got good news and bad news. The bad news is that it's a crowded ole world out there-every Tom, Dick, and Harriet seem to be a "professional" speaker, armed with a book, a blog, and a boatload of subject-matter expertise. The good news is that only a few of these "professionals" can spell or even construct a correct sentence in American English. Look around! If you want to stand out, if you want to impress potential hosts, if you want to get hired again and again, then you have to recognize that your written words will probably be read before your spoken words are heard. In other words, your written words have to be flawless. In Before You Even Open

Your Mouth, nine-time, award-winning author and public speaker Liz Coursen shares her expertise about how to write to impress. Liz speaks professionally 80-100 times each year, and part of her success, she believes, is the attention to detail she brings to every aspect of her speaking, including her promotional materials. "Punctuation and grammar is easy, and it's fun," she says. "And, since our writing is part of how people judge us, it's important for every professional speaker to know how to write well."

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant

amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about

the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.)

Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance."

-- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board

members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA

\*\*\*\*\* The

Simple Board Member Orientation Process Using This Book: 1. Your board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2. You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3. You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!

*A Guide to the Best Birding Sites Across the State* Createspace Independent Pub From sage steppe to mountain forest to the waters of the Pacific Ocean, Oregon's diverse habitats host an equally rich diversity of bird life. BIRDING OREGON guides you to more than 250 of the best birding sites, telling you where to go, when to go, and what you will see when you get there. Whether you are a casual bird watcher or a hard-core lister, this guide will help you make the most of your travels through Oregon. To be included in the book, all of the sites had to meet three criteria. 1. The site must be on public land, or on land accessible to the birding public.

Trespassing is not OK, even for birders. 2. The site must be accessible in a normal passenger car. Nothing spoils a birding trip faster than a punctured oil pan or a broken axle. 3. The site must provide consistently good birding, year after year. Good birds can show up anywhere on occasion. But if your time is limited, you want to visit sites that offer the best birding on a regular basis. In addition to the site guides, BIRDING OREGON includes a checklist of 543 species of birds and their seasonal abundance. The Resources section lists contact information for federal and state agencies, conservation and birding organizations, birding trails, and guide services.

Spanish is a fun, social activity! What makes "Spanish with Amigos" different from the many other Spanish books out there is that instead of studying Spanish by yourself, this book was designed for you to practice your

Spanish conversation skills right from the start with a friend (an intercambio), a conversation group (grupo de conversación), or even a beginning Spanish conversation class (clase de conversación). "Spanish with Amigos" has been intentionally designed to be very simplistic - with little grammar included. Each of the 22 topics start with a manageable vocabulary list of 12-20 words/phrases, including a phonetic pronunciation guide, such: Good morning. / Buenos días. / BWAY-nose DEE-ahs. The topic is immediately followed by role-play ideas and conversational exercises so that you can practice the vocabulary with your co-workers, family, and friends - making Spanish a fun, social activity!

Because Scientology is not exactly a mainstream religion, there are conflicting impressions about it. In some cultures, Scientology is classified as religion, while others believe it to be a cult. Still, some groups see it as a commercial enterprise,

while others claim it's a non-profit organization. This just proves that most people don't fully understand Scientology. However, the believers and followers of Scientology - including many famous celebrities such as Tom Cruise, John Travolta, Kelly Preston and Kirstie Alley, just to name a few - claim it to be a religion following the intent and of the original founder. This book was written for those who want to learn what the Church of Scientology represents, and the basic principles and beliefs of Scientology. I intend to help clarify any incorrect perceptions while revealing what Scientology is really all about. Continue reading to discover the reason behind this oft-misjudged practice once and for all. *QuickBooks Online* "O'Reilly Media, Inc."

In *Alienation Nation*, James LaFond, the author of over 10 books and 300 articles on urban survival, offers a guide to defining and surviving our dystopian now. As a committed Darwinist LaFond offers no societal solutions and advocates no political action, but rather offers a guide to living below the political and criminal horizon [which he insists are one in the same] and adopting a practical view of violence and society toward the end of developing sustainable countermeasures that will permit you to avoid and survive crime without falling into the clutches of the judicial system.

*QuickBooks 2014 In Depth* Que Publishing Today the entire world is at our fingertips, not too long ago libraries, and the knowledge inside books were our only source. Now we can carry the entire library, and more in a tablet lighter, and smaller than a single book. We have the tendency to rely entirely on our computers as our only source of knowledge; we take

for granted that there will be electrical power as needed, and spoiled by the ease and availability of Wi-Fi or Wi-MAX wherever we go connecting our devices to the world. While doing research in the field, we are sometimes at locations where power is at a premium, or does not exist at all; then you have questionable or unreliable cellphone service without reliable power those devices are useless, and inevitably start to shut down. In these situations its time to break out the pencil and paper. This book contains paranormal terminology from different fields, historical facts, people and events for research and educational purposes. ISR created this book as a handy quick pocket reference guide when doing research in the field. If you needed one book to take with you that would come in handy in the middle of nowhere, this would be that book.
