If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social

change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Maybe you were just diagnosed with diabetes and are confused by all the contradictory information out there. Or, maybe you've done everything your doctors told you to do, but still you have wild fluctuations in your blood sugars. Your A1c, cholesterol, and triglycerides are through the roof and you're gaining weight! Either way, you're frustrated, but it's not your fault! Controlling diabetes can be easy with the right information! You can get off the roller coaster of wildly fluctuating blood sugars, lower your cholesterol and A1c, and reduce (or even possibly eliminate) some of the medications you are currently taking. You can decrease your risk of developing diabetic complications. And, if you are already suffering from diabetic complications, you can stop further progression and may even be able to reverse some of their effects. This is not only possible but can happen in a very short amount of time. You will be in control! And, it's easy! I want you to be healthy! I want you to be able to take back your life and

do all the things that you enjoy without the limitations that diabetes can put on your daily life. No more feeling like a guinea pig trying every new drug that is supposed to help lower your blood sugar. The things I'm going to tell you are the same things that my family and I are doing with amazing results. The doctors are shocked! I will give you all the facts that you need to lead a normal life that is not controlled by your diabetes. In this book, you will learn: •What is diabetes and what are the different types. Each type of diabetes is just a little bit different. You have to understand how the disease works to understand everything else. •How to modify your diet to keep your blood sugar stable throughout the day. These changes are so simple that I'm almost embarrassed to tell you! •Blood sugar monitoring- when and why •Food and how your body uses it •What tests you absolutely need your doctor to perform and what the results mean •Vitamins, minerals, and nutritional supplements •And much, much more! As a bonus, I will give you delicious and easy recipes to take out all the guesswork while you learn. My family refused to even consider doing anything unless I could make the food taste good and they got desserts! Your family won't even know they're eating "diabetic food." No more cooking two different meals. You may be asking yourself what are my qualifications to write a book that teaches you how to control your diabetes. Am I just some housewife that stumbled on a "miracle cure"? I've been a nuclear medicine technologist for the past 15 years and I minored in biochemistry and pharmacology. As a nuclear medicine technologist, my job, in a nutshell, consists of watching how your body metabolizes nutrients. The majority of my patients have diabetes. I study everything I can get my hands on concerning diabetes and its treatment. And, it's a good thing, because I now have two diabetics in my house- one a Type 1 and the other a Type 2. If you are a diabetic, you need this book! It really is very easy to have normal blood sugars around the clock. Excellent health is right around the corner for you!

*Rural Rides* is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing *Rural Rides*, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents
