"This volume of measurement instruments in the English language arts is the second one produced by the Research Instruments Project (TRIP), which was designed to collect and evaluate research instruments in language arts, language and language development, literacy, literature, oral language, reading, teacher knowledge/attitudes, and writing. The 160 measurement instruments are arranged alphabetically by category; within each category, measures are listed alphabetically by author. All instruments are cross-referenced by author. The age range indicated is the specific age grouping as stated by the authors or the age of the sample to whom the instrument was administered. The description of the instrument provides the purpose of the instrument, the date of construction, and a physical description of the instrument--often including sample items and administration data (directions, time, scoring procedures, and so forth). The lack of reliability and validity data for instruments is indicated when the information was unavailable. In the case of tables of difficulty, indexes, and so on, the data contained are summarized and the complete data are made available with the test or references cited.

Raised with limited peer interaction, Ernestine St Bennett has difficulty interpreting social cues. At twenty-five she's become a loner; a shy nerd immersed in her scientific studies, whose best friend is her pet fish, Waldo. Then Ernestine meets Simon Prime, who's obviously a nerd, too! Sympathizing with his social dysfunction, Ernie

decides to help poor Simon increase his self-esteem and thus enhance his social standing. Using principles learned in her fish studies, she'll simply turn Simon from meek to macho. What Ernestine doesn't know (but Waldo suspects) is that Simon Prime is really ex-cop, private investigator Sam Pierce in disguise. A man who definitely doesn't need his masculinity enhanced!

How Loud is a Lion? Mel Bay Publications

When Stephanie Klein hit her twenty-fourth birthday she thought she had everything she could possibly have wanted from life: A good job, a successful husband, a Manhattan apartment and a baby on the way. By the time she hit thirty it was all gone. Her husband and her baby lost. She was left to start again with a whole new life and an entirely depleted cast of characters. The Husband had become the Wasband and her only company was her Furkid (the small brown dog she now shared a bed with). Her friend told her to get out dating again and to employ the sandwich principle - keep one man on either side, and enjoy the interesting one in-between. So she set off, with much trepidation and wardrobe anxiety, to discover single sex all over again... The weblog she kept of her new found freedom and sexual adventures became a sensation in the States. Her brilliantly funny, acerbic descriptions of love, life and dating bought her press and acclaim. Straight up and Dirty is Stephanie's funnier than comedy, truer than romance, sexier than fiction account of her journey. This has bestseller written all over it, it's sexy, tart and funny - destined to hit the Top Ten in the US and UK.

From page iii: This book gives step-by-step advice you can use to clean up, rebuild, and get help after a flood. Before you start, read the flood safety precautions on the inside front cover of this document and review the nine steps that are summarized in the Table of Contents. Your home and its contents may look beyond hope, but many of your belongings can be restored. If you do things right, your flooded home can be cleaned up, dried out, rebuilt, and reoccupied sooner than you think. While you are doing the job ahead, you should remember these three important points: 1: Play it safe. The dangers are not over when the water goes down. Read the flood safety precautions on the inside front cover of this document. Your home's foundation may have been weakened, the electrical system may have shorted out, and floodwaters may have left behind things that could make you sick. Many flooded items, such as wallboard and mattresses, will hold mud and contamination forever. When in doubt, throw it out. Don't risk injury or infection. 2: Ask for help. Many people can do a lot of the cleanup and repairs discussed in this book. But if you have technical questions or do not feel comfortable doing something, get professional help. If there is a federal disaster declaration, a telephone "hotline" will often be publicized to provide information about public, private, and voluntary agency programs to help you recover from the flood. Government disaster programs are there to help you, the taxpayer. You're paying for them; check them out. 3: Floodproof. It is very likely that your home will be flooded again someday. Floodproofing means using materials and practices that will prevent or minimize flood damage in the future. Many floodproofing techniques are inexpensive or can be

---

easily incorporated into your rebuilding program.

You can save a lot of money by floodproofing as you repair and rebuild (see Step 8). You should also prepare for the next flood by buying flood insurance and preparing a flood response plan.

#### **God's Action Plan for Your Life** Dover Pictorial Archives

In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel

satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.
