Seventh Edition what you with to read!

Sm Juvenile Justice I/Tst/m Rowman & Littlefield

The juvenile justice system is a multifaceted entity that continually changes under the influence of decisions, policies, and laws. The all new Fourth Edition of Juvenile Justice: A Social, Historical, and Legal Perspective, offers readers a clear and comprehensive look at exactly what it

is and how it works. Reader friendly and up-to-date, this text unravels the complexities of the juvenile justice system by exploring the history, theory, and components of the juvenile justice process and how they relate.

Youth Justice in America Taylor & Francis
In recent years the decisions of the United States Supreme Court in the area of juvenile law and the growing public awareness of the delinquency problem have brought about drastic changes in American juvenile courts. This book represents a major research effort to determine the effect of defense counsel's performance on the conduct and outcome of delinquency cases. After a brief historical analysis of the factors leading to changes in

juvenile law, the authors explore in detail the impact of the lawyer's presence and performance on the outcomes of cases in two juvenile courts. The analysis further explores the various factors influencing a lawyer's defense posture and develops the thesis that the effectiveness of counsel is determined largely by the structure of the delinquency hearing and the willingness and ability of court personnel and procedures to adapt to the introduction of an adversarial role of defense counsel. What makes this study unique is the large-scale effort to combine legal analysis and sociological methodology to the study of an action-oriented program. The use of the classical experimental design, the selection of control and experimental groups by random assignment, and the extent to which the use of this methodology increases the validity of the results,

will be of interest to both lawyers and social scientists. The book is a major contribution to the growing literature in the field of the sociology of law.

A National Assessment of Serious Juvenile Crime and the Juvenile Justice System: Legislation, jurisdiction, program interventions, and confidentiality of juvenile records CQ Press

Balanced presentation touches on political science, public administration, sociology, criminology, and criminal justice Key terms, defined in the margins Comprehensive glossary, to learn and review terminology Critical thinking questions end each chapter classroom discussions small group exercises individual review Thoroughly updated, the revised Third Edition presents: Latest trends in juvenile justice, supported by the most recent data sources available

Juvenile Justice Pearson

For introductory courses in Juvenile Justice. This text provides a complete, in-depth overview of all phases of the contemporary juvenile justice system. It examines the nature of delinquency, classifications of juvenile offenders, alternative explanations for juvenile misconduct, juvenile courts and juvenile rights, and corrections.

The Juvenile Court System SAGE Publications

This book provides a comprehensive and thought-provoking introduction to the juvenile

justice system in the United States. It begins by tracing the historical origins of the legal concept of juvenile delinquency and the institutional responses that developed, and analyzes the problem of delinquency, including its patterns, correlates, and causes. With this essential foundation, the greater part of the book examines the full range of efforts to respond to delinquency through both informal and formal mechanisms of juvenile justice. Core coverage includes: The history and transformation of juvenile justice, The nature and causes of delinquency, Policing juveniles, Juvenile court processes, Juvenile probation and community-based corrections, Residential placement and aftercare programs, Delinquency prevention, Linking systems of care. This book is designed as a core text for courses on juvenile justice. Each chapter begins with a compelling case

study and learning objectives that draw attention to the topics discussed. Each chapter ends with one or two readings that introduce readers to the literature on juvenile justice. In addition, "critical thinking questions" invite analysis of the material covered in the chapter. A companion website offers an array of resources for students and instructors. For students, this includes chapter overviews, flashcards of key terms, and useful website links. The instructor site is password protected and offers a complete set of PowerPoint slides and an extensive test bank for each chapter—all prepared by the authors.

Juvenile Justice Aspen Publishing
Juvenile Justice: A Text/Reader offers a unique new spin on the core textbook format. Organized like a more traditional juvenile justice text, this text/reader is divided into eight sections that contain all the usual topics taught in a juvenile justice course. After a comprehensive overview, each section has an introductory "mini-chapter" that provides engaging coverage of key concepts, developments, controversial issues, and research in the field. These authored introductions are followed by carefully selected and edited original research articles. The readings, from prominent scholarly journals, were written by juvenile justice experts and often have a policy orientation that will help address student interest in the "so what?" application of theory. Key Features and Benefits Boasts extensive and unique coverage of the juvenile justice system, focusing on law enforcement, the court system, correctional responses to juvenile offending, and an overview of the causes of delinquency Features

a unique "How to Read a Research Article"—tied resources. Qualified instructors can request a copy by contacting Customer Care at 1-800-818-SAGE (7243), 6AM-5PM, Pacific Time. Intended Audience This Text/Reader is designed to serve as a replacement for a core text, or a supplement text for upper-level undergraduate Juvenile Justice courses in departments of criminal justice, criminology, sociology and related disciplines. Interested in a text/ reader for another criminology or criminal justice here? Explore other titles in the series.

to the first reading in the book—to give students a guide to understand and learn from the edited articles that appear throughout the text. Provides an introduction to each reading to give students an overview of the purpose, main points, and conclusions of each article. Utilizes photographs, boxes, and suggested Web resources to enhance the book's presentation and engage student interest. Offers a clear and concise summary of key terms and concepts in each section and discussion questions that enhance student comprehension Ancillaries A Student study site at www.sagepub.com/lawrencestudy provides self-quizzes, e-flashcards, additional readings, and more. Drug Identification and Testing in the Juvenile Justice System Bloomsbury Publishing USA

Reviews two projects which investigate innovative & appropriate methods to identify & intervene with substance-abusing youth -- the Amer. Correctional Assoc. & the Institute for Behavior & Health, Inc. project, & the Amer. Probation & Parole Assoc. project. Both programs emphasized the development of effective strategies for screening & testing youth for illicit drug use. Includes project

descriptions & discussion of the outcomes & benefits of each as well as a discussion on program development. Recommendations are made for future actions. Glossary. References. Charts & tables. Sample drug-testing forms. Juvenile Justice Oxford University Press

This third edition of *Juvenile Justice in America* takes us directly into the new millennium with the incorporation of the most recent studies and statistical data available at the time of publication. The book is now organized to allow the student to move quickly and decisively into the action of the police, courts, and corrections. Major issues and findings from all of these subsystems of the justice system are discussed, as well as new materials on gangs, drugs, guns, and schools. Where we are today is described, and the issues of whether the juvenile system should be

reformed or abolished, whether hard or soft policies should prevail, and whether the rights of juveniles should be extended are subjects of much attention. Consideration is given to what works and what does not. Materials on the profile of juveniles in trouble and the social context from which juveniles come are emphasized, as are the treatments and programs available to them in the community and institutions. A major new feature of this third edition is a chapter on International Juvenile Justice, based on the 1985 Beijing Rules. It illustrates just how far some countries have come and, even more aptly, how far

The Evolution of the Juvenile Court American Bar Association

Designed as a supplemental text for juvenile delinquency and juvenile justice courses, this workbook fills a void in current textbooks. It

provides a hands-on experience that helps students understand the kinds of court hearings that take place in juvenile and family courts. It presents information about actual cases and prompts students to make decisions and design court orders for typical juvenile court cases. It also provides a unique opportunity for students to experience what it is like to face decisions in the juvenile court system.

Juvenile Justice Today NYU Press

Images of youngsters in handcuffs and prison uniforms have become common on the nightly news in the United States. As America's fascination with crime and justice has grown, so has attention to the ways in which youthful offenders are charged, tried, and sentenced. While they may once have been viewed as misguided youth, more and more juveniles are being charged as adults and sentenced to adult

prisons. Myers questions whether doing so is an effective deterrent for young offenders, if rehabilitation is out of the question, and if youth and society are better served by sending children away to adult prisons rather than juvenile detention facilities. These questions and others are addressed in this careful analysis of the history and evolution of transfer laws that are increasingly prevalent throughout the United States. The move toward charging juvenile delinquents as adult criminals initially coincided with an increase in violent crimes committed by youthful offenders. However, as such policies have grown and expanded, the methods by which youth are formally treated as adults in the criminal justice system have changed. Here, Myers examines the demographic, legal, criminal, and social characteristics of those youth who are waived to

adult courts, assessing the nature, use, and effectiveness of punishment and rehabilitation efforts in modern juvenile and criminal justice systems. He concludes that as long as separate juvenile and adult justice systems are maintained, there will be a desire and perceived need for transferring some youth to adult court. However, he suggests that such transfers should be facilitated on a much more limited basis, while greater resources and funding for prevention and early intervention should be implemented to prevent youth from offending in the first place. This controversial topic receives a thorough accounting in this volume, which will open readers' eyes to the realities of juvenile delinquency and its treatment by the criminal justice system.

Youth, Crime, and Justice NYU Press

This is the eBook of the printed book and may

not include any media, website access codes, or print supplements that may come packaged with the bound book. Offering concise, self-contained chapters, *Juvenile Justice Today*, 1e explores the history of juvenile justice, the juvenile justice system, and special populations. Video profiles accompany each chapter and give a dramatic picture of juveniles in the system, along with the police, judges and personnel that work with them. The mycrimekit website supports the text and includes practice quizzes, essay questions and online activities. Throughout the text, real-world examples and research and evaluations summaries help students understand the juvenile justice system, processes and people within it.

Juvenile Justice in America Twenty-First Century Books (Tm)

"The text is written from a practical standpoint, which students are likely to understand and

appreciate." —Lindsey Livingston Runell, J.D., Ph.D., Kutztown University Brief, focused, and up-to-date, *Juvenile Justice: A Guide to Theory, Policy, and Practice*, Ninth Edition, is a must-have text that takes students on a journey through the practical realities of the juvenile justice system and the most current topics in the field. Students not only learn about the history, process, and theories of the juvenile justice system, but they also gain access to the latest crime measurements and explore important issues such as community-based sanctions, treatment and rehabilitation, gangs, and international youth crime. Emphasizing evidence-based practices, the authors guide readers through the methods and problems of the system and offer realistic insights for students interested in a career in juvenile justice. Real-life examples, excellent pedagogical features, and a complete online ancillary package are provided to help instructors effectively teach the course and help students learn interactively. Give your students the SAGE edge!

SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at edge.sagepub.com/coxjj9e.

Juvenile Justice Oxford University Press
Even though youth crime rates have fallen since the mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and

punishment of criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime, Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescents—trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores desistance—the probability that delinquency or criminal activities decrease with age—and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-, school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police.

Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this problem.

Instructor's Manual with Test Bank to Accompany Juvenile Delinquency Russell Sage Foundation

Youth, Crime, and Justice is a comprehensive introduction to juvenile justice through a unique case-study approach. Each chapter opens with an engaging case, followed by an explanatory chapter that teaches core concepts, key terms, and critical issues. This accessible textbook covers the historical evolution of the

core institutions charged with the socialization, guidance, and regulation of children and youth in the modern era, including the family, schools, communities, child welfare, and the juvenile justice system. Adopting a life course perspective, the book examines the changing legal, social, and political landscape of childhood and adolescence in America. The authors take an intersectional focus, examining the dynamics of race, ethnicity, class, gender, sexuality, power, and privilege. The book discusses the juvenile justice system, including police, courts, corrections, and recent community innovations, in relation to the latest research on positive youth development and best practices. A complimentary Instructor's Manual and Test Bank are available, as well as an open-access Companion Website for students that includes interactive flashcards and

other learning material. Visit

the subjects, with practical examples of justice
in action, laws, policies, and programs in
juvenile justice.

The Contexts of Juvenile Justice Decision

Making Pearson Higher Ed

Explores the contexts of judges' decision making in juvenile courts that incarcerate disproportionately more minorities than whites. An in-depth examination of the contextual nature of decision making and the causes of disproportionate minority confinement in four relatively homogenous juvenile courts in Iowa, this book explores the subjective social psychological processes of juvenile court officers and the factors that influence those processes. Iowa, although a state with a predominantly white population, has one of the highest minority incarceration rates for juveniles. Michael J. Leiber focuses on the relationships between adherence to correctional orientations (such as retribution and rehabilitation) and decision-makers' views concerning race, crime, family, and respect for

authority with judgments and differential outcomes for youth. Quantitative and qualitative methodologies are used to determine the extent to which correctional ideologies and decision-makers' stereotyping of minorities are fueled by a wide range of contingencies, the impact of case processing and outcomes of whites, African Americans, and Native Americans, and how it varies by jurisdiction. Michael J. Leiber is Professor of Criminology at the University of Northern Iowa.
