Just as a student quotes others in his or her research paper, authors will quote someone else in their papers. In order to use this quote within a quote—also known as an indirect source—the phrase "qtd. in" is used in the parenthetical citation to clarify.

HOW TO USE QUOTES IN A RESEARCH PAPER
- Ms. Lockwood

The majority of your paper should still be your

original ideas in your own words (after all, it's your paper). And quotations are only one type of evidence: well-balanced papers may also make use of paraphrases, data, and statistics.

This Is How to Write an Effective Research Paper | Grammarly

To quote in a research paper in APA style, use in-text parenthetical citations at the end of quotes that have the author's last name and the year the text was published. If you mention the author's name in the sentence with the quote, just include the year the text was published in the citation.

HOW TO USE QUOTES IN A RESEARCH PAPER

Quoting Material Taking the exact words from an original source is called quoting. You should quote material when you believe the way the original author expresses an idea is the most effective means of communicating the point you want to make. If you want to borrow an idea from an author,

How to Quote in a Research Paper (with Examples) - wikiHow

"A number of years ago, when I was a freshly-appointed instructor, I met, for the first time, a certain eminent historian of science. At the time I could only regard him with tolerant condescension. I was sorry of the man who, it seemed to me, was forced to hover about the edges of science. He was ...

Direct Quote: A direct quote is when you use another person's words directly in your paper. Knowing when to use a direct quote is important. Do not quote everything you want to say. Most things should be paraphrased. Use a direct quote when you want the reader to read an important historical line or it is something someone said that is important.
