You Are Radically Loved Orbis Books
From the award-winning host of the Radically Loved podcast, an invitation to discover the healing power of who you are, body, mind, and spirit. Growing up in East L.A. in the nineties, Rosie Acosta dismissed spirituality and wellness as something people like her didn't do. But after being arrested at age fifteen, she knew that only a radical change would lead her away from debilitating anxiety

and self-doubt. As she puts it, yoga offered her a ladder and she began to climb. In this empowering and accessible guide, Acosta leads readers through the essential spiritual practices she uses to create a radically loved life. With the arc of her own journey as a framework, she presents meditations, journaling questions, and practices for identifying and honoring our own radical truths. With grit and grace, this heart-filled guide makes spiritual practice accessible to everyone and helps you become the person you are truly meant to be.

Rohr's meditations on the daily readings of Lent are not for the sake of mere information, or even for academia (although the author hopes it will satisfy both), but for the sake of

our transformation into our original "image and likeness," which is the very image of God. What always and finally matters for all of us is encounter! Father Rohr begins each meditation with a single title or phrase that sums up the point. Then he offers the meditation followed by key passages from the readings. He ends each meditation with a Starter Prayer that invites you to self-disclosure and to enter the wondrous divine dialogue with clarity, insight—and holy desire! "There are two moments that matter. One is when you know that your one and only life is absolutely valuable and alive. The other is when you know your life, as presently lived, is entirely pointless and empty. You need both of

them to keep you going in the right direction. Lent is about both. The first such moment gives you energy and joy by connecting you with your ultimate Source and Ground. The second gives you limits and boundaries, and a proper humility, so you keep seeking the Source and Ground and not just your small self."—From the Introduction

Unique Lenten Reflections We are one--not just all human beings, but all creation, the entire universe. We live in and through a complex set of relationships we hardly notice. These insights affirmed by new physics and old mystics alike provide the foundation for Quantum Grace, a book of compelling daily Lenten reflections. Author Judy Cannato invites us during the season of Lent to look at our beliefs, decisions, and actions and the ways they affect our personal lives and the lives of others. She shows us that "remaining vulnerable to the

divine presence, allowing God to expose the places in our hearts that suffer from the illusion that we are separate and apart--this is the real work of Lent, and it is a co-creative activity that requires us to be honest with God so that God can be honest with us." Intended for individual reflection, but also ideal for group use, Quantum Grace offers a unique and valuable approach to the Lenten experience.

Learn to see God's remarkable works in the everyday ordinary of your life. Your remarkable life is happening right here, right now. You may not be able to see it--your life may seem predictable and your work insignificant until you look at your life as Frederick Buechner does. Named "the father of today's spiritual memoir movement" by Christianity Today, Frederick Buechner reveals how to stop, look, and listen to your life. He reflects on how both art and faith teach us how to pay attention to the remarkableness right in front of us, to watch for the greatness in the ordinary, and to use our imaginations to see the greatness in others and love them well. Pay attention, says Buechner. Listen to the call of a bird or the rush of the wind, to the people who flow in and out of your life. The ordinary points

you to the extraordinary God who created and loves all of creation, including you. Pay attention to these things as if your life depends upon it. Because, of course, it does. As you learn to pay attention to your life and what God is doing in it, you will uncover the plot of your life's story and the sacred opportunity to connect with the Divine in each moment.

Very little in this world stays fresh and life-giving for 1,500 years. But when that happens we should ask ourselves why and what that had to do with us. In this book, *The Radical Christian Life: A Year with Saint Benedict*, Joan Chittister encourages us to look at that question. In an introductory essay she examines how the insights and values of the sixth-century Visionary Saint Benedict can illuminate today's search for a meaningful life. Then she leads us through the year, reflecting on twelve stories from Benedict's life, anecdotes that give us glimpses into his soul. More than that, she draws from these stories daily thoughts for the development of our own spiritual lives in this day and age. Joan Chittister, OSB, is a Benedictine sister and international lecturer who has been a leading voice in spirituality for more than thirty years. She has authored over forty books, most recently *Uncommon Gratitude* and *The Monastery of the Heart*, part of a program she is helping to develop to enable lay groups to live Benedictine spirituality in a contemporary way.

Not By Bread Alone Franciscan Media Henri Nouwen wisely said, "The great illusion of leadership is to think that man can be led out of the desert by someone who has never been there." Jesus has "been there" and knows how to lead us out--but first, he just may lead us in. He meets us in the desert and does his

best work in us there. We look for an easier way yet another TV show is streamed or another drink is swallowed, we find we once again feel worse, not better, than we did before. in vain. I myself reluctantly entered the desert and eventually received unimagined gifts there--gifts I didn't ask for, deserve, or want--gifts hidden in such painful loss that I despaired--and yet, looking back now, these "desert gifts" were the best thing that ever happened to me. I entered the desert, and years later, found my way out. It's not a new way, it was just new to me. Jewish and Christian sages had been living it for thousands of years. Somehow, in recent generations, we managed to forget it. In this collection I mean to begin to make those riches available to you. I'm hoping that like me, you'll discover something that you didn't know you wanted or needed--and something now you wouldn't give up at any price.

God for Us Zondervan

Francis of Assisi is one of the most beloved of all saints. Both traditional and entirely revolutionary, he was a paradox. He was at once down to earth and reaching toward heaven, grounded in the rich history of the Church while moving toward a new understanding of the world beyond. Globally recognized as an ecumenical teacher, Richard Rohr started out—and remains—a Franciscan friar. The loving, inclusive life and preaching of Francis of Assisi make him a recognizable and beloved saint across many faith traditions. He was, as Rohr notes, "a master of 'making room for it' and letting go of that which was tired or empty." Francis found an "alternative way" to follow Jesus, one that disregarded power and privilege and held fast to the narrow path of the Gospel. Rohr helps us look beyond the birdbath image of the saint to remind us of the long tradition founded on his revolutionary, radical, and life-changing embrace of the teachings of Jesus. Rohr draws on Scripture, insights from psychology, and literary and artistic references, to weave together an understanding of the tradition as first practiced by St. Francis. Rohr shows how his own innovative theology is firmly grounded in the life and teaching of this great saint and provides a perspective on how his alternative path to the divine can deepen and enrich our spiritual lives.

"A fresh way of thinking about spirituality that grows throughout life. In *Falling Upward*, Fr. Richard Rohr seeks to help readers understand the tasks of the two halves of life and to show them that those who have fallen, failed, or "gone down" are the only ones who understand "up." Most of us tend to think of the second half of life as largely about getting old, dealing with health issues, and letting go of life, but the whole thesis of this book is exactly the

opposite.? What looks like falling down can largely be experienced as "falling upward."? In fact, it is not a loss but somehow actually a gain, as we have all seen with elders who?have come to their fullness.??

Explains why the second half of life can and should be full of spiritual richness Offers a new view of how spiritual growth happens loss is gain Richard Rohr is a regular contributing writer for Sojourners and Tikkun magazines This important book explores the counterintuitive message that we grow spiritually much more by doing wrong than by doing right."--

Beyond Words Wipf and Stock Publishers An extraordinary work that revitalizes theology and Christian life by recovering the early roots of Trinitarian doctrine and exploring the enduringly practical dimensions of faith in God as a community of persons.

"Faith is breathing in the oxygen of God's grace, giving life to my once-dead heart."
—Paul David Tripp As breath is to the body, so faith is to the Christian life. Through 40 daily meditations from his best-selling devotional *New Morning Mercies*, popular author and

speaker Paul David Tripp explores how deep-seated trust in God and his word radically alters not only the way we think, but also the way we live. Tripp urges us not to rely on our own wisdom, experience, and strength—but to ask God to transform us into people who live by faith with a radical, God-centered point of view.

"[Philip Gulley's] vision of Christianity is grounded, gripping, and filled with uncommon sense. In a moving example of unconditional love in difficult times, Gregory Boyle, the Jesuit priest and New York Times bestselling author of *Tattoos on the Heart*, shares what working with gang members in Los Angeles has taught him about faith, compassion, and the enduring power of kinship. In his first book, *Tattoos on the Heart: The Power of Boundless Compassion*, Gregory Boyle introduced us to Homeboy Industries, the largest gang-intervention program in the world. Critics hailed that book as an "astounding literary and spiritual feat" (Publishers Weekly) that is "destined to become a classic of both urban reportage and contemporary spirituality" (Los Angeles Times). Now, after the successful expansion of Homeboy Industries, Boyle returns with *Barking to the Choir* to reveal how compassion is transforming the lives of gang members. In a nation deeply divided and plagued by poverty and violence, *Barking to the Choir* offers a snapshot into the challenges and joys of life on the margins. Sergio, arrested at age nine, in a gang by age twelve, and serving time shortly thereafter, now works with the substance-abuse team at Homeboy to help others find sobriety. Jamal, abandoned by his family when he tried to attend school at age

seven, gradually finds forgiveness for his schizophrenic mother. New father Cuco, who never knew his own dad, thinks of a daily adventure on which to take his four-year-old son. These former gang members uplift the soul and reveal how bright life can be when filled with unconditional love and kindness. This book is guaranteed to shake up our ideas about God and about people with a glimpse at a world defined by more compassion and fewer barriers. Gently and humorously, Barking to the Choir invites us to find kinship with one another and re-convinces us all of our own goodness.
