God’s grace, giving life to my once-dead heart.” —Paul David Tripp

As breath is to the body, so faith is to the Christian life. Through 40 daily meditations from his best-selling devotional *New Morning Mercies*, popular author and speaker Paul David Tripp explores how deep-seated trust in God and his word radically alters not only the way we think, but also the way we live. Tripp urges us not to rely on our own wisdom, experience, and strength—but to ask God to transform us into people who live by faith with a radical, God-centered point of view.

From the award-winning host of the Radically Loved podcast, an invitation to discover the healing power of who you are, body, mind, and spirit. Growing up in East L.A. in the nineties, Rosie Acosta dismissed spirituality and wellness as something people like her didn't do. But after being arrested at age fifteen, she knew that only a radical change would lead her away from debilitating anxiety

and self-doubt. As she puts it, yoga offered her a ladder and she began to climb. In this empowering and accessible guide, Acosta leads readers through the essential spiritual practices she uses to create a radically loved life. With the arc of her own journey as a framework, she presents meditations, journaling questions, and practices for identifying and honoring our own radical truths. With grit and grace, this heart-filled guide makes spiritual practice accessible to everyone and helps you become the person you are truly meant to be.

Breathing Under

Water Multnomah
Henri Nouwen wisely said, "The great illusion of leadership is to think that man can be led out of the desert by someone who has never been

there." Jesus has "been there" and knows how to lead us out--but first, he just may lead us in. He meets us in the desert and does his best work in there. We look for an easier way in vain. I myself reluctantly entered the desert and eventually received unimagined gifts there--gifts I didn't ask for, deserve, or want--gifts hidden in such painful loss that I despaired--and yet, looking back now, these "desert gifts" were the best thing that ever happened to me. I entered the desert, and years later, found my way out. It's not a new way, it was just new to me. Jewish and Christian sages had been living it for thousands of years. Somehow, in recent generations, we managed to forget it. In this collection I mean to begin to make those riches available to you. I'm hoping that like me, you'll discover something that you didn't know you wanted or needed--and something now you wouldn't give up at any price.

In this powerful book, Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations. Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh, the God of Israel. This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time.

One of the most beloved and trusted mindfulness teachers in America offers a lifeline for difficult times: the RAIN meditation, which awakens our courage and heart
Tara Brach is an in-the-trenches teacher whose work counters today's ever-increasing onslaught of news, conflict, demands, and anxieties--stresses that leave us rushing around on auto-pilot and cut off from the presence and creativity that

give our lives meaning. In this heartfelt and deeply practical book, she offers an antidote: an easy-to-learn four-step meditation that quickly loosens the grip of difficult emotions and limiting beliefs. Each step in the meditation practice (Recognize, Allow, Investigate, Nurture) is brought to life by memorable stories shared by Tara and her students as they deal with feelings of overwhelm, loss, and self-aversion, with painful relationships, and past trauma--and as

they discover step-by-step the sources of love, forgiveness, compassion, and deep wisdom alive within all of us. A PENGUIN LIFE TITLE *Wisdom From the Margins* Franciscan Media Rohr's meditations on the daily readings of Lent are not for the sake of mere information, or even for academia (although the author hopes it will satisfy both), but for the sake of our transformation into our original "image and likeness," which is the very image of God. What always and finally matters for all of us is encounter! Father

Rohr begins each meditation with a single title or phrase that sums up the point. Then he offers the meditation followed by key passages from the readings. He ends each meditation with a Starter Prayer that invites you to self-disclosure and to enter the wondrous divine dialogue with clarity, insight—and holy desire! "There are two moments that matter. One is when you know that your one and only life is absolutely valuable and alive. The other is when you know your life, as presently lived, is entirely pointless and empty. You need both of them to keep you going in the right direction.

Lent is about both. The first such moment gives you energy and joy by connecting you with your ultimate Source and Ground. The second gives you limits and boundaries, and a proper humility, so you keep seeking the Source and Ground and not just your small self."—From the Introduction

Destined to Reign
Devotional Crossway

We hear a lot about the gospel of success, whether from Christian or New Age sources. But most of us are more accustomed to failure, or at least not reaching our hopes. Which, surely, is at the heart of the life of Jesus and his

message. This book is Christianity, including a radical departure from much of what modern day Christianity (and gurus of all kinds) seem to offer. Rather than seeing Christianity as a group of people trying to change themselves into the ideal, it describes how such a practice is precisely what Jesus came to liberate us from.

Rooted in the observation that massive transitions in the church happen about every 500 years, Phyllis Tickle shows readers that we live in such a time right now. She compares the Great Emergence to other "Greats" in the history of

the Great Transformation (when God walked among us), the time of Gregory the Great, the Great Schism, and the Great Reformation. Combining history, a look at the causes of social upheaval, and current events, The Great Emergence shows readers what the Great Emergence in church and culture is, how it came to be, and where it is going. Anyone who is interested in the future of the church in America, no matter what their personal affiliation, will find this book a fascinating exploration. Study guide by Danielle Shroyer.

"[Philip Gulley's] vision of

Christianity is grounded, gripping, and filled with uncommon sense. He is building bridges instead of boundaries, and such wisdom is surely needed now." —Richard Rohr, O.F.M., author of *Everything Belongs* Quaker minister Philip Gulley, author of *If Grace Is True* and *If God Is Love*, returns with *If the Church Were Christian*: a challenging and thought-provoking examination of the author's vision for today's church... if Christians truly followed the core values of Jesus Christ. Fans of

Shane Claiborne, Rob Bell, and unChristian will find much to discuss in *If the Church Were Christian*, as will anyone interested in the future of this institution.

The Radical Pursuit of Rest LifeRich Publishing

Francis of Assisi is one of the most beloved of all saints. Both traditional and entirely revolutionary, he was a paradox. He was at once down to earth and reaching toward heaven, grounded in the rich history of the Church while moving toward a new understanding of the

world beyond. Globally recognized as an ecumenical teacher, Richard Rohr started out—and remains—a Franciscan friar. The loving, inclusive life and preaching of Francis of Assisi make him a recognizable and beloved saint across many faith traditions. He was, as Rohr notes, “a master of ‘making room for it’ and letting go of that which was tired or empty.” Francis found an “alternative way” to follow Jesus, one that disregarded power and privilege and held fast to the narrow path of the Gospel. Rohr helps us look beyond the birdbath image of the saint to remind us of

the long tradition founded on his revolutionary, radical, and life-changing embrace of the teachings of Jesus. Rohr draws on Scripture, insights from psychology, and literary and artistic references, to weave together an understanding of the tradition as first practiced by St. Francis. Rohr shows how his own innovative theology is firmly grounded in the life and teaching of this great saint and provides a perspective on how his alternative path to the divine can deepen and enrich our spiritual lives. In *A Devotional for Progressive Christians*, author Lon Chesnutt is speaking to and for self-exiles from the church who claim to be spiritual but not religious in our times. During a time of intense searching over what it means to be religious, this short book offers some hope. In a practical way with stories and experience the author demonstrates how to move from personal reflection to

trusting your judgment and engaging the world. It can change your journey in prayer from wondering whos listening into new insights on personal responsibility.

If the Church Were Christian

Convergent Books
"A fresh way of thinking about spirituality that grows throughout life. In *Falling Upward*, Fr. Richard Rohr seeks to help readers understand the tasks of the two halves of life and to show them that those who have fallen, failed, or "gone down" are the only ones who understand "up."

Most of us tend to think of the second half of life as largely about getting old, dealing with health issues, and letting go of life, but the whole thesis of this book is exactly the opposite. What looks like falling down can largely be experienced as "falling upward." In fact, it is not a loss but somehow actually a gain, as we have all seen with elders who have come to their fullness. Explains why the second half of life can and should be full of spiritual richness Offers a new view of how spiritual growth happens loss is gain Richard Rohr is a regular contributing writer for Sojourners and Tikkun magazines This important book explores the counterintuitive message that we grow spiritually much more by doing wrong than by doing right.--
