Popular Mechanics
This book will enable you to determine whether or not someone is lying to you. Contains over 60 axioms or guidelines that put your subject through the gauntlet. From FBI Agent to Housewife, you need to read this book. After you do, you will never look at the NEWS, political speeches, or anything that the government tells you in the same light. Conceived in an environment of pathological liars, this book takes "common sense" to a new level. Some deceptions are very subtle and nefarious, and some deceptions are your own conclusions - which you arrive at by the design of the liar - or government - which tells you only what will lead you to believe their lies

The ARRL Handbook for the Radio Amateur
In response to popular demand, Emmanuel Goldstein (aka, Eric Corley) presents a spectacular collection of the hacker culture, known as 2600: The Hacker Quarterly, from a firsthand perspective. Offering a behind-the-scenes vantage point, this book provides devoted fans of 2600 a compilation of fascinating—and controversial—articles. Cult author and hacker Emmanuel Goldstein has collected some of the strongest, most interesting, and often provocative articles that chronicle milestone events and technology changes that have occurred over the last 24 years. He divulges author names who were formerly only known as “ anonymous ” but have agreed to have their identity revealed. The accompanying CD-ROM features the best episodes of Goldstein ’ s “ Off the Hook ” radio shows. Note: CD-

ROM/DVD and other supplementary materials are not included as part of eBook file.

Kiplinger's Personal Finance
You dont need to know anything about electronics or telephones to refurbish your own non-working antique telephone. Simply follow the step-by-step procedures outlined in Refurbish Antique Telephones for Fun and Hobby to make your antique telephone look and work just as it did one hundred years ago. Turn a dust-laden oak wall phone into a beautiful piece of furniture that will serve as the focal point of an office, kitchen, or hallway. Transform a vintage Sultan phone from the 1920s into an instant conversation piece. No confusing circuit diagrams to follow. Just follow the steps given in words to wire the phone. There are loads of pictures to help walk you through the process of restoring your own small piece of history. There are even instructions on how to create a hidden touch-tone dial. All you need to get started are some basic tools and an old telephone. So hit those antique stores and flea markets with abandon, because Refurbish Antique Telephones for Fun and Hobby will help make your next telephone restoration project a success.
