S.U.M.O. stands for Shut Up, Move On. It's a phrase to say to ourselves (and sometimes others) when we are acting or thinking in a way that is hindering our ability to succeed. It doesn't necessarily mean 'get over it' or 'pull yourself together' (although there may be occasions when both responses are necessary). 'Shut Up' means stop what you're doing, take time out to reflect, let go of baggage and beliefs that hinder your potential. 'Move On' means tomorrow can be different from today, look for new possibilities, don't just think about it, take action. There are six S.U.M.O. principles that are designed to help you create and enjoy a brilliant life. If you are wrestling with life's challenges, these principles will help you do so more successfully. 1. Change Your T-Shirt -

take responsibility for your own life and don't be a victim. 2. Develop Fruity Thinking - change your thinking and change your results. 3. Hippo Time is OK - understand how setbacks affect you and how to recover from them. 4. Remember the Beachball - increase your understanding and awareness of other people's world. 5. Learn Latin - change comes through action not intention. Overcome the tendency to put things off. 6. Ditch Doris Day - create your own future rather than leave it to chance. Forget the attitude 'que sera, sera, whatever will be, will be.' "A superb book. It combines honesty, humour and inspiration to help people move ahead in life." —Allan and Barbara Pease, authors of *Why Men Don't Listen and Women Can't Read Maps* "Powerful, simple and effective. A highly engaging and thought provoking book. Anyone who reads it is sure to

look at themselves and the world differently as a result." —Octavius Black and Sebastian Bailey, *The Mind Gym* The S.U.M.O. guy is Paul McGee, an international speaker and author. He has been developing the S.U.M.O. principles over the last five years.

The ghosts of Britain need a sanctuary. Castles with central heating, bogs drained for motorways, dismal forests cleared for car parks—there are few places left for a respectable ghost to haunt. Humphrey the Horrible (actually his name is simply Humphrey—he added "the Horrible" to help himself become horrible) is a small, mostly unsuccessful ghost in a family of ghastly ghouls. His mother worries. But Humphrey has enough pluck to befriend a smart, politically aware schoolboy, Rick Henderson, who is willing to take the ghosts' cause right to the top, to number

10 Downing Street—home of the Prime Minister.

A-HA! Performance Random House

Praise for A-HA! Performance "Since I wrote Choice Theory many years ago, I have come to the conclusion that there is only one major human problem: we have yet to figure out how to get along well with each other. In this book, Walker supports this conclusion with humor, creativity, and great insight. Managers who both follow his suggestions and teach them to those they

manage will be rewarded with a manage people--and especially happy and profitable workplace. And do it at less cost than the company is spending now." --William Glasser, MD, President and founder, William Glasser Institute, and author of Choice Theory and Reality Therapy "If ever there was a title that perfectly matched the content of a book, this is it. I have never experienced more a-ha's from a book in my life. One of the biggest a-ha's is that you don't build a motivated workforce--you already have one! If you

manage people--and especially if you aspire to truly lead people--then this book is required reading. Rock-solid ideas from a master on motivation." --Joe Calloway, author of Work Like You're Showing Off! "An amazingly practical and prodigiously useful resource to help create and bolster a world-class sales force, but also a blueprint for better living in general. An absolute mandatory read for all my employees, not to mention friends and family members. I don't know anyone who couldn't benefit from

applying the A-HA model. The title might be more apropos if it were 'Holy cow! Where's this been my whole career?' --Robert H. Fleet, Branch Manager, National Builder Division, Countrywide Home Loans "A-HA! Performance should be mandatory reading for every manager. Each chapter offers simple and compelling methods for building and managing a self-motivated workforce. The realistic examples presented throughout the book reinforce the steps in the A-HA model and provide the foundation for

easy application to professional and personal situations." --Ann Owens, Vice President, Total Rewards Management, QUALCOMM "Avoiding a fight-or-flight reaction from an employee who needs coaching on improved performance or behavior changes requires the manager understand the employee's vested interest. Walker teaches the skills required to effectively create three wins: for the company, the employee, and the manager. It's a must-read for all leaders who want to be more proficient in

getting needed performance changes from their employees by improving their own nurturing, coaching, or mentoring skills. I'm reading it for the third time and still gleaning more tips and insights. Even though it's constructed as a managerial self-help book, it's really an insightful, powerful textbook, and as such needs to be studied." --Ron Cook, National Accounts Manager, 3M

Raumanen Simon and Schuster From failure to fusilli, this deliciously hilarious read tells the story of Giulia Melucci's fizzled romances and the mouth-watering recipes she used to seduce her men, and console herself when the relationships flamed out. From an affectionate alcoholic, to the classic New York City commitment-phobe, to a hipster aged past his sell date, and not one, but two novelists with Peter Pan complexes, Giulia has cooked for them all. She

suffers each disappointment with resolute cheer (after a few tears) and a bowl of pasta (recipes included) and has lived to tell the tale so that other women may go out, hopefully with greater success, and if that's not possible, at least have something good to eat. Peppered throughout Giulia's delightful and often poignant remembrances are fond recollections of her mother's cooking, the recipes she learned from her, and many she invented in the throes of passion.

The troubled Hulan must overcome her own fears of failure, while David tries desperately to break through the shell that has built up around his wife. As Hulan and David are enmeshed in international schemes for power and the turbulence of their own relationship, these hunters after the truth become the hunted—in a fast-driving narrative set against the backdrop of the building of the Three Gorges Dam, the largest and most expensive project China has undertaken since the Great Wall and the subject of great international debate. It is here, in the heart of the Three

Gorges, that David and Hulan will battle their enemies and their own natures to see who will win China's dragon bones. Dragon Bones combines ancient myth with contemporary anxieties concerning religious fanaticism and terrorism to tell a story of love, betrayal, history, ecology, greed—and gory murder. *Princess Adventure Stories*

Tessa Dare spins a witty, wanton tale of passion and conquest, as a reformer and a rake find unexpected love. Only one thing could convince Sir Tobias Aldridge, an incorrigible libertine, to profess undying fidelity to a woman he's just met. Revenge. Isabel is determined to marry a wealthy, powerful lord and become a lady of influence, using her rank and fortune to fight social injustice. Sir Toby, with his paltry title and infamous reputation, is unsuitable husband material—but he makes her blood race, her heart pound, and her long-buried passions come to the surface. If she can reform the charming devil, she'll get exactly what she craves: society's respect. But it's a dangerous gamble. For if Toby wins this battle of persuasion, Isabel could lose her heart.

A novel of heroism, passion, and betrayal, it provides a spectacular conclusion to a series hailed as one of the great works of modern literature. At the start of House of Glass, Minke, writer and leader of the dissident movement, is now imprisoned—and the narrative has switched to Pangemanann, a

Pangemanann is a victim of his own conscience and has come to admire his adversaries. He must decide whether the law is to safeguard the rights of the people or to control the people. Raumanen, a prize-winning novel by Marianne Katoppo, tells the story of Monang, a handsome but wayward Batak man, and Raumanen, a young Minahasa woman who, though educated and intelligent, is also a 'soft touch' when it comes to love. As is deftly revealed by the author in this novel, even in modern

day Indonesia, matters of religion and ethnicity can greatly affect--for better or worse--the course of a couple's relationship.
