Spotlight on Music Clavis

When a group of social activists arrives in a small town, the lives and beliefs of residents and outsiders alike are upended, in this wry, embracing novel. Big Burr, Kansas, is the kind of place where everyone seems to know everyone, and everyone shares the same values—or keeps their opinions to themselves. But when a national nonprofit labels Big Burr “the most homophobic town in the US” and sends in a task force of queer volunteers as an experiment—they'll live and work in the community for two years in an attempt to broaden hearts and minds—no one is truly prepared for what will ensue. Furious at being uprooted from her life in Los Angeles and desperate to fit in at her new high school, Avery fears that it’s only a matter of time before her “gay crusader” mom outs her. Still grieving the death of her son, Linda welcomes the arrivals, who know mercifully little about her past. And for Christine, the newcomers are not only a threat to the comforting rhythms of Big Burr life, but a call to action. As tensions roil the town, cratering relationships and forcing closely guarded secrets into the light, everyone must consider what it really means to belong. Told with warmth and wit, Under the Rainbow is a poignant, hopeful articulation of our complicated humanity that reminds us we are more alike than we’d like to admit.

THE MYSTERY OF THE MEANEST TEACHER: A JOHNNY CONSTANTINE GRAPHIC NOVEL is a comedic middle grade graphic novel about two kids with developing magical powers trying to figure out if their schoolteacher is really, secretly, a witch. After angering a number of hostile spirits in England, 13-year-old magician Johnny Constantine has to find a way out of the country. Persuading his parents to send him to America, John arrives at the Junior Success Boarding School in Salem, Massachusetts. But once there,he finds himself to be something of an outcast. And he is also convinced that his homeroom teacher really has it in for him. Worse, he's convinced that's she's really a witch. Fortunately, John is able to find one kindred spirit at school with whom he's able to form an alliance--another misfit named Anna, who also happens to have her own developing magical powers. John recruits Anna in his efforts to uncover the truth about Ms. Kayla and expose the Meanest Teacher's real identity to the world. Joined by a friendly demon named Etrigan, these two amateur sleuths will uncover clues and stumble upon forces beyond their control in a humorous series of misadventures.

Ghoulardi Jonathan David Company, Incorporated

When Kai flies out of a shed, swinging a rake, Rick's life flips upside down. As alpha, Rick's dedication to his pack has never wavered-until Kai. The pull he feels toward the younger man is more than a simple distraction, but Rick won't let himself lose focus. Not while a hidden enemy is drawing near. Moving in with the grumpy alpha who saved him is a big change for Kai, and it isn't long before he begins to ache for something he can't have. As a half-human shifter responsible for his three younger siblings, he knows he can never be Rick's mate. Pushing aside their doubts and insecurities, they grow closer. But when the pack's enemies strike, bringing their fears to fruition, Rick and Kai have to decide if they're willing to risk it all to be together. The Alpha and His King is the first book in the Kincaid Pack series and features a quick-tempered and possessive alpha; a sweet and feisty alpha-mate; shifters, seers, and witches galore; massive amounts of hurt/comfort; and a happily ever after. Edogawa Ranpo (1894-1965) was a great admirer of Edgar Allan Poe and like Poe drew on his penchant for the grotesque and the bizarre to explore the boundaries of conventional thought. Best known as the founder of the modern Japanese detective novel, Ranpo wrote for a youthful audience, and a taste for playacting and theatre animates his stories. His writing is often associated with the era of ero guro nansense (erotic grotesque nonsense), which accompanied the rise of mass culture and mass media in urban Japan in the 1920s. Characterized by an almost lurid fascination with simulacra and illusion, the era ’ s sensibility permeates Ranpo's first major work and one of his finest achievements, Strange Tale of Panorama Island (Panoramato kidan), published in 1926. Ranpo ’ s panorama island is filled with cleverly designed optical illusions: a staircase rises into the sky; white feathered “ birds ” speak in women ’ s voices and offer to serve as vehicles; clusters of naked men and women romp on slopes carpeted with rainbow-colored flowers. His fantastical utopia is filled with entrancing music and strange sweet odors, and nothing is ordinary, predictable, or boring. The novella reflected the new culture of mechanically produced simulated realities (movies, photographs, advertisements, stereoscopic and panoramic images) and focused on themes of the doppelganger and appropriated identities: its main character steals the identity of an acquaintance. The novella ’ s utopian vision, argues translator Elaine Gerbert, mirrors the expansionist dreams that fed Japan's colonization of the Asian continent, its ending an eerie harbinger of the collapse of those dreams. Today just as a new generation of technologies is transforming the way we think—and becoming ever more invasive and pervasive—Ranpo's work is attracting a new generation of readers. In the past few decades his writing has inspired films, anime, plays, and manga, and many translations of his stories, essays, and novels have appeared, but to date no English-language translation of Panoramato kidan has been available. This volume, which includes a critical introduction and notes, fills that gap and uncovers for English-language readers an

important new dimension of an ever stimulating, provocative talent. Under the Rainbow Silver Dolphin Books
This Companion is a comprehensive examination of the varied ways in which gender issues manifest throughout culture in Japan, using a range of international perspectives to examine private and public constructions of identity, as well as gender- and sexuality-inflected cultural production. The Routledge Companion to Gender and Japanese Culture features both new work and updated accounts of classic scholarship, providing a go-to reference work for contemporary scholarship on gender in Japanese culture. The volume is interdisciplinary in scope, with chapters drawing from a range of perspectives, fields, and disciplines, including anthropology, art history, history, law, linguistics, literature, media and cultural studies, politics, and sociology. This reflects the fundamentally interdisciplinary nature of the dual focal points of this volume—gender and culture—and the ways in which these themes infuse a range of disciplines and subfields. In this volume, Jennifer Coates, Lucy Fraser, and Mark Pendleton have brought together an essential guide to experiences of gender in Japanese culture today—perfect for students, scholars, and anyone else interested in Japan, culture, gender studies, and beyond.

Cat Fanciers' Almanac Routledge
"A dazzling journey across the sciences and humanities in search of deep laws to unite them." --The Wall Street Journal One of our greatest living scientists--and the winner of two Pulitzer Prizes for On Human Nature and The Ants--gives us a work of visionary importance that may be the crowning achievement of his career. In Consilience (a word that originally meant "jumping together"), Edward O. Wilson renews the Enlightenment's search for a unified theory of knowledge in disciplines that range from physics to biology, the social sciences and the humanities. Using the natural sciences as his model, Wilson forges dramatic links between fields. He explores the chemistry of the mind and the genetic bases of culture. He postulates the biological principles underlying works of art from cave-drawings to Lolita. Presenting the latest findings in prose of wonderful clarity and oratorical eloquence, and synthesizing it into a dazzling whole, Consilience is science in the path-clearing traditions of Newton, Einstein, and Richard Feynman. The Routledge Companion to Gender and Japanese Culture Penguin
Iris Murdoch's debut—a comic novel about work and love, wealth and fame Jake Donaghue, garrulous artist, meets Hugo Bellfounder, silent philosopher. Jake, hack writer and sponger, now penniless flat-hunter, seeks out an old girlfriend, Anna Quentin, and her glamorous actress sister, Sadie. He resumes acquaintance with the formidable Hugo, whose ‘ philosophy ’ he once presumptuously dared to interpret. These meetings involve Jake and his eccentric servant-companion, Finn, in a series of adventures that include the kidnapping of a film-star dog and a political riot on a film set of ancient Rome. Jake, fascinated, longs to learn Hugo ’ s secret. Perhaps Hugo ’ s secret is Hugo himself? Admonished, enlightened, Jake hopes at last to become a real writer.

Who doesn't love a great mystery? This book presents the eerie accidents and unexplained disappearances that have occurred in the region known as the Bermuda Triangle. Even before it was named, the Bermuda Triangle--roughly bounded by Miami, Bermuda, and Puerto Rico--had gained a mythic reputation. The Bermuda Triangle became famous for making boats and ships vanish, and for snatching planes right out of the sky. But are these stories true? And if they are true, is there a more sensible reason that refutes the bad karma of the region? With so many mystifying events to learn about, readers will love disappearing into this story.

The Florists' Review Tordotcom

The psychology classic—a detailed study of scientific theories of human nature and the possible ways in which human behavior can be predicted and controlled—from one of the most influential behaviorists of the twentieth century and the author of Walden Two. “ This is an important book, exceptionally well written, and logically consistent with the basic premise of the unitary nature of science. Many students of society and culture would take violent issue with most of the things that Skinner has to say, but even those who disagree most will find this a stimulating book. ” —Samuel M. Strong, The American Journal of Sociology “ This is a remarkable book—remarkable in that it presents a strong, consistent, and all but exhaustive case for a natural science of human behavior...It ought to be...valuable for those whose preferences lie with, as well as those whose preferences stand against, a behavioristic approach to human activity. ” —Harry Prosch, Ethics The Jungle Book Penguin

The behind-the-scenes story of the outrageous Ghoulardi show and its unusual creator, Ernie Anderson. The groundbreaking late-night TV horror host shocked and delighted Northeast Ohio in the mid-1960s on Friday nights with strange beatnik humor, bad movies, and innovative sight gags. Includes rare photos, interviews, transcripts, and trivia.

The year is 2065. Rio de Janeiro, Brazil, is getting ready to celebrate its 500th anniversary. Ten million people will attend the event at the giant Copacabana Beach Park. Billions will watch on colossal screens spread throughout the Solar System. However, at midnight, something unprecedented and bombastic will, and is about to happen. Bruna is perhaps the last human female of her species who wants to be loved, wants to be a mother, and who wants to love and nurture her own children. Her civil cohabitant Maxim is too busy piloting spaceships to and from Planet Mars to offer her any attention. Bruna fears he's, at least in part, an android. An immersion into what things will be like living in Rio, living in Brazil, living on planet Earth, living on the Moon, and living on other planets in the Solar System. More significantly, this is an essay that seeks to address the overwhelming, startling, and unavoidable issue of whom and what we human beings will have become by 2065.

The Mystery of the Meanest Teacher: A Johnny Constantine Graphic Novel Encyclopaedia Britannica Winner of the Hugo Award! In A Psalm for the Wild-Built, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? At the
