Common Core Eureka Math for Grade 6, Module 6 Created by teachers, for teachers, the

research-based curriculum in this series presents a comprehensive, coherent sequence of

thematic units for teaching the skills outlined in the CCSS for Mathematics. With four-color

illustrations, complete lesson plans, and reproducible student worksheets and assessments,

this resource is uniquely designed to support teachers in developing content-rich, integrated

learning experiences that adhere to established standards and encourage student

engagement. Developed by Common Core, a non-profit advocacy group dedicated to

producing content-rich liberal arts curricula for America's K-12 schools, Common Core

Mathematics is the most comprehensive CCSS-based mathematics curriculum available

today. The modules are sequenced and paced to support the teaching of mathematics as an

unfolding story that follows the logic of mathematics itself. They embody the instructional

"shifts" and the standards for mathematical practice demanded by the CCSS. Each module

contains a sequence of lessons that combine conceptual understanding, fluency, and

application to meet the demands of each topic in the module. Formative assessments are

included to support data-driven instruction. The modules are written by teams of master

teachers and mathematicians. This Module addresses Statistics. Common Core Learning
