Teach yourself French in just 12 weeks with this fun-filled language course. DK's 15 Minute French is the perfect course for busy people who want to learn French fast. The 12 themed chapters are broken down into easy-to-follow 15-minute daily lessons,

spanning a range of practical themes, including: leisure, business, food and drink, travel, and shopping. Each lesson combines vocabulary and grammar essentials with attractive full-color images, making it quick, easy, and fun to learn new French vocabulary. There is no writing or homework - you simply use the cover flaps to hide the answers to exercises and test yourself as you learn. Each chapter ends with a review module, so you can track your progress and identify areas where you need further practice. Fancy becoming a pro at the language? Then get stuck in to discover: - Annotated photographic scenes and word lists make it easy to learn and remember new vocabulary. - 12 fun chapters, each designed to take a week to master, providing an easy-to-follow structure for new learners. - Easy-to-use pronunciation guide for every word, plus a

dictionary and menu guide at the back of the book. - Regular review modules to help you track progress and assess how well you have learned the vocabulary in each chapter The course includes a free audio app that enables you to hear French words and phrases spoken by native speakers. Use the app alongside the book's easy-to-use pronunciation guides to perfect your pronunciation and practise French conversation in real-life situations. Whether you're a complete beginner or just in need of a refresher course, there's no easier way to learn French than with 15 Minute French. At DK, we believe in the power of discovery. So why stop there? Learn more languages with DK's 15 minute guides to Spanish, Mandarin, Arabic and more!

Moody's Manual of Investments

The Small Wars Manual is a manual on tactics and strategies for engaging in certain types of military operations created by the United States Marine Corps. The purpose of this work is sharing experience and preserving the achievements of tactics and organization of small wars, or different military operations of the United States in countries where government is "unstable, inadequate, or unsatisfactory for the preservation of life and of such interests as are determined by the foreign policy" of the United States. The book starts with the definition of the term "small war" and continues into more than 500 pages on tactics, personnel structure,

communication chain, transportation and logistics, military-civil relationship, psychological side of war, training, and support of native armed organizations and much more. The book is extremely interesting as a manual on tactics, whether it is used for a military operation or any other sort of massive campaign involving a large part of population, like elections. For example, it contains a chapter telling how to plan and organize legally the disarmament of local population. It tells what laws should be issued and what organizations form, what sort of personnel should be involved and what should be their roles. A reader will find guidelines on how to distribute and spare resources needed for a campaign, and how to properly cross a river in a

dangerous area. Given the book's organization, structure and abundance of important information, covering different aspects of civil and military campaigns, this volume is a must-read for any person engaged in a state service or a student considering career in serving their country.
