[Welcome To demandstands.com<](#)

The Rolls-Royce RB211 is a British family of high-bypass turbofan engines made by Rolls-Royce plc. Mismanagement of the initial development and consequent cost issues led to the effective nationalisation of Rolls-Royce Limited, to save the workforce and the engine businesses important to the UK and many other aerospace and aircraft operating companies.

The RB211-535E4 achieved the world record for on-wing life

without removal, staying on wing for almost twice as long as any

other engine on the airframe. The record of over 40,000 hours

over nine years in operation is equivalent to 18,000,000 miles

flown, or 37 return trips to the moon. It also has the lowest

combination of in-flight shutdown ...
