[RCA Rt2770 5.1-Channel, 1000-Watt Receiver Home Theater ...](#)

Along with the JVC 7-CD disc changer I have on order from Amazon, this should give me a pretty decent home theater system for about \$335 total. Of course it could be better, and if you want ultra-high fidelity, you should go for a model maybe \$250 higher, but I am very happy with this purchase. RCA makes great products.
