The Eye of Minds (The Mortality Doctrine, Book One)
Bloomsbury Publishing USA

Part coming of age, part call to action, this fast-paced #ownvoices novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be “normal,” to pass as hearing, to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind—like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a community, and believing in something better. Published to rave reviews as Future Girl in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, *The Words in My Hands* is very much a novel for our turbulent times.

Her mother struggled with schizophrenia for years until, one day, she simply disappeared—fleeing in fear that she was going to hurt those she cared about most. Ever since, Grace’s father has worked as a recruiter at one of the leading labs dedicated to studying the disease, trying to lure the world’s top scientists to the faculty to find a cure, hoping against hope it can happen in time to help his wife if she is ever found. But this makes him distant. Consumed. Grace, in turn, does her part, interning at the lab in the gene sequencing department, daring to believe that one day they might make a breakthrough...and one day they do. Grace stumbles upon a string of code that could be the key. But something inside of Grace has started to unravel. Could her discovery just be a

cruel side effect of the disease that might be taking hold of her? And can she even tell the difference? With unflinching bravery, An Na has created a mesmerizing story with twists and turns that reveal jaw-dropping insights into the mind of someone struggling with schizophrenia.
