I put together this anthology in 1967 while I was writing my doctoral dissertation "Wittgenstein's Conception of Philosophy". It was first published by Dell Publishing Co. in 1969.. It contains all the important memoirs, reminiscences and comments by people who knew him, including his friends and students such as Bertrand Russel, G. E. Moore, John Wisdom, Rudolf Carnap, George H. Von Wright, Rush Rhee, Norman Malcolm, M. O'c. Drury, Gilbert Ryle, O. K. Bouwsma, Alice Ambrose, Paul Feyerabend, Morris Lazerowitz, etc. it also contains his contemporaries' reactions to his philosophy. It's a useful resource book even today. Since it has long been out of print, we are making it electronically available here.

The Instructor Fearon

From reviews of the previous edition: 'Provides a wealth of information ... graphically illustrates the need for practitioners to be thoroughly knowledgeable.' Toni Belfield, Director of Information, Family Planning Association. The world's population is increasing dramatically. At levels over 7 billion, rising annually by over 83 million (with births outstripping deaths by a factor of c. 2.4) the toll this imbalance takes on the environment, developing economies and resources (healthcare, education, rates of poverty) and the lives of women in the poorer parts of the world is increasingly unsustainable. Even in the developed world there is still an unacceptably high rate of unplanned pregnancies, demonstrating that appropriate education at both local and global levels about the full range of available contraception is essential. Using a highly accessible question-and-answer format, John Guillebaud and Anne MacGregor seek to ensure everything needed for good family planning practice is here in this book. Now in its seventh edition and online via ExpertConsult, Contraception: Your Questions Answered remains the market-leading, one-stop resource for family planning professionals worldwide. Applying principles from Linda and Carla's latest book, Interventions That Work: A Comprehensive Intervention Model for Reversing Reading Failure, their DVD series, Interventions that Work illustrates how teachers use data to implement research-based interventions—from kindergarten to eighth grade – that transform struggling students into successful readers and writers. The interventions are part of the authors' Comprehensive Intervention Model (CIM), a design for preventing reading failure in the early grades and reversing reading failure in the upper grades. The Guided Reading Plus (GRP) collection includes two disks of classroom video, lesson plans, and a wealth of resources along with a facilitator's guide for training and implementing the small group intervention. The GRP video collection is structured to provide training and support for teachers in learning about Guided Reading Plus as an intervention for struggling readers and as an intervention for their school's Response to Intervention (RTI) plan. Features: Provides a small-group intervention, based on the authors' Comprehension for Intervention Model (CIM) ,for students in grades three and beyond who are lagging behind their peers in reading. Consists of a series of 30-minute daily reading and writing lessons designed to promote students' knowledge of genre and text structures through in-depth units of study. Includes opportunities for teachers to collect systematic data for progress monitoring. Guides teachers in implementing explicit teaching and concrete examples to assist struggling readers to develop efficient strategies for problem solving in texts and to comprehend the message at deeper levels. Features two disks: Disk One contains supplemental materials such as the Facilitators' Guide, Power Point Presentation slides, guide sheet of lesson components, planners, Text Map/Writing Guide, and mentor texts for personal narrative. Disk Two contains CFG video lessons in reading and writing based on a unit of study for personal narrative texts. This disk is divided into four chapters with each chapter representing a unique phase with a total of 13 episodes under the phases. The episodes take place over a period of four weeks.

This book provides a comprehensive introduction to public policy and administration in Ireland, thereby bridging the gap between general texts on public policy and policy analysis and books on Irish politics. Each chapter covers one of the key issues in policy analysis, eg. rational choice, corporatism, and then illustrates this with an empirical Irish case study. With the inclusion of further reading, overviews of main concepts and source material, the editors provide a student-friendly textbook which fills an important gap in the available literature on Irish politics and public administration.
