Concern over
business ethics and
ethical dilemmas
has grown

tremendously during the past decade, causing managers to rethink decisions which can affect both their careers and legal liabilities. Strategic Intervention in Organizations considers many of the issues confronting managers and consumers alike, stressing the importance of

Careful decision-making. The author analyses the content of 202 codes of ethics written by the highest level officials in major corporations and employs quantitative methods to assess the impact of these codes on corporate behaviour.

Punishment Pearson College Division
Through a series of 45 carefully

selected readings (20 new to this edition), *Deviant Behavior* explores the ramifications of deviance for both the individual and society, examining the responses of society to deviant behavior and the reasons why certain people violate the social norm. Overall, the text probes the establishment and maintenance of deviant categories; the motivations behind deviant behavior; the formal and informal labelling of individuals and particular segments of society as deviant; the effects of institutionalization; the efforts of those considered deviant to shake the label; and the way deviant categories and structures can be altered.

Crime and the Justice System

in America Taylor & Francis

A Pauline Church and its Neighbours SAGE
Using the framework of interest group conflict, this text combines a balanced, comprehensive overview of the field of deviance with first-hand expertise in the workings of the criminal justice system. *Deviant Behavior, Sixth Edition*, surveys a wide range of topics, from explanations regarding crime and criminal behavior, measurement of crime, violent crime and organizational deviance, to sexual behavior, mental health, and substance abuse. This new edition continues its tradition of applying time-

tested, sociological theory to developing social concepts and emerging issues.
Introducing Social Research Methods SAGE
The topic of social deviance is inherently intriguing. People in general, and college students in particular, find the topic of deviant behavior fascinating. This can be explained, at least in part, by a combination of the subject matter itself, our own past deviant behaviors, and our willingness and desire to evaluate and

comment on the behaviors examples. Each chapter of others. While the topic includes chapter of deviant behavior seems objectives, an straightforward at the introductory story, a surface, the study of glossary of key terms, social deviance reveals discussion questions, and how complicated it really boxed material. The is. Although Social boxed materials include Deviance utilizes a "A Closer Look" box that textbook-style approach zooms in on topics that in its coverage of deviant warrant deeper behavior, this explanation; and a comprehensive, "Connecting Social straightforward, and Deviance and Popular student-friendly book Culture" box that shows maintains student interest how contemporary forms because of the author's of popular culture use of real life illustrate deviant phenomena and current behavior.

Deviance and Social Control: A Sociological Perspective Waveland Press

The new edition of this popular reader presents the cutting edge of research on corporate and governmental deviance in the U.S. today. Seventy-five percent of the readings are new and include the work of such major figures as James S. Coleman, Lawrence W. Sherman, Edwin H. Sutherland, Marshall B. Clinard, Gilbert Geis,

Brent Fisse, and John Braithwaite. Using such instructive cases as the heavy electrical equipment antitrust cases, the Tuskegee Syphilis Experiment, the campaign against marketing infant formula in the Third World, and the Ford Motor Company's Pinto, this text helps students to understand how organizations, not just individuals, commit deviant acts. What Goes on in the Halls of Ivy Cengage Learning
An inter-disciplinary survey of crime and violence in America with entry emphasis focused on the late-20th century

reaching into the 21st century.

Sociology of Deviant Behavior Greenwood Publishing Group

This book addresses an important issue in Thessalonian research that has hitherto received inadequate scholarly attention: the conflict relations between Christians and non-Christians in Thessalonica. By engaging in careful exegesis of pertinent texts and by drawing upon ancient literary

parallels and the social-scientific study of deviance and conflict, Still is able to spell out in some detail the specifics and the dynamics of Paul's and his Thessalonian converts' clash with outsiders. In this study, he shows that the conflict (thlipsis) in Thessalonica was rather complex-having varied origins, multiple causes, and mixed effects. As a result, this work not only provides a nuanced analysis of the conflict in Thessalonica, but also

demonstrates that the Thessalonian correspondence can be best read when insider and outsider interaction is kept clearly in view. Forthcoming Books New York : Oxford University Press Criminology Explains Police Violence offers a concise and targeted overview of criminological theory applied to the phenomenon of police violence. In this engaging and accessible

book, Philip M. Stinson, Sr. highlights the similarities and differences among criminological theories, and provides linkages across explanatory levels and across time and geography to explain police violence. This book is appropriate as a resource in criminology, policing, and criminal justice special topic courses, as well as a variety of violence and police courses such as

policing, policing administration, police-community relations, police misconduct, and violence in society. Stinson uses examples from his own research to explore police violence, acknowledging the difficulty in studying the topic because violence is often seen as a normal part of policing. Readings in the Sociology of Norm Violation Bloomsbury Publishing This concise, elegantly written paperback volume

on the essential elements of sociology is perfect as the sole textbook for a brief introductory course or as a core text to be supplemented with other readings.

Essentials for Getting the Edge Macmillan

In 1965, 53 men died in a Titan II missile silo in rural Arkansas, the deadliest nuclear accident ever in a U.S. facility. This book provides an analysis of the event and post-disaster life for their children, who share stories on what went wrong and how they keep moving forward.

The 53 Cambridge University Press Up to now, ritual has been under-utilised for studying human behaviour. This book narrows the gap in our

understanding of the social causes and consequences of our actions by focusing on the ritualised behaviours that define much of our daily lives. Knottnerus breaks new ground by comprehensively describing structural ritualistic theory. He shows how structural reproduction has occurred throughout the world, how rituals can be strategically used and how power can influence rituals, and how the disruption and

reconstitution of ritual is of crucial importance for human beings. This book shows that ritual provides a missing link in sociology and helps us better explain the extreme complexity of human action and social reality.
