Deviance Today Macmillan

READINGS IN DEVIANT BEHAVIOR: CLASSIC AND CONTEMPORARY brings together over 50 articles in 16 chapters. The text is organized traditionally, beginning with a discussion on the nature of deviance followed by material on theories and perspectives to explain deviance and ending with articles that discuss forms of deviant behavior. Each chapter begins with an introduction and concludes with questions for discussion. The mix of contemporary and classic readings explores the theoretical approaches to deviant and contemporary issues. High-tech, white-collar crime and gender issues are included. This text parallels the organization of the best-selling Clinard/Meier text but is general enough to be used with other textbooks or as a stand-alone textbook.

Deviance SAGE

Managing Organization Deviance draws together contributions written by recognized experts and includes short cases written specifically for this volume. Considered in this book are both micro and macro perspectives of deviance and dysfunctional behavior. Offering practical guidance to those faced with ambiguous situations of deviant behaviour in the workplace it considers cross-cultural implications and views of deviance as well as the moral implications of deviance for the organization, group and individual.

Extreme Deviance Univ of California Press

What makes behavior deviant, and who gets to decide what deviance is? Deviant Behavior seeks to answer these questions and more. This compelling new text covers the social forces that shape deviance, the motivations and consequences of deviant behaviors, and how our definition of deviance changes over time. Authors John A. Humphrey and Frank Schmalleger discuss a wide range of deviant behaviors—from criminal acts to extreme forms of everyday behavior—and provide students the necessary foundation to understand the impact of globalization on traditional and emerging forms of deviance. Readers will explore deviance in the modern world using a systematic application of social and criminological theories to a range of deviant behaviors to help them better understand themselves, others, and society.

Wadsworth Publishing Company

"[A] dark D.C. tale with . . . an addictive neo-noir sensibility" by the award-winning journalist and New York Times—bestselling author of Tattoos & Tequila (Publishers Weekly). With a pretty wife, a new baby, and a job reporting for the Washington Herald, Jonathan Seede is the picture of urban respectability. But a secret freelance project is drawing him into places most people never dare to go. Just ten blocks from the White House, on the notorious Fourteenth Street strip, a war is raging over drugs, prostitution, and other deviant behaviors—and Seede is on the front lines. When his family abruptly leaves him, Seede embarks on a journey into his own dark urges. Along the way, he encounters pimps and hustlers, an accidental hooker, an honest cop, a storefront prophet who deals marijuana, a beautiful teenage runaway, a crack-addicted music legend, an A-list gay activist, and a diminutive billionaire who is searching for the answers to life's greatest questions in a crystal skull. "Mike Sager's keen, journalistic eye and unique voice transfer to fiction with highly entertaining results. Deviant Behavior is a street-level, symphonic portrait of an American city."

—George Pelecanos, author of *The Night Gardener*

Deviance and Social Control in Sport Pine Forge Press

"The world of sport offers a deep - and often-overlooked - source for the study of deviance and its development. Deviance and Social Control in Sport challenges preconceived understandings regarding the relationship of deviance and sport and offers a conceptual framework for future work in a variety

of sociological subfields." "Drawing on their research in criminology and deviance in the discipline of sociology, Michael Atkinson and Kevin Young provide a textured understanding of sport-related deviance through the application of various approaches to deviance in a sport context. Using extended case studies, the authors examine the subject of deviance through examples that are popular, understudied, or emerging." "The text explains how forms of wanted and unwanted rule violation are produced by and mediated through social contexts in and around sport. By considering networks of social relationships and how they produce, define, and police rule violation and rule violators, Deviance and Social Control in Sport offers a nuanced and integrated explanation of sport deviance that accounts for the behaviors and practices of both individuals and teams."--BOOK JACKET.

Readings in the Sociology of Norm Violation Englewood Cliffs, N.J.: Prentice-Hall

Using the framework of interest group conflict, this text combines a balanced, comprehensive overview of the field of deviance with first-hand expertise in the workings of the criminal justice system. Deviant Behavior, Seventh Edition, surveys a wide range of topics, from explanations regarding crime and criminal behavior, measurement of crime, violent crime and organizational deviance, to sexual behavior, mental health, and substance abuse. This new edition continues its tradition of applying time-tested, sociological theory to developing social concepts and emerging issues.

Student Accounts of Their Deviant Behavior Grove/Atlantic, Inc.

Analyzes the harmful effects of laws pertaining to behavior currently defined as deviant and evaluates alternative approaches to the solution of these social problems. Bibliogs Encyclopedia of Social Deviance Routledge

This is a new and expanded edition of a classic case-study in the medicalization of ADHD, originally published in 1976. The book centres on an empirical study of the process of identifying hyperactive children, providing a perceptive and accessible introduction to the concepts and issues involved. In this revised edition, Peter Conrad sets the original study in context, demonstrating the continuing relevance of his research. He highlights the issues at stake, outlining recent changes in our understanding of ADHD and reviewing recent sociological research. Peter Conrad is Harry Coplan Professor of Social Sciences at Brandeis University, USA. He has written extensively in the area of medical sociology, publishing nine books and over eighty articles and chapters.

Deviance and Social Control Farrar, Straus and Giroux Perspectives on Deviance and Social Control provides a sociological examination of deviance and social control in society. Derived from the same author team 's successful text/reader version, this concise and student-friendly resource uses sociological theories to illuminate a variety of issues related to deviant behavior and societal reactions to deviance. The authors briefly explain the development of major sociological theoretical perspectives and use current research and examples to demonstrate how those theories are used to think about and study the causes of deviant behavior and the reactions to it.

Focusing on the application—rather than just the understanding—of theory, the Second Edition offers a practical and fascinating exploration of deviance in our society.

Degrees of Deviance SAGE Publications

"The second edition of Deviance Today is a contemporary collection of original articles in the field of deviant behavior. This new edition has 16 new articles. All of the articles reflect the current trend in the sociology of deviance. This reader covers major theories in the sociology of deviant behavior, from classic ones such as anomie/strain theory and labeling theory to modern ones such as life course perspective. In addition, this anthology encompasses a wide spectrum of deviant behaviors. This is a user-friendly reader, put together with students in mind. The articles are not only authoritative, but also interesting. The articles were written by respected experts in their field of study. Most important, unique to this reader, these articles have been carefully written for clarity, conciseness, and forcefulness. Students will therefore find them easy and enjoyable to read while learning about deviance"--

Crime, Conflict, and Interest Groups Allyn & Bacon

Comprehensive coverage of all aspects of deviance; this book is noted for its blend of readability and scholarship. Deviant Behavior covers a wide spectrum of theories of deviance, and analyzes specific deviant behaviors. The author utilizes an abundance of research data, including much that debunks our common assumptions about deviant behavior. Thus readers are not only exposed to the full range of theories and data about deviance, but are challenged to think about and evaluate their own biases and preconceptions. For anyone interested in sociology and deviant behavior.

Readings in Theory and Research Pearson College Division Social deviance—any behavior that violates a cultural

norm—can involve something as major as crime or as minor as consistently and deliberately wearing lively mismatched socks. Whether a crime, a sin, or simply unique taste, what 's considered deviant at one time and place can change, as when extensive tattooing and "body art" evolved from a sideshow carnival spectacle to a nearly universal rite of passage within U.S. culture. Drawing contributions from across the social and behavioral sciences, including sociology, anthropology, criminology, politics, psychology, and religion, the Encyclopedia of Social Deviance introduces readers to the lively field of rule-making and rebellion that strikes at the core of what it means to be an individual living in a social world. Key Features: More than 300 articles authored by key figures in the field are organized A-to-Z in two volumes. Each article concludes with cross-references to related entries and further readings. A thematic "Reader 's Guide" groups related articles by broad areas (e.g., Concepts; Theories; Research Methodologies; Individual Deviance; Organizational Deviance; etc.) as one handy search feature on the e-Reference platform, which also includes a comprehensive index of search terms. Available in both electronic and print formats, this two-volume, A-to-Z encyclopedia set is a must-have resource for students and researchers who seek to understand social deviance. Key Themes: Crime, Property Crime, Sex Crime, Violent Crime, White-Collar/Corporate Defining Deviance Deviance in Social Institutions Deviant Subcultures Discrimination Drug Use and Abuse Marriage and Family Deviance Measuring Deviance Mental and Physical Disabilities Methodology for Studying Deviance Self-Destructive Deviance Sexual Deviance Social and Political Protest Social Control and Deviance Studying Deviant Subcultures Technology and Deviance Theories of Deviance, Macro Theories of Deviance, Micro Transitional Deviance Deviant Behavior SAGE

Deviant Behavior offers an engaging and wide-ranging discussion of deviant behavior, beliefs, and conditions. It examines how the society defines, labels, and reacts to whatever, and whoever, falls under this stigmatizing process—thereby providing a distinctly sociological approach to the phenomenon. The central focus in defining what and who is deviant is the audience—members of the influential social collectivities that determine the outcome of this process. The discussion in this volume encompasses both the explanatory (or positivist) approach and the constructionist (or labeling) perspectives, thereby lending a broad and inclusive vista on deviance. The central chapters in the book explore specific instances or forms of deviance, including crime, substance abuse, and mental disorder, all of which share the quality that they and their actors, believers, or bearers may be judged by these influential parties in a negative or derogatory fashion. And throughout Deviant Behavior, the author emphasizes that, to the sociologist, the term "deviant" is completely non-pejorative; no implication of inferiority or inherent stigma is implied; what the author emphasizes is that specific members of the society—social circles or collectivities—define and treat certain parties in a derogatory fashion; the sociologist does not share in this stigmatizing process but observes and describes it.

Readings in the Sociology of Deviance Readings in Deviant Behavior Deviant Behavior challenges students' own biases and preconceptions. This best-selling text offers comprehensive coverage of all aspects of deviance and is noted for its blend of style and substance. Deviant Behavior covers a wide spectrum of theories of deviance, and analyzes numerous specific deviant behaviors. Deviant Behavior Taylor & Francis

FINALIST FOR THE 2021 PULITZER PRIZE IN HISTORY. INSTANT NEW YORK TIMES BEST SELLER. New York Times Book Review Editors' Choice. Winner of the 2021 Randy Shiels Award for Gay Nonfiction. One of The Washington Post's Top 50 Nonfiction Books of 2020. From a young Harvard- and Cambridge-trained historian, and the Creator and Executive Producer of *The Book of Queer* (coming June 2022 to Discovery+), the secret history of the fight for gay rights that began a generation before Stonewall. In 1957, Frank Kameny, a rising astronomer working for the U.S. Defense

Department in Hawaii, received a summons to report immediately to Washington, D.C. The Pentagon had reason to believe he was a homosexual, and after a series of humiliating interviews, Kameny, like countless gay men and women before him, was promptly dismissed from his government job. Unlike many others, though, Kameny fought back. Based on firsthand accounts, recently declassified FBI records, and forty thousand personal documents, Eric Cervini's *The Deviant's War* unfolds over the course of the 1960s, as the Mattachine Society of Washington, the group Kameny founded, became the first organization to protest the systematic persecution of gay federal employees. It traces the forgotten ties that bound gay rights to the Black Freedom Movement, the New Left, lesbian activism, and trans resistance. Above all, it is a story of America (and Washington) at a cultural and sexual crossroads; of shocking, byzantine public battles with Congress; of FBI informants; murder; betrayal; sex; love; and ultimately victory.

Identifying Hyperactive Children Routledge

This collection of 53 readings represents the full range of deviance sociology. They deal with many different theories collected via different research methodologies. This new edition features 23 new articles, ranging from noncriminal deviance to crimes in cyberspace. The text has been applauded by readers. One user writes, ""The articles have been extremely well-selected. They cover classical and current issues in deviance. Many are on the 'cutting edge' . . . the coverage of theories of deviance is outstanding because while the selections are relatively short, they convey the essence of each of the perspectives.""

The Deviant's War SAGE Publications

Deviance and Social Control: A Sociological Perspective, Second Edition serves as a guide to students delving into the fascinating world of deviance for the first time. Authors Michelle Inderbitzin, Kristin A. Bates, and Randy Gainey offer a clear overview of issues and perspectives in the field, including introductions to classic and current sociological theories as well as research on definitions and causes of deviance and reactions to deviant behavior. The unique text/reader format provides the best of both worlds, offering both substantial original chapters that clearly explain and outline the sociological perspectives on deviance, along with carefully selected articles on deviance and social control taken directly from leading academic journals and books. The Second Edition features updated research, examples of specific forms of deviance, and discussions of policy, as well as a new chapter and readings on global perspectives on deviance and social control.

Managing Organizational Deviance Macmillan

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. A contemporary collection of readings on deviant behavior This user-friendly reader contains readings that have been carefully written for clarity and conciseness. All of the articles reflect current trends in the sociology of deviance. The authors examine both criminal deviance (such as robbery and white-collar crime) and noncriminal deviance (such as pornography and tattooing). *Deviance Today* explores contemporary trends in the study of deviance such as the emphasis on the constructionist perspective and the greater use of ethnography. Learning Goals Upon completing this book, readers will be able to: Understand major theories in the sociology of deviance Explore current trends in deviant behavior Explore different methodologies used to gather data Note: MySearchLab does not come automatically packaged with this text. Deviant Behavior Routledge

Most primary deviation is of transitory significance and involves a fairly insignificant punishment. Extreme Deviance focuses on behavior, beliefs, and traits that are so serious as to generate, in the words of Edwin Lemert, secondary deviation. Editors Erich Goode and D. Angus Vail tunnel to the core of the subject by emphasizing a set of central lessons, offering edgy, pedagogically dramatic illustrations of principles that are contained in no other collection of readings. The book is complete with vocabularies of motive, deviance neutralization, the acquisition of a deviant identity, and the formation of a deviance subculture.

Crimes Without Victims SAGE Publications

Through a series of 45 carefully selected readings (20 new to this edition), *Deviant Behavior* explores the ramifications of deviance for both the individual and society, examining the responses of society to deviant behavior and the reasons why certain people violate the social norm. Overall, the text probes the establishment and maintenance of deviant categories; the motivations behind deviant behavior; the formal and informal labelling of individuals and particular segments of society as deviant; the effects of institutionalization; the efforts of those considered deviant to shake the label; and the way deviant categories and structures can be altered.
