Shay was still angry but shrugged nonchalantly as if to say, it's not that big of a deal. "So, what am I wrong about?"

"You're not going to want to hear this, but I have to tell you anyway." Liam paused before finishing. "You might be working hard, but you're not doing it for the company."

"What the hell does that mean?" Shay wanted to know.

Knowing that his adversary might punch him for what he was about to say, Liam responded. "You're doing it for yourself." New York Times best-selling author Patrick Lencioni has written a dozen books that focus on how leaders can build teams and lead organizations. In *The Motive*, he shifts his attention toward helping them understand the importance of why they're leading in the first place. In what may be his edgiest page-turner to date, Lencioni thrusts his readers into a day-long conversation between rival CEOs. Shay Davis is the CEO of Golden Gate Alarm, who, after just a year in his role, is beginning to worry about his job and is desperate to figure out how to turn things around. With nowhere else to turn, Shay receives some hard-to-swallow advice from the most unlikely and unwanted source—Liam Alcott, CEO of a more successful security company and his most hated opponent. Lencioni uses unexpected plot twists and crisp dialogue to take us on a journey that culminates in a resolution that is as unexpected as it is enlightening. As he does in his other books, he then provides a straightforward summary of the lessons from the fable, combining a clear explanation of his theory with practical advice to help executives examine their true motivation for leading. In addition to provoking readers to honestly assess themselves, Lencioni presents action steps for changing their approach in five key areas. In doing so, he helps leaders avoid the pitfalls that stifle their organizations and even hurt the people they are meant to serve.

The Fast-Track Plan to Becoming a Millionaire BenBella Books I took home more in a year than the CEOs of McDonalds, IKEA, Ford, Motorola, and Yahoo....combined....as a kid in my twenties....using the \$100M Offer method. It works. And it will work for you. Not that long ago though, my business had gotten so bad that I literally couldn't even give my services away for free. At the end of each month, I would look at my bank account hoping to see progress (but there wasn't). I knew something had to change...but what? Over the 48 months, I went from losing money to making \$36 for every \$1 spent. In that time period, we generated over \$120,000,000 across four different industries: service, e-commerce, software, and brick & mortar. But, unlike everyone else, we didn't have great funnels, great ads, or a wealthy niche. In fact, we didn't even send emails until we had crossed \$50M in sales(!). Instead, we were able to do this one thing really well....we created offers so good, people felt stupid saying no. Here's exactly what this book will show you how to do: How To Charge A Lot More Than You Currently Are... How To Make Your Product So Good, Prospects Find A Way To Pay For It How To Enhance Your Offer So Much, Prospects Buy Without Hesitating And so much more... If you want to get more prospects to reply to your ads for less advertising dollars, and get them to say YES to breathtaking prices...then grab this book, use its contents, and see for yourself.
