Ready for FCE Workbook - Key + Audio CD Pack

Teaching materials play a crucial role in teaching-learning. When these take the form of a textbook it is essential that it is carefully selected to meet both external requirements and the needs of the teachers, as well as allowing teacher to mediate between the textbook and the learners, adapting and supplementing the book as necessary. Providing a systematic approach to the selection and subsequent evaluation of coursebooks, this textbook gives practical advice on adaptation and supplementation, and beyond. Suggestions on systematising the process of materials

development and on the use of learner-generated materials are included for teachers who prefer to prepare their own materials. With integrated and wide-ranging coverage of the topic, this is the ideal book for those studying or practising language teaching or applied linguistics. Key Features: * Numerous examples* Interleaved tasks which can be utilised by an instructor* Extensive bibliography

Ready for IELTS Coursebook
Bloomsbury UK

For thousands of years people have been fascinated by birds, and today that fascination is still growing. In 2007 bird-watching is one of the most popular pastimes, not just in Britain, but throughout the world, and the range of interest runs from the specialist to the beginner. In *The Wisdom of Birds*, Birkhead takes the reader on a journey that not only tells us about the extraordinary lives of birds - from conception and egg, through territory and song, to migration and fully fledged breeder - but also shows how, over centuries, we have overcome superstition and untested 'truths' to know what we know, and how recent some of that knowledge is. It was only in the nineteenth century that the ancient belief that swallows hibernated under water (!) finally gave way to general expectation of the facts of migration. In the same century of dazzling experimental science, even Darwin chose not to dwell on the sexual promiscuity of female birds to spare the blushes of his daughter, who was helping to correct the proofs of *The Descent of Man*. Conceived for a general audience, and illustrated throughout with more than 100 exquisitely beautiful illustrations, many of them rarely, if ever, seen before, *The Wisdom of Birds* is a book full of stories, knowledge and unexpected revelations. 'One of the most entertaining, informative and enthusiastic

accounts of the history of ornithology; and of the many different ways in which we have observed, studied and wondered about birds.'-Daily Telegraph.

Test Your Vocabulary for FCE Little, Brown Spark
