Cambridge IELTS 11 Academic Student's Book with Answers Collins
Forget the 10,000 hour rule— what if it ' s possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What ' s on your list? What ' s holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don ' t have and effort you can ' t spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of

practicing something new are always the most frustrating. That ' s why it ' s difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It ' s so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you ' ll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You ' ll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you ' re trying to achieve, and what you ' ll be able to do when you ' re done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it ' s easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you ' re performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.

Now in full colour, the book has a new layout and a series of brand new features to help students feel fully prepared for their IELTS exam: · Enhanced answer keys with further explanations of why answers are right or wrong, or ambiguous · 'Watch out!' boxes that highlight common IELTS mistakes · A revision checklist at the end of each section to remind students what they should do for each particular part of the exam
What is IELTS? The International English Language Testing System (IELTS) is the most common test used by universities for foreign students to prove their language level. IELTS is also increasingly used for immigration purposes, with many countries requiring visa applicants

whose first language is not English to submit an IELTS grade. The system tests candidates' Reading, Writing, Listening and Speaking in four separate papers. Usually, students must gain a good mark in all four skills in order to gain entry to the course, job, or country of their choice. For this reason, candidates will often sit the exam numerous times to secure the score that they need. Powered by COBUILD The 4-billion-word Collins corpus is the world's largest database of the English language. It is updated every month and has been at the heart of Collins COBUILD for more than 30 years. Typical Advanced English Phrases Cambridge English Authentic examination papers from Cambridge Assessment English provide perfect practice because they are EXACTLY like the real test. The Student's Book with answers allows students to familiarise themselves with IELTS and to practise examination techniques using authentic tests. It contains four complete tests for Academic candidates. An introduction to these modules is included in the book, together with an explanation of the scoring system used by Cambridge English Language Assessment. There is a comprehensive section of answers and tapescripts at the back of the book. Audio CDs containing the material for the Listening Tests, and a Student's Book with answers with downloadable Audio are sold separately. These tests are also available as IELTS Academic Tests 1-4 on Testbank.org.uk
IELTS 1 Simone Braverman
From Aristotle to contemporary soap operas, friendship has always been a subject of fascination. But scholarly investigation of the broad social relevance of friendship has been neglected. Rethinking Friendship describes the varied nature of personal relationships today, and also locates friendship in contemporary debates about individualization and the supposed "collapse of community." Exploring friendships with partners and family as well as "friends," the book reveals ways in which friends and friendlike ties are an important and unacknowledged source of social glue. Using a rigorous analysis of in-depth interviews, the authors develop a set of innovative concepts--friendship repertoires (the range of friendships people have); friendship modes (the way people make and maintain friendships over time); and patterns of suffusion (the extent to which boundaries between friends and family become blurred). These concepts form the basis of a typology of personal communities that

vary in the roles played by friends, family, partners, and neighbors. Combining scholarly depth and rich description, this absorbing and accessible book will appeal to all those interested in informal social relationships, including students of methodology and policymakers. With its challenge to pessimistic commentators, Rethinking Friendship urges us to resist sweeping generalizations and to acknowledge the sheer diversity of social life today.
Ready for IELTS Cambridge University Press
This is a self-study publication with two CD ROMs for students preparing for the Academic Module of the International English Language Test System (IELTS) which is administered by the British Council, the University of Cambridge Local Examinations Syndicate (UCLES) and by IELTS Australia. The book covers the four sections of the IELTS exam: listening, reading, writing and speaking. Special features of the book are: the reading exercises, the detailed Keys for these exercises, the wide range of exercises to help you prepare for Writing Task 1, and the detailed Key for the Reading Tests. The third edition incorporates additional material to cover changes made to the Speaking module of the IELTS examination. The publication may also be used as a course book, or as a supplement to a course book. Also includes changes to IELTS writing rubrics.
The Jewel House Longman
