Martin's Griffin

Understanding Property Law is a comprehensive and authoritative treatise from our Understanding series that is suitable for use in conjunction with any Property casebook. Features include:

Complete coverage of all standard property topics, including landlord-tenant law, adverse possession,

---

rights in personal property, estates and future interests, marital property, land sale transactions, servitudes, nuisance, zoning, takings, and other land use issues; Analysis of cutting-edge topics, such as property rights in human bodies, current takings issues, the new Restatement (Third) of Property (Servitudes), rights and duties of homeowners' associations, and property rights in personal names and likenesses; Discussion of the policy and historical underpinnings of property law doctrines; and Clear writing and detailed organization to facilitate student understanding of both basic

concepts and controversial topics. Property Investment Appraisal John Wiley & Sons  
Looking for a concise, easy-to-read text on real estate principles? You've found it! Mastering Real Estate Principles, now in its Third Edition, offers you a unique, interactive way to learn and really master real estate concepts. Urban Planning and Real Estate Development Dearborn Real Estate  
Since its publication this book has become the standard for both students studying for their examinations and practitioners needing a comprehensive reference book covering rating law, valuation and, importantly, practice. This third edition brings the reader up to date with the

---

changes for the 2010 Rating Revaluation, developments in case law, the new appeals regulations and current approaches to valuing many classes of hereditament, as well as highlighting the differences between cases in England and Wales. The book is well illustrated with example valuations showing both methods of valuation and the variety of property surveyors come across in practice. The authors have extensive experience in the subject and regularly lecture on rating, valuation and taxation matters.

Texas Real Estate Sales Exam Learning Express Llc

Ideal for anyone new to real estate development, the fourth edition of this best-selling book covers each stage of the process step by step, explaining the basics of idea conception, feasibility, planning, financing, market analysis,

contract negotiation, construction, marketing, and asset management.

Thoroughly updated, the book includes material on financing and marketing.

Rating Valuation OUP Oxford

Discover an insightful examination of the property investment appraisal process from leaders in the industry This book explains the process of property investment appraisal: the process of estimating both the most likely selling price (market value) and the worth of property investments to individuals or groups of investors (investment value). Valuations are important. They are used as a surrogate for transactions in the measurement of

---

investment performance and they influence investors and other market operators when transacting property. Valuations need to be trusted by their clients and valuers need to produce rational and objective solutions. Appraisals of worth are even more important, as they help to determine the prices that should be paid for assets, even in times of crisis, and they can indicate market under- or over-pricing. In a style that makes the theory as well as the practice of valuation accessible to students and practitioners, the authors provide a valuable critique of conventional valuation methods and argue for the adoption of more contemporary cash-flow methods. They explain how such valuation models are constructed and give useful examples throughout. They also show how these contemporary cash-flow methods connect market valuations with rational appraisals. The UK property investment market has been through periods of both boom and bust since the first edition of this text was produced in 1988. As a result, the book includes examples generated by vastly different market states. Complex reversions, over-rented properties and leaseholds are all fully examined by the authors. This

---

Fourth Edition includes new material throughout, including brand new chapters on development appraisals and bank lending valuations, heavily revised sections on discounted cash flow models with extended examples, and on the measurement and analysis of risk at an individual property asset level. The heart of the book remains the critical examination of market valuation models, which no other book addresses in such detail.

About Face Real Estate Principles: A Value Approach

RealtySchool.com has been providing quality, real estate education to new and experienced real estate agents for

decades. With this text, we focused on the core content necessary to pass the real estate examination in any state while also incorporating the general principles and practices essential for the practicing licensee. Economics and Property Dearborn Real Estate

The classic legal guide to wills, estates, and trusts—with more than 100,000 copies in print—now substantially updated and revised! Whether grappling with modest or extensive assets, The Complete Book of Wills, Estates, & Trusts has long been the indispensable guide for protecting an estate for loved ones. In this completely revised fourth edition, updated to cover

---

the latest changes in estate law, attorney Alexander A. Bove, Jr. synthesizes his decades of field and classroom experience into honest, clear, and entertaining explanations of a host of complex legal topics, including:

- how to create a will and living trust
- how to use a will to avoid probate and legal complications
- how trusts work and how to use trusts to save taxes
- how to contest a will and how to avoid a contest
- how to settle an estate or make a claim against one
- how to establish a durable power of attorney
- how to protect assets from creditors

In his straightforward and humorous style, Bove shares easy-to-understand legal definitions, savvy advice on taxes, and pragmatic and simple sample forms, all illustrated with entertaining examples and actual cases. This is the only legal guide readers will ever need to ensure that their money and holdings remain in the family.
