A New York Times bestseller
"Brilliant, funny...the best math
teacher you never had." —San
Francisco Chronicle Once

considered tedious, the field of statistics is rapidly evolving into a discipline Hal Varian, chief economist at Google, has actually called "sexy." From batting averages and political polls to game shows and medical research, the real-world application of statistics continues to grow by leaps and bounds. How can we catch schools that cheat on standardized tests? How does Netflix know which movies you'll like? What is causing the rising incidence of autism? As best-selling author Charles

Wheelan shows us in *Naked Statistics*, the right data and a few well-chosen statistical tools can help us answer these questions and more. For those who slept through Stats 101, this book is a lifesaver. Wheelan strips away the arcane and technical details and focuses on the underlying intuition that drives statistical analysis. He clarifies key concepts such as inference, correlation, and regression analysis, reveals how biased or careless parties can manipulate or misrepresent data, and shows us how brilliant and creative researchers are exploiting the valuable data from natural experiments to tackle thorny questions. And in Wheelan's trademark style, there's not a dull page in sight. You'll encounter clever Schlitz Beer marketers leveraging basic probability, an International Sausage Festival illuminating the tenets of the central limit theorem, and a head-scratching choice from the famous game show *Let's Make a Deal*—and you'll come away with insights each time. With the wit, accessibility, and sheer fun that

turned *Naked Economics* into a bestseller, Wheelan defies the odds yet again by bringing another essential, formerly unglamorous discipline to life. *Naked Truth*. *CreateSpace*. *Sex*. *Purity*. *Virginity*. *Love*. *Moral Revolution* seeks to inspire a culture of love, honor and respect with people who walk in purity, passion and power. This intimate and honest book addresses the root causes of purity issues rather than merely communicating to the masses to "abstain from having sex." It will call you to a higher standard of living, imparting value for your heart and encouraging you to walk in all God has created you to be. Many who have given in to the power of peer pressure and the lure of distorted cultural values will find hope and courage to start over again. *Moral Revolution* is written for radical and passionate people who dream of being catalysts to a different kind of

sexual revolution--one that transforms the way the world views sexuality, defines the unborn and embraces the family. Join the Moral Revolution!

Winner ' s original *Mudhouse Sabbath* has sold 45,000 copies, been translated into three languages, and spawned a successful video study series. After her conversion from Orthodox Judaism to Christianity, Winner found that her life was indelibly marked by the rich traditions and spiritual practices of Judaism. She here presents eleven Jewish practices that can transform the way Christians view the

world and God, including attentive eating, mourning, candle-lighting, and Sabbath-keeping. Since first publishing the book, Lauren has earned her MDiv and PhD, and become an Episcopal priest. Her thought has deepened and developed. This new Study Edition incorporates the complete original text plus primary texts from Jewish and Christian sources, and new material on each of the eleven topics. The result is a powerful work for Christians wanting to explore in depth and understand the Jewish origins of Christianity. “ At a time when we are so aware of the differences

between Judaism and Christianity, Lauren Winner ’ s book on what we can learn from each other is so refreshingly welcome. ” —Rabbi Harold Kushner, author of *When Bad Things Happen to Good People* and *The Naked Truth about Sexuality* Forgotten Books

Newly divorced and determined to reclaim her life, Leslie Morgan, bestselling author of *Crazy Love* and *Mommy Wars*, decided to spend a year searching for five new lovers in this “highly stimulating story of a midlife education” and “steamy, liberating tale of self-exploration and self-love” (Kirkus Reviews). When Leslie Morgan divorced after a twenty-year marriage, both her self-esteem and romantic optimism were shattered. She was determined to avoid the cliché of the “lonely, middle-aged divorcee” lamenting her stretch marks and begging her kids to craft her online dating profile. Instead, Leslie celebrated her independence with an audacious plan: she would devote a year to

seeking out five lovers in hopes of unearthing the erotic adventures and authentic connections long missing from her life. Clumsy and clueless at first, she overcame highly mortifying early missteps, buoyed by friends and blind faith. And so she found men at yoga class, the airport, and high school reunions—all without the torture of dating websites. Along the way she uncovered new truths about sex, aging, men, self-confidence, and what it means to be a woman over fifty today. Packed with fearless, evocative details, *The Naked Truth* is a rare, unexpected, and wildly entertaining memoir about a soccer mom who rediscovers the magic of sexual and emotional connection, and the

lasting gifts of reveling in your femininity at every age.

From #1 New York Times

Bestseller Vi Keeland, comes a new, sexy standalone novel. It was just a typical Monday. Until the big boss asked me to make the pitch for a prospective new client. After two years on shaky ground at work because of my screw up, an opportunity to impress the senior partners was just what I needed. Or so I thought... Until I walked into the conference room and collided with the man I was supposed to pitch. My coffee spilled, my files tumbled to the ground, and I almost lost my balance. And that was the good part of my day. Because the gorgeous man crouched down and looking at me like he wanted to eat me alive, was none other than my ex, Gray Westbrook. A man who I'd only just begun to move on from. A man who my heart despised—yet my body obviously still had other ideas about. A man who was as charismatic and

confident as he was sexy. Somehow, I managed to make it through my presentation ignoring his intense stare. Although it was impossible to ignore all the dirty things he whispered into my ear right after I was done. But there was no way I was giving him another chance, especially now that he was a client ...was there?

This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. Why are civil authorities in so-called liberal democracies affronted by public nudity and the Islamic full-face 'veil'? Why is law and civil order so closely associated with robes, gowns, suits,

wigs and uniforms? Why is law so concerned with the 'evident' and the need for justice to be 'seen' to be done? Why do we dress and obey dress codes at all? In this, the first ever study devoted to the many deep cultural connections between dress and law, the author addresses these questions and more. His responses flow from the radical thesis that 'law is dress and dress is law'. Engaging with sources from *The Epic of Gilgamesh* to Shakespeare, Carlyle, Dickens and Damien Hirst, Professor Watt draws a revealing history of dress and civil order and offers challenging conclusions about the nature of truth and the potential for individuals to fit within the forms of civil life.

"WHERE ARE THE BREAST CANCER THRIVERS WHO LOOK LIKE ME?" That's what For the Breast of Us

founders Jasmine Souers and Marissa Thomas asked themselves when they were diagnosed with breast cancer at 26 and 35. Not a quick Google search nor a hashtag was available to help them connect to other young survivors of color. In 2020, *For the Breast of Us* gave

#BreastCancerBaddies the opportunity to go #Naked4BC and be the women they once searched for after their breast cancer diagnosis. And more than simply sharing photos of their bodies, these Baddies are sharing the often overlooked aspect of breast cancer journeys: the impact of cancer on their body image and sense of self. It is our hope that women of color affected by breast cancer will be inspired, encouraged and validated as they explore images and personal experiences of these incredible women.
