Get the full story behind the Red Special, Brian May's hand-built guitar--a unique instrument that helped make May's musical dreams come true. In 1963, Brian May and his father Harold started to build the Red Special--an electric guitar meant to outperform anything commercially made. Here, Brian talks about of his one-of-a-kind instrument, from its creation on. He played it on every single Queen album and during the band's amazing shows: the roof of Buckingham Palace, Live Aid, the closing ceremony of the London 2012 Olympics . . . and beyond. Along with original diagrams, sketches, and notes, May has included a great selection of photographs of himself with the guitar--which

At a time when we are constantly being asked to retrain and reinvent ourselves to adapt to new technologies and changing industries, this book shows us how we can uncover and develop talents we didn't realize we had—no matter what our age or background. We're often told to "follow our passions." But in Mindshift, Dr. Barbara Oakley shows us how we can broaden our passions. Drawing on the latest neuroscientific insights, Dr. Oakley shepherds us past simplistic ideas of "aptitude" and "ability," which provide only a snapshot of who we are now—with little consideration about how we can change. Even seemingly "bad" traits, such as a poor memory, come with hidden advantages—like increased creativity. Profiling people from around the world who have overcome learning limitations of all kinds, Dr. Oakley shows us how we can turn perceived weaknesses, such as impostor syndrome and advancing age, into strengths. People may feel like they're at a disadvantage if they pursue a new field later in life; yet those who change careers can be fertile cross-pollinators: They bring valuable insights from one discipline to another. Dr. Oakley teaches us strategies for learning that are backed by neuroscience so that we can realize the joy and benefits of a learning lifestyle. Mindshift takes us

Sonichu #0 is the first issue of Christian Weston Chandler's magnum opus. At this initial stage, the comic was almost entirely about Sonichu and Rosechu, although bits of Chris's life still managed to find their way in. The "hand-drawn premiere issue" is a special zero issue. In the comics industry, zero issues are used as either a sales-enhancing gimmick (Image Comics is a notable user of this) or a special preview of work that will not truly begin until issue #1. Given that it previews nothing, which one Chris was going for is probably the former, though given that it's not legally able to be sold, it fails even that. The comic consists of Sonichu's first three adventures. In "Sonichu's Origin", the core cast of the series is introduced as Sonichu and Rosechu are created. Then, in "Genesis of the Lovehogs", the two protagonists meet and immediately fall in love. Finally, in "Sonichu vs. Naitsirhc", our yellow hero does battle with his first real villain, who but foreshadows the challenges awaiting the hedgehogs in the following issue. Bonus material in Sonichu #0 includes various advertisements for imaginary Sonichu products, "classic" Sonichu comic strips drawn outside of the narrative of the main comic book, and the first "Sub-Episode".

guitar connoisseur? You simply can't get any more knowledgeable than Jim Donahue. His Guitar shop "NoahJames Guitars/Leader Music Inc. is just minutes outside of Philadelphia Pennsylvania and was founded in 2003. Jim, however, has been in the Guitar biz for over 30 years now and has gained quite a reputation for himself! One of the area's most dexterous in terms of Guitar knowledge and "know how." Graduating as a music major at Bucks County Community college, he started out in 1984 and got his start working his way up through the ranks at Hoshino USA, the makers of Ibanez Guitars located in Bensalem, PA. While at Ibanez Jim became the USA main guitar designer and custom builder. He was also the overseas purchaser. Part of his job included studying the market and designing new models in terms of current trends and analyzing new market areas. He worked with the artists endorsed and designed models to fit their specific needs. Jim has an impressive resume of artists he had done work for. He has built and designed custom guitars for Steve Vai, Joe Satriani, George Benson, Paul Gilbert, Larry Mitchell, John Petrucci, Andy Timmons, Gerald Veasley, Gary Willis, Jon Finn, and many other Ibanez endorsers past and present. He marketed new products to the buyers at Guitar Center, Musicians Friend, Sam Ash, Music 123, and Brook Mays. Some of these designs included guitar designs for Ibanez include Y2KDNA, Crystal

Planet, GB Mask, and Artcore. SA series, EDC Bass, EDB Bass, Talman series, USRG series, RG Series, USATK Series, Seven string jazz guitar, Seven string acoustic guitar, current Artist series, Blazer series. He made 3D Cad drawings and spent much time traveling overseas to Asia where he also learned to speak basic Korean and Japanese. If you think that wasn't enough to keep him busy during the Ibanez years, Jim rolled up his sleeves and sunk his teeth into writing a fabulous book for Ibanez entitled "Ibanez the Untold Story" which was published in 2004. There was so much work, research, and thought that went into that thick hard bound impressive book! A total must have for any Ibanez owner. Throughout 1994-2003 Jim also was responsible for the layout, models and detail of the Ibanez guitar catalogs. Taking this knowledge with him has aided in the magnificent catalogs he now produces for his own guitar manufacturing company! In 2002 Jim then published "Guitars: Design, Production and Repair," which has been very successful! Jim has also written and work published in Korean Guitar magazine called "Rockit." He had a section in tremolos' In Dan Erlewins "How to Make Your Electric Guitar Play Great." For the Philadelphia Chapter of the Arts, he was called upon to speak at numerous seminars. He is also a consultant for various musical instrument websites. Jim is a family man in his spare time. He spends time with his

two sons Noah and Evan who are close in age. He and his wife Jen also enjoy doing home improvements and just got done laying a new hardwood floor throughout their home in Bucks County, PA. It doesn't seem that Jim can stay away from working with wood at work or during his down time! Get Guitars: Design, Production, and Repair - TODAY!

An exploration of musical harmony from its ancient fundamentals to its most complex modern progressions, addressing how and why it resonates emotionally and spiritually in the individual. W. A. Mathieu, an accomplished author and recording artist, presents a way of learning music that reconnects modern-day musicians with the source from which music was originally generated. As the author states, "The rules of music--including counterpoint and harmony--were not formed in our brains but in the resonance chambers of our bodies." His theory of music reconciles the ancient harmonic system of just intonation with the modern system of twelve-tone temperament. Saying that the way we think music is far from the way we do music, Mathieu explains why certain combinations of sounds are experienced by the listener as harmonious. His prose often resembles the rhythms and cadences of music itself, and his many musical examples

allow readers to discover their own musical responses.

Do not be unequally yoked together with unbelievers. For what fellowship has righteousness with lawlessness? And what communion has light with darkness?-2 Corinthians 6:14 From the beginning, Satan has declared war on the family. But now, Satan is stepping up his attack on the family to bring it down--with the help of Christian women. Satan has found that the best way for him to destroy the family is to start from its formation--by getting Christian women to date and marry men who are not true brothers in the Lord. In this endeavor, Satan is succeeding big time, and will continue to do so, unless Christian women everywhere wake up and realize what is happening. They also need to recognize who they are, and why they should not settle for anything less than a man who is a true brother in the Lord. This book will help in that endeavor, as well as expose Satan's plan for Christian women everywhere. Topics covered in this book include: - Reasons why Christian women choose to date and marry unsaved men. - The consequences Christian women will suffer for pursuing unsaved men. - The consequences their children and future husbands will suffer as well. - How Christian women

---

misuse the Gospel of Jesus while dating unsaved men.  
- The excuses Christian women give to justify their disobedience. - How to heal from past ungodly relationships. - How to be the woman that a Christian man will want to pursue. (Book). Every guitarist dreams of owning a handmade instrument, but for most, the cost is likely to be prohibitive. The alternative building your own fine guitar is not as difficult as you might imagine, given some skill, patience, and the expert guidance of a master luthier. Every step of construction is fully covered, from choice, selection, and preparation of woods, to consideration of size, bracing, and tonal qualities. Each step of the building sequence is clearly photographed in color, with variations to the standard design shown to enable you to personalize your instrument as you make it. Briston, England-based Jonathan Kinkead has been building guitars for nearly 30 years. His craft is born out of experience and intuition rather than a strict following of technical detail. The resulting beauty of form and distinctive tone have earned him his reputation as one of the world's most respected independent luthiers.

A Casual Revolution Profile Books

To the untrained eye, married antiques dealers Bonnie and Vivien have grown to become almost identical over the years. However, Vivien secretly struggles to retain her own diminishing identity, as she increasingly defers to Bonnie's actions and attitudes. When Vivien spends a dreamy afternoon wandering the countryside without Bonnie, she rediscovers her independence in a secret hiding place, piquing her partner's fear and jealousy. But ultimately it is their shared passion - and an act of criminality - which brings them back together. Part of the Storycuts series, this story was previously published in the collection *The Atmospheric Railway*.

This book focuses on the key elements of the Django Reinhardt Gypsy jazz or jazz Manouche guitar style. The information revealed here was gleaned from years of experience jamming with French Gypsies and studying with masters of the style. A native of France, Stephane Wrembel acquired his skills entirely by ear and has taught scores of musicians worldwide using the method that appears here in text and notation for the first time.

Written in English, German and French with all musical examples in standard notation and tablature, Wrembel conveys his knowledge in a logical step by step manner, exposing the reader to the authentic Manouche style as it continues to evolve in France and Holland. Medium to advanced in difficulty, this method is designed for the guitarist who is already familiar with jazz harmony and note locations on the fretboard.
