year-old Vidya dreams of attending college. But when her forward-thinking father is beaten senseless by the British police, she is forced to live with her grandfather's large traditional family, where the women live apart from the men and are meant to be married off as soon as possible. Vidya's only refuge becomes her grandfather's upstairs library, which

is forbidden to women. There she meets Raman, a young man also living in the house who relishes her intellectual curiosity. But when Vidya's brother makes a choice the family cannot condone, and when Raman seems to want more than friendship, Vidya must question all she has believed in.
