A marketing director's story

of working at a startup called Google in the early days of the tech boom: "Vivid inside stories . . . Engrossing" (Ken Auletta). Douglas Edwards wasn't an engineer or a twentysomething fresh out of school when he received a job offer from a small but growing search engine company at the tail end of the 1990s. But founders Larry Page and Sergey Brin needed staff to develop the brand identity of their brainchild, and Edwards fit the bill with his journalistic background at the San Jose Mercury News, the newspaper of

Silicon Valley. It was a change of pace for Edwards, to say the least, and put him in a unique position to interact with and observe the staff as Google began its rocket ride to the top. In entertaining, self-deprecating style, he tells his story of participating in this moment of business and technology history, giving readers a chance to fully experience the bizarre mix of camaraderie and competition at this phenomenal company. Edwards, Google's first director of marketing and brand management, describes the idiosyncratic evolution of the famously nonhierarchical structure in which every employee finds a problem to tackle and works independently, the races to develop and implement each new feature, and the many ideas that never came to pass. I'm Feeling Lucky reveals what it's like to be "indeed lucky, the sort of an accidental millionaire, a reluctant bystander in a sea of computer geniuses who changed the world. This is a rare look at what happened inside the

Google's stumbles and rise What is an authentic purpose of a man's life
with verve and humor and a today? What does manhood have to do with
generosity of spirit. He kept purpose? How does a man discern the call of
me turning the pages of this purpose? This is a book about the

psychospiritual path to a meaningful, healthy and fulfilling manhood. It is written for any man who is starting to question his life's purpose. It is written for the man who, as he is climbing the ladder of success, is starting to realize that the ladder is on the wrong wall. Toward Manhood is about the inevitable crisis of meaning and life direction that most men in modern culture will ultimately face. This book is based on psychological and spiritual principles lost in the modern Western world that still endure after thousands of years. Using archetypal puberty initiation rituals that have always led toward a purposeful life Toward Manhood translates this indigenous practice into a modern understanding of healthy psychological and spiritual maturity. The old and the new come together in this book to create a modern model of manhood that is worthy of the inner pain and struggle it takes to brave the wilderness of the soul's identity.

The Law of Financial Success Edward W. Robertson

Xenophon gives us an alternative to Plato's accounts of the lessons of Socrates. As you probably know if you are reading this, Socrates left nothing behind by way of written teachings. All we know of the great philosopher's teachings come from the accounts of his students. Xenophon's version (Memorabilia of Socrates) is stylistically different from Plato's dialogues (e.g. Euthyphro, Apology, Crito, and Phaedo), though Socrates' wisdom and method (questioning) remain consistent. This book chronicles the true adventure of a loose-

knit confederation of daring bandits originating from the infamous Cookson Hills of Eastern Oklahoma who terrorized the Arkansas-Oklahoma borderlands for more than a half decade following the close of the First World War. This Account, which takes place in the "Roing '20s." is meant to serve as a prelude to the author's first book, *The Bad Boys of the Cookson Hills*, which chronicles the activities of another band of outlaws who launched a prolific series of attacks on nearly two-dozen banks in Kansas, Oklahoma, Nebraska, and Arkansas during the 1930s depression era. This second "Cookson Hills Gang" was headquartered in the same geographic area as the earlier version noted in this narrative and some of the characters involved with the original outfit were active members of the latter group.

This true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-

worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own

self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

In *Independent Ed*, Edward Burns shares the story of his two remarkable decades in the film industry. At the age of 25 Burns produced his first film, *The Brothers McMullen* (1995), on a tiny budget. It went on to win the Grand Jury Prize at the Sundance Film Festival in 1995. Since then, aspiring film makers have sought his advice. This entertaining and inspirational memoir tells readers how he managed to secure financing and how he found stars on the way up, as well as sharing his work methods. A must-read for movie fans, film students and everyone who loves a gripping tale.

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's

historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.

The comprehensive 2005 study of rituals in early modern Europe argues that between about 1400 and 1700 a revolution in ritual theory took place that utterly transformed concepts about time, the body, and the presence of spiritual forces in the world. Edward Muir draws on extensive historical research to emphasize the persistence of traditional Christian ritual practices even as educated elites attempted to

privilege reason over passion, textual interpretation over ritual action, and moral rectitude over gaining access to supernatural powers. Edward Muir discusses wide ranging themes such as rites of passage, carnivalesque festivity, the rise of manners, Protestant and Catholic Reformations, the alleged anti-Christian rituals of Jews and witches. This edition examines the impact on the European understanding of ritual from the discoveries of new civilizations in the Americas and missionary efforts in China and adds more material about rituals peculiar to women.

The Creature from Jekyll Island Edward W. Robertson

In the year 2010, an alien virus nearly wiped out the human race. A thousand years later, mankind has recovered and ventured into space. There has been no sign of the aliens since. Humanity remains confined to the Solar System. All that is about to change. Mazzy Webber is a lowly janitor on a third-rate cargo ship. Deeply in debt, when

his captain decides to turn pirate, he leaps at the chance. A modern Robin Hood—minus the part where he gives back to the poor—Webber lays down a few ground rules. No attacking manned ships, and no stealing from anyone who can't afford it. Within months, he and the crew are out of debt. Their next target will make them rich. But the attack goes all wrong. The target's cargo could be the death of them—or it could be the key to reaching the stars. ~ From the author of the bestselling BREAKERS novels, OUTLAW is the first book in a new series of piracy, conspiracy, and space's deadliest janitor.

In the early 21st century, an alien attack drove humanity to the brink of extinction. A thousand years after their defeat, the aliens haven't been seen since. Rada Pence has spent the last three years driving carts for an independent mining crew. Most likely, that's how she'll die, too. Then, deep beneath the ice of a

Neptune moon, her crew discovers a long-lost ship. If it's from Earth's first space age, it would be worth millions. When they dig down to it, they discover it's not human—it's alien. The discovery is priceless. But as they extract it from the ice, pirates slaughter the mining crew and steal the vessel. Left for dead, Rada vows to reclaim the ship and avenge her friends. But before that, she'll have to escape the moon—and she has mere hours until her air runs out.

The Hive has survived their first fleet action against FinnTech. But in the process, they've lost the Hive itself. With their manufacturing base in Finn's hands, it's only a matter of time before they're outnumbered and destroyed. As Rada searches for a path to victory, she stumbles on a horrifying secret: the aliens who've kept humanity confined to the Solar System are about to make their move. To

stand against the coming threat, the Hive will have to bring FinnTech to the peace table. If they fail to stop the fighting, no matter who wins the battle for the Solar System, they'll lose the war for survival.

Ritual in Early Modern Europe Red Room Press
In New York, Walt Lawson is about to lose his girlfriend Vanessa. In Los Angeles, Raymond and Mia James are about to lose their house. Within days, none of it will matter. When Vanessa dies of the flu, Walt is devastated. But she isn't the last. The virus quickly kills billions, reducing New York to an open grave and LA to a chaotic wilderness of violence and fires. As Raymond and Mia hole up in an abandoned mansion, where they learn to function without electricity, running water, or neighbors, Walt begins an existential walk to LA, where Vanessa had planned to move when she left him. He expects to die along the

way. Months later, a massive vessel appears above Santa Monica Bay. Walt is attacked by a crablike monstrosity in a mountain stream. The virus that ended humanity wasn't created by humans. It was inflicted from outside. The colonists who sent it are ready to finish the job--and Earth's survivors may be too few and too weak to resist. ~ Breakers is the first book in the finished BREAKERS series. The trouble from which great events were to come began when Everard Dominey, who had been fighting his way through the scrub for the last three quarters of an hour towards those thin, spiral wisps of smoke, urged his pony to a last

despairing effort and came crashing through the great oleander shrub to pitch forward on his head in the little clearing. It developed the next morning, when he found himself for the first time for many months on the truckle bed, between linen sheets, with a cool, bamboo-twisted roof between him and the relentless sun. He raised himself a little in the bed. "Where the mischief am I?" he demanded. A black boy, seated cross-legged in the entrance of the banda, rose to his feet, mumbled something and disappeared. In a few moments the tall, slim figure of a European, in spotless white riding clothes, stooped down and came over to Dominey's side.

Erdelac, and David James Keaton as they unleash the carnage while breathing new life, and death, into the zombie genre. FANGORIA MAGAZINE REVIEW "As the book 's title indicates, DEADCORE achieves all extremes. Violent, perverse, depraved—and, as such, quite recommended." THE STORIES DEAD JUJU BY RANDY CHANDLER He's the mystery man on the news. Where he shows up, the shit goes down. The dead are rising, the immigration issue has reached the boiling point, the living are screwed, and

unspeakable acts are being performed upon all involved. In this tale of *Zombies Gone Wild*, yes the dead walk but just where the hell are they going and why? *Dead Juju* gives you the hardcore truth, if you're ghoul enough to handle it. *NIGHT OF THE JIKININKI* BY EDWARD M.

ERDELAC After a comet is observed in the western sky of feudal Japan, a murdered inmate rises from the dead and attacks his fellow prisoners. Three disparate men: a casteless bandit, a mad, child-eating monk, and a renowned but sadistic samurai band together to escape the walled and moat-surrounded prison as it fills with the walking and ravenous dead. *ZEE BEE & BEE* (A.K.A. *PROPELLER HATS FOR THE DEAD*) BY DAVID JAMES KEATON At a "Zombie Bed & Breakfast" tourist trap, guests pay for the thrill of a staged zombie assault during an apocalyptic scenario, acted out by sluggish hotel workers who

are well-versed in the zombie genre. But soon the script doesn't go as planned, the guests become uncooperative, and the actors are taking their roles very seriously these days. *ZOMBIE SAFARI* BY BEN CHEETHAM Survivors of a zombie apocalypse have carved out new existences on islands, only visiting the mainland to hunt zombies. But things start to go wrong. Zombies don't die as they should. Hunters go missing. A trip that's supposed to be fun turns into a struggle for survival as four men make a discovery that causes them to question not only what it means to be a zombie, but what it means to be human.

David T. Riley dreamt big. His desire to be a superstar recording artist led the adolescent hoodlum into the fringes of organized crime. Ironically though, it was a failed extortion attempt at the Coral Gables bus station that landed him in jail where he found his calling in June of 1960. When the CIA needed recruits to carry out dangerous spying missions to Cuba, their Ivy League educated agents would rather not do themselves, they found Riley languishing in a light green jumpsuit in Miami Dade County Jail awaiting

trial. Street-smart, confident to the point of being cocky and extremely intelligent, the Agency believed he'd be able to talk his way out of any situation. Trained by the Feds to operate in a complex world of international crime, David became one of the Agency's top operatives. The CIA's use for him eventually waned, and with skills learned through covert work, Riley afforded himself an extensive career in gunrunning, drug dealing, fraud and embezzlement.
