The deep sea is an environment completely unfriendly to mankind; it represents one of the least explored areas on Earth. Pressures in the mesopelagic zone become too great for traditional exploration methods, demanding alternative approaches for deep sea research. What is beneath the depths of the sea?

Featuring award-winning authors including Deborah Sheldon, Liz Butcher, Gerry Huntman, and more!

An Interview With Lucifer Lyle Stuart

David T. Riley dreamt big. His desire to be a superstar recording artist led the adolescent hoodlum into the fringes of organized crime. Ironically though, it was a failed extortion attempt at the Coral Gables bus station that landed him in jail where he found his calling in June of 1960. When the CIA needed recruits to carry out dangerous spying missions to Cuba, their Ivy League educated agents would rather not do themselves, they found Riley languishing in a light green jumpsuit in Miami Dade County Jail awaiting trial. Street-smart, confident to the point of being cocky and extremely intelligent, the Agency believed he'd be able to talk his way out of any situation. Trained by the Feds to operate in a complex world of international crime, David became one of the Agency's top operatives. The CIA's use for him eventually waned, and with skills learned through covert work, Riley afforded himself an extensive career in gunrunning, drug dealing, fraud and embezzlement. SMOOTH CRIMINAL, A One-Man American Crime

Wave exposes how the Government's secret release of criminals to conduct dangerous overseas assignments backfires when they return home.

This book chronicles the true adventure of a loose-knit confederation of daring bandits originating from the infamous Cookson Hills of Eastern Oklahoma who terrorized the Arkansas-Oklahoma borderlands for more than a half decade following the close of the First World War. This Account, which takes place in the "Roing '20s." is meant to serve as a prelude to the author's first book, *The Bad Boys of the Cookson Hills*, which chronicles the activities of another band of outlaws who launched a prolific series of attacks on nearly two-dozen banks in Kansas, Oklahoma, Nebraska, and Arkansas during the 1930s depression era. This second "Cookson Hills Gang" was headquartered in the same geographic area as the earlier version noted in this narrative and some of the characters involved with the original outfit were active members of the latter group.

The Bandit Kings of the Cookson Hills Edward W. Robertson

Dante Galand is young. Penniless. Alone. But devoted to learning the dark magic of his world. His quest will take him from the city gutters to a foreign land of sorcerers. To a war for independence. And finally, to another war—this time, for his people's very survival. A USA Today bestselling series, *THE CYCLE OF ARAWN* is a complete trilogy of 1600 pages—more than half a million words of strife, civil war, friendships made and broken, and one man's obsession to become the greatest sorcerer since the days of the gods.

Canon EOS Rebel SL3 Independently Published

The comprehensive 2005 study of rituals in early modern Europe argues that between about 1400 and 1700 a revolution in ritual theory took place that utterly transformed concepts about time, the body, and the presence of spiritual forces in the

world. Edward Muir draws on extensive historical research to emphasize the persistence of traditional Christian ritual practices even as educated elites attempted to privilege reason over passion, textual interpretation over ritual action, and moral rectitude over gaining access to supernatural powers. Edward Muir discusses wide ranging themes such as rites of passage, carnivalesque festivity, the rise of manners, Protestant and Catholic Reformations, the alleged anti-Christian rituals of Jews and witches. This edition examines the impact on the European understanding of ritual from the discoveries of new civilizations in the Americas and missionary efforts in China and adds more material about rituals peculiar to women.

In New York, Walt Lawson is about to lose his girlfriend Vanessa. In Los Angeles, Raymond and Mia James are about to lose their house. Within days, none of it will matter. When Vanessa dies of the flu, Walt is devastated. But she isn't the last. The virus quickly kills billions, reducing New York to an open grave and LA to a chaotic wilderness of violence and fires. As Raymond and Mia hole up in an abandoned mansion, where they learn to function without electricity, running water, or neighbors, Walt begins an existential walk to LA, where Vanessa had planned to move when she left him. He expects to die along the way. Months later, a massive vessel appears above Santa Monica Bay. Walt is attacked by a crablike monstrosity in a mountain stream. The virus that ended humanity wasn't created by humans. It was inflicted from outside. The colonists who sent it are ready to finish the job--and Earth's survivors may be too few and too weak to resist. ~ Breakers is the first book in the finished BREAKERS series. For fans of The Stand, Hugh Howey, and Justin Cronin. Keywords: free, freebie, sci fi, post apocalyptic, post apocalyptic fiction, action, adventure, dystopian, aliens, science fiction series

T.E. Lawrence (1888 - 1935), known as "Lawrence of Arabia" was a British archaeologist, army officer, and writer. Seven Pillars of Wisdom is an autobiographical account of his participation in the Arab Revolt. The illustrations and maps are included in this version.

Anemone Enemy Edward W. Robertson

Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing Rural Rides, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

The Descendants of Matthew 'the Rebel' Rhea of Scotland and Ireland Avery

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the

occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, Orientalism remains one of the most important books written about our divided world.

The Importance and Value of Proper Bible Study Edward W. Robertson

A marketing director's story of working at a startup called Google in the early days of the tech boom: "Vivid inside stories . . . Engrossing" (Ken Auletta). Douglas Edwards wasn't an engineer or a twentysomething fresh out of school when he received a job offer from a small but growing search engine company at the tail end of the 1990s. But founders Larry Page and Sergey Brin needed staff to develop the brand identity of their brainchild, and Edwards fit the bill with his journalistic background at the San Jose Mercury News, the newspaper of Silicon Valley. It was a change of pace for Edwards, to say the least, and put him in a unique position to interact with and observe the staff as Google began its rocket ride to the top. In entertaining, self-deprecating style, he tells his story of participating in this moment of business and technology history, giving readers a chance to fully experience the bizarre mix of camaraderie and competition at this phenomenal company. Edwards, Google's first director of marketing and brand management, describes the idiosyncratic Page and Brin, the evolution of the famously nonhierarchical structure in which every employee finds a problem to tackle and works independently, the races to develop and implement each new feature, and the many ideas that never came to pass. I'm Feeling Lucky reveals what it's like to be "indeed lucky, sort of an accidental millionaire, a reluctant bystander in a sea of computer geniuses who changed the world. This is a rare look at what happened inside the building of the most important company of our time" (Seth Godin, author of Linchpin). "An affectionate, compulsively

readable recounting of the early years (1999–2005) of Google . . . This lively, thoughtful business memoir is more entertaining than it really has any right to be, and should be required reading for startup aficionados.” —Publishers Weekly, starred review “Edwards recounts Google’s stumbles and rise with verve and humor and a generosity of spirit. He kept me turning the pages of this engrossing tale.” —Ken Auletta, author of Greed and Glory on Wall Street “Funny, revealing, and instructive, with an insider’s perspective I hadn’t seen anywhere before. I thought I had followed the Google story closely, but I realized how much I’d missed after reading—and enjoying—this book.” —James Falls, author of China Airborne

A motley crew of saboteurs wreak outrageous havoc on the corporations destroying America’s Western wilderness in this classic, comic extravaganza. When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn’t just

getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke’s ready to stick it to the Man in the most creative ways imaginable. By the time they’re done, there won’t be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah.

Edward Abbey’s most popular novel, *The Monkey Wrench Gang* is an outrageous romp with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurtry (*Lonesome Dove*) once dubbed “The Thoreau of the American West” has written a true comedic classic with brains, heart, and soul that more than justifies the call from the *Los Angeles Times Book Review* that we should all “praise the earth for Edward Abbey!”

American Media (CA)

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her

emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you"; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

through the scrub for the last three quarters of an hour towards those thin, spiral wisps of smoke, urged his pony to a last despairing effort and came crashing through the great oleander shrub to pitch forward on his head in the little clearing. It developed the next morning, when he found himself for the first time for many months on the truckle bed, between linen sheets, with a cool, bamboo-twisted roof between him and the relentless sun. He raised himself a little in the bed. "Where the mischief am I?" he demanded. A black boy, seated cross-legged in the entrance of the banda, rose to his feet, mumbled something and disappeared. In a few moments the tall, slim figure of a European, in spotless white riding clothes, stooped down and came over to Dominey's side.

Hi My Name Is Cj Edward W. Robertson

The trouble from which great events were to come began when Everard Dominey, who had been fighting his way
